Description/Analysis

Issue Detail: City of Sacramento committees regularly have a standing item with an Agenda Log to organize and track items that will be considered in the future. This Agenda Log details each item and provides an estimate on when staff expects to bring the item back to the committee. Staff invites Committee members to add new items to or remove items from the Log, as needed, at each meeting during *Committee Member Comments - Ideas and Questions*.

In order to achieve that efficiency, the Measure U Committee needs to have a discussion prioritizing its topics of conversation for future meetings and memorialize those topics and the dates for their discussion in the Log, subject to subsequent amendment.

Policy Considerations: Council Rules of Procedure, Rule 17.B.1, provides that Committee members may request items under the Committee's purview for inclusion on a future agenda by orally making the request during the Ideas and Questions portion of a meeting; those requests then appear on a log that is presented to the Committee on the Consent Calendar of each regular meeting.

City Council Resolution 2018-0393 adopted October 2, 2018 outlines purpose and the powers and duties of the Measure U Committee; specifically, to ensure that the expenditures of City resources reflect Council and community priorities, the committee shall review, report, and make non-binding recommendations on revenue and expenditures of certain funds from the Transactions and Use Tax (Sacramento City Code chapter 3.27.).
