Change Order: CY-2022 Combined Sewer System Pipe Rehabilitation and Replacement

BACKGROUND

- A. Subterra Construction, Inc. was authorized to perform construction services for the CY 2022 CSS Pipe Rehabilitation and Replace (R&R) Project by City Agreement No. 2022-0968.
- B. Change Order No. 1 is needed to compensate the Contractor for performing additional work to remove and replace the combined sewer main and water main on 39th Street between Broadway and Boyle Court, the combined sewer main on Boyle Court, and the separated sewer main on Myrtle Vista Avenue between Valley Brook Avenue and Branwood Way. The scope of work in this Change Order is consistent with the original scope of work because it includes, but is not limited to, removal and replacement of the sewer main by method of open trench; removal and installation of new sewer manholes; the rehabilitation of existing manholes; reconnection of sewer services; backfill; asphalt paving; and all other work necessary to complete the project.
- C. Change Order No. 1 will be in the amount of \$563,183, which will include \$150,620 for the water main replacement and \$412,563 for the wastewater improvements.
- D. There is sufficient funding in the project budget to fund the wastewater portion of the project, however a budget augmentation of \$150,620 from the Distribution Main Rehabilitation Program (Z14130400, Water Fund 6005) is required to provide sufficient funds for the water main replacement to the 2022 CSS Pipe R&R (X14170100, Water Fund 6005) project to properly accommodate for the water main replacement in this project.
