Issue Detail: The City Charter, Article IX Section 111, requires the City Manager to deliver budget recommendations no later than 60 days prior to the start of the new fiscal year. The City Manager’s FY2021/22 Proposed Budget (Budget) was released on April 21, 2021 and is available at http://www.cityofsacramento.org/finance/budget.

The Budget was presented to the Budget and Audit Committee on May 11, 2021. The Budget was presented to the Council during afternoon and evening hearings held on May 18, 2021, and May 25, 2021. The public provided comments to the Council at each of the public hearings. The following summarizes the changes recommended as part of the budget presentations through May 25, 2021:

Resolution Changes: As discussed during the budget hearings, additional authority is needed to carry out Council direction and intent to manage the budget process. The following outlines the changes discussed, and the authority recommended to be included in the Budget Resolution.

American Rescue Plan (ARP): As discussed at prior budget hearings, the City received half of the anticipated $112 million, or $56.2 million, of ARP funding on May 19, 2021. According to the federal legislation, the remaining funds will be delivered 12 months after the first disbursement. As soon as guidelines are available for eligible uses, staff will prepare a report for Council consideration. A new fund is recommended to properly account for and report on the ARP funding.
Section 1.10: The City Manager is authorized to establish the Federal ARP Fund (Fund 2705) effective May 19, 2021.

4th R Program: The 4th R Program was significantly impacted by Coronavirus Disease 2019 pandemic (pandemic) due to school closures and social distancing requirements. As such, the 4th R Fund is projecting a year-end deficit. Additionally, the 4th R program revenues budgeted in FY2021/22 were based on minimal school site openings beginning in late summer 2021. With the lifting of pandemic restrictions, it appears that most, if not all, school sites will be open and enrollment in 4th R will increase. To ensure that program funding is budgeted appropriately, and that the 4th Fund is not negatively impacted, the following additional budget authority is recommended.

Section 1.11: The City Manager is authorized to transfer available General Fund (Fund 1001) resources in the Youth, Parks and Community Enrichment Department on June 30, 2021, to address year-end shortfalls in the 4th R Fund (Fund 6012).

Section 17.2(H): Adjust the 4th R Fund (Fund 6012) revenue and expenditure budgets as needed to deliver programs, based on actual revenues received.

Capital Improvement Program (CIP) – Equity Lens: In the City’s continuing efforts to address equity across our communities. Council recommended that the City develop and begin using an equity lens in development of the annual CIP Budget and the five-year CIP. In order to develop an equity review tool, Council will need to adopt a shared definition of equity in coordination with the community, develop associated outcomes and measures, and create and adopt an Equity Resolution. The CIP equity lens should: 1) establish a methodology for assessing the influence of various kinds of CIP investments to neighborhoods; and 2) track these investments across different measures of equity over time. The following language is recommended for addition to the Resolution to reflect Council’s intent moving forward.

Section 10.2 (all other numbers in Section 10 have been changed): The City Manager shall begin using an equity lens in the development of the CIP Budget and five-year plan (as soon as practical) after development of a shared definition of equity in coordination with the community, development of associated outcomes and measures and Council’s creation and adoption of an Equity Resolution.
The Budget Resolution has been amended to include the additional authority outlined above.

**Budget Hearings:** The Council is scheduled to adopt the FY2021/22 Budget on June 15, 2021.

**Policy Considerations:** The Budget is balanced and reflects the Council’s adopted Budget Policies and Guidelines with a focus on long-term sustainability. The Budget includes continued resources for Council priorities related to inclusive economic development, youth, public safety, homelessness, and essential core services. However, even with the benefits these investments provide, the City as a matter of policy, must remain focused on efforts to right-size the organization and our operations to achieve budget sustainability *(ongoing expenditures below ongoing revenues)* over the long-term.

**Economic Impacts:** Not applicable.

**Environmental Considerations:**

**California Environmental Quality Act (CEQA):** This report concerns administrative activities that will not have a significant effect on the environment and that do not constitute a “project” as defined by the CEQA Guidelines Sections 15061(b)(3); 15378(b)(2) and are not subject to the provisions of CEQA (CEQA Guidelines 15060(c)(2)(3)). CEQA review for any project, which utilizes funds allocated under the FY2020/21 CIP budget, has been or will be performed in conjunction with planning, design, and approval of each specific project as appropriate.

**Sustainability:** None.

**Commission/Committee Action:** Sacramento City Code Section 17.912.010 requires the Planning and Design Commission to review the City’s five-year CIP for consistency with the City’s General Plan and to report its findings to the City Council. The Commission met on May 13, 2021 and determined that the 2021-2026 CIP is consistent with the City’s General Plan.

On May 11, 2021, the Budget and Audit Committee received an overview of the Budget and forwarded the Budget to the full Council for consideration.

**Rationale for Recommendation:** In response to the impact of the pandemic, the City’s budget is reflective of a status quo budget with minimal, and strategic initiatives. There are sufficient one-time and ongoing resources to support the activities presented in the Budget.

**Financial Considerations:** The following forecast reflects the Budget as submitted with all adjustments discussed with Council during the budget hearings:
The uncommitted balance of the HTF as of June 2, 2021 is approximately $14.32 million and reflects actions taken by Council to date and the $680,000 for the Women and Children’s Shelter included in Council’s direction.

Enterprise and Other Funds: The City’s enterprise and other funds are included in the Budget. On May 18, 2021, Council authorized $2.2 million in expenditure changes in the Water Fund in the current fiscal year. As such, the Water Fund forecast has been updated to reflect this change.

RESOLUTION NO 2020-

Adopted by the Sacramento City Council

June 15, 2021

Applying the Fiscal Year 2021/22 Operating and Capital Improvement Program Budgets

BACKGROUND

A. Article IX, section 111, of the City Charter requires the City Manager to present a balanced budget to the Mayor and City Council no less than 60 days before the beginning of each fiscal year.

B. The City of Sacramento, through the leadership and direction of the Mayor and City Council, has maintained a sustainable budget philosophy. Given this concept of fiscal sustainability, the City Council adopted the following core budget policies and budget guidelines on February 14, 2017 (Resolution 2017-0078):

Core Budget Policies

1. City Council must adopt a balanced budget.

2. Funding decisions should be consistent with Council-adopted policies.

3. The Economic Uncertainty Reserve shall be maintained at a minimum of 10% of budgeted General Fund revenues. Resources must be added to maintain this level through the budget and midyear processes, as necessary.

Budget Guidelines

1. Maintain a fiscally sustainable, balanced budget.

2. The Mayor and Council’s priorities, based on community input, should drive the budget creation.

3. Continue a community-based budget process where city residents are engaged and educated on budget processes and provide feedback on budget priorities.

4. Look for ways to grow the reserve beyond its current goal.

5. All budget actions must be considered in a five-year context, with new revenues not counted or spent until realized. One-time resources should be used for one-time needs, not ongoing expenses.

6. Do not make spending decisions in isolation. Avoid spending money on one-off projects or without looking at the big picture. Understand long-term consequences and opportunity costs.
7. Keep City Council informed on the fiscal condition of the City and conduct continuous evaluations for efficiencies and effectiveness.

8. The City must consistently look for opportunities to proactively grow revenues instead of simply being reactive.

9. Make every effort to identify private financing or federal and state grant opportunities before using City resources. Pursue new and enhance existing revenue sources.

10. Before new expenditures are made, identify return on investments and impacts, fiscal and social benefits.

11. Address unfunded long-term liabilities.

12. Remain a full-service City.

C. On June 11, 2019, the City’s Economic Uncertainty Reserve (EUR) Policy was amended to include Measure U resources in determining the amount to be set aside in reserves (Resolution 2019-0248) as directed by the City Council on February 5, 2019 (Resolution 2019-0047).

D. The FY2021/22 Approved Budget (which includes the Operating Budget and the Capital Improvement Program [CIP] Budget) are consistent with City Charter requirements and the City Council’s adopted Core Budget Policies and Budget Guidelines.

E. The Mayor and City Council conducted budget discussions during May and June 2021 to discuss and consider the City’s FY2021/22 Budget.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

**Section 1. Preliminary Matters.**

1.1. The Budget changes attached as Exhibit A, the Summary of FTE attached as Exhibit B, and the Measure U Programming attached as Exhibit C are hereby approved.

1.2. The FY2021/22 Operating and CIP Budgets (collectively the Approved Budget), as defined in section 3.1 below, and attached as Exhibit D and E are hereby approved.

1.3. The 2021-2026 CIP, which provides a comprehensive five-year plan for the City’s capital project expenditures and attached as Exhibit E is hereby approved.

1.4. Sections 2 through 20 below, which define the authority and responsibilities of the City Manager in implementing the Approved Budget, are hereby approved.

1.5. The City Manager is authorized to incorporate final decisions of the City Council, and to refine and add content, as may be needed to meet Government Finance
Officers Association and California Society of Municipal Finance Officers budgeting-award requirements into the Proposed Operating and CIP Budgets to create the FY2021/22 Approved Budget.

1.6. The attached Exhibits A through D are part of this resolution.

1.7. The City’s Debt service must be limited to 6% of total General and Measure U (G/MU) Fund revenues, excluding Department revenues.

1.8. The City Treasurer shall conduct a financial stress test on the combined G/MU Funds before the issuance of any bonds.

1.9. Available resources in the Innovation and Growth Fund (Fund 2031) shall be transferred to the General Fund as needed to offset projected deficits shown in the G/MU Fund five-year forecast included in the Approved Budget.

1.10. The City Manager is authorized to establish the Federal ARP Fund (Fund 2705) effective May 19, 2021.

1.11. The City Manager is authorized to transfer available General Fund (Fund 1001) resources in the Youth, Parks and Community Enrichment Department on June 30, 2021, to address year-end shortfalls in the 4th R Fund (Fund 6012).

Section 2. Scope.

This resolution defines the authority and responsibilities of the City Manager in implementing the Approved Budget and supersedes Resolution 2019-0248.

Section 3. Definitions.

3.1. “Account” is the primary accounting field in the budget used to describe the nature of the financial transaction (overtime, professional services, debt, etc.).

3.2. “Approved Budget” means the Approved Operating Budget (Operating Budget) and the Approved Capital Budget (CIP Budget), which are attached as Exhibit D and reflects the FY2021/22 Proposed Operating and CIP Budgets, as amended by the City Council to incorporate the approved Budget Changes attached as Exhibit A, Summary of FTE attached as Exhibit B, and Measure U Programming attached as Exhibit C.

3.3. “City Manager” means the City Manager or, if so designated, the Director of Finance.

3.4. “Department” means a major budgetary grouping such as Mayor and City Council; City Manager; City Attorney; City Auditor; City Clerk; City Treasurer; Community Development; Community Response; Convention and Cultural Services; Finance; Fire; Human Resources; Information Technology; Police; Public Works; Utilities; Youth, Parks, and Community Enrichment; Projects; Debt Service; Citywide and Community Support; and Fund Reserves.
3.5. “Full Time Equivalent” and “FTE” mean the decimal equivalent of a position, e.g., one full-time position is 1.00 FTE and one quarter-time position is 0.25 FTE.

Section 4. Approved Budget Appropriations, FTEs, and Adjustments.

4.1. The City Manager is authorized to make any expenditure and resource adjustments to the Operating Budget based on final City Council action to adopt the Operating Budget.

4.2. The City Manager is authorized to establish the appropriations and FTE as shown in Schedules 1A, 1B, 1C, and 1D and the fund summaries, including transfers, as shown in Schedules 2A, 2B, and 2C, as displayed in Exhibit D.

4.3. The City Manager is authorized to modify FTE classifications by Department as necessary to implement the reclassifications and studies authorized by Schedule 8, as displayed in Exhibit D.

4.4. The City Manager is authorized to revise any appropriation made in the Approved or Amended Budget where the revision is of a technical nature and is consistent with the City Council’s intent.

4.5. The City Manager may authorize the use of the Old Sacramento Public Market Fund (Fund 2601) for the development, repair, and maintenance of the north and south public markets.

4.6. The City Manager is authorized to make annual loan payments to the Risk Fund from the Community Center Fund subject to the availability of funds. As of June 30, 2020, the balance of the Risk Fund loan to the Community Center Fund totaled approximately $5.2 million.

4.7. Following budget adoption, the City Manager is authorized to do the following:

   (A) Transfer appropriations from the operating budget and establish or adjust revenue and expenditure budgets for externally funded programs (EFPs), multi-year operating projects (MYOPs), and operating grants as shown in Schedule 9 displayed in Exhibit D.

   (B) Adjust any appropriation made in the Approved Budget to reflect changes from amounts budgeted for updated labor (for example, changes in retirement rates, payroll taxes, health benefits), fleet (including accident recovery costs), utilities, 311 Call Center (reimbursements based on call data), cost plan, and risk-management changes, from available fund balance or reserves for the respective funds.

   (C) Adjust budgets to reflect all required debt service and related payments, including adjustments to rate stabilization reserves, pursuant to City debt agreements.
Revise and establish indirect cost rates to be applied to hourly salary rates in order to achieve full cost recovery of services; and adjust the Operating Budget to reflect the indirect cost rate plan for FY2021/22.

Section 5. Economic Uncertainty Reserve Policies and Transfers from Contingency and Reserve Funds.

5.1. The Council-adopted EUR Policy as amended on February 5, 2019 (Resolution 2019-0248) establishes a minimum reserve level equal to 10% of annual G/MU Fund revenues and a target reserve level equal to two months of regular ongoing General Fund expenditures, including transfers (17% of G/MU Fund expenditures). Resources to fund this reserve will be identified on an ongoing basis and can include positive year-end results or other one-time resources available to the G/MU Fund.

5.2. The G/MU Fund EUR is maintained to bridge the gap between projected revenue and expenditures during periods of significant revenue declines, expenditure growth, or both. Consistent with Governmental Accounting Standards Board Statement No. 54 (Fund Balance Reporting and Governmental Fund Type Definitions), the Council-adopted parameters for using the EUR are as follows:

(A) The City Manager may recommend a release from the EUR when the gap between projected revenue and expenditures is greater than $1 million in the proposed budget.

(B) Any release from the EUR requires the City Council’s approval.

(C) These parameters may only be changed by resolution of the City Council.

5.3. The City Manager is authorized to make appropriation changes (increases or decreases) less than $250,000 by fund from available fund balance. Appropriation changes, whether increases or decreases, including $250,000 or more require the City Council’s approval, except for payments to employees for vacation and sick leave payouts. Payments to employees for vacation and sick leave payout may be approved by the City Manager.

5.4. The City Manager is authorized to make appropriation changes (increases or decreases) less than $250,000 to any Department or project from Administrative Contingency established in the General Fund. Appropriation changes (increases and decreases) more than and including $250,000 to the Department or project require the City Council’s approval.

5.5. Transfers must not be made from an available fund balance or Administrative Contingency, if the transfer will result in a negative balance.

5.6. The City Manager is authorized to release the General Fund (Fund 1001) commitment of fund balance ($5.5 million) established in FY2020/21 for future budget development as needed to submit a balanced budget.
5.7. Use of committed fund balance reserves, except as authorized in section 5.6, requires the City Council’s approval by resolution.

Section 6. Appropriation Increases and Decreases.

6.1. All appropriation changes (increases or decreases) $250,000 or more to the Approved Budget require the City Council’s approval by resolution.

6.2. The City Manager is authorized, upon completion of the audited financial statements for FY2020/21, to adjust FY2021/22 fund contingencies by the amount of net changes in available fund balance. The available fund balance in the General Fund must be included and explained in the report to the City Council accompanying the Annual Financial Report (AFR).

6.3. Residual balances from unexpended debt proceeds will be reverted to the appropriate fund and used for the lawful purposes as specified in the conditions of the debt issuance. The City Manager is authorized to establish appropriations and account for the expenditure of these unexpended proceeds.

Section 7. Appropriation Transfers.

7.1. Operating appropriation transfers within the same Department and the same fund, including the Department’s established fleet MYOP, require the City Manager’s approval.

7.2. Appropriation transfers between two or more Departments, less than $250,000, must be approved by the City Manager. Such transfers more than and including $250,000 requires the City Council’s approval by resolution.

Section 8. Staffing Changes.

8.1. Any increase or decrease in FTE by Department or by fund as authorized in the Operating Budget, by subsequent approval of the City Council, or by the City Manager in accordance with this resolution, is subject to approval by the City Council except for renewals or expansion of fully offset grants or EFPs as specified in section 8.2.

8.2. The City Manager is authorized to adjust staffing levels for renewals, expansions, or reductions to fully offset Council-approved operating grants or EFPs. Grant/EFP positions must be terminated upon completion or cancellation of the grant/EFP unless specifically continued by a City Council resolution that includes a source of replacement funding. Any existing positions approved on the assumption that the City would receive a grant or other reimbursements must have continued funding verified before filling the position.

8.3. Any reassignment of authorized FTE and employee-services funding associated with the FTE, within a Department and within the same fund, may be made at the discretion of the Department director with the approval of the City Manager as long as there is no net change to authorized FTE and funding levels.
8.4. The City Manager is authorized to modify any authorized FTE classification as necessary to reflect current incumbent status based on the established flexibly staffed classifications included in Council-approved labor contracts.

8.5. All new job classifications or classification changes (as identified in Exhibit D, Schedule 8) are subject to classification review and approval by the Director of Human Resources.

8.6. The City Manager is authorized to adjust staffing levels in the Police and Fire Training Academies based on projected vacancies.

8.7. The Director of Human Resources is authorized to establish non-budgeted positions (NBPs) for the following:

(A) Mayor and Council Offices, to be funded from their existing operations budgets.

(B) Departments as needed to reflect current staffing needs. Departments must have sufficient labor savings to cover the cost of NBPs, and none of the NBPs may be used for more than one year. Departments will seek budget authority to convert NBPs to authorized FTE positions or the NBPs will be eliminated during the budget process.

Section 9. Revenue Budget.

9.1. The FY2021/22 revenue budget is summarized in Exhibit D, Schedule 6.

9.2. Any increase or decrease greater than (and including) $250,000 by fund in estimated revenue by Department to the Approved Budget requires the City Council’s approval.

9.3. The City Manager is authorized to implement biennial Consumer Price Index increases if the increases are warranted based on the adopted Fees and Charges Policy.

9.4. Proceeds from the sale of General Fund and Redevelopment Agency Successor Agency surplus land, unless otherwise specified, will be budgeted in the Innovation and Growth Fund (Fund 2031).

9.5. Unbudgeted one-time general revenue received in a fiscal year, which is not required to balance the budget as part of the midyear review or fiscal year-end close, will be added to the G/MU Fund EUR.

Section 10. Capital Improvements.

10.1. Capital projects and/or appropriations will be used for the following:

(A) Repairs, maintenance, improvements, or acquisitions with a total cost of at least $20,000 and a useful life that exceeds one fiscal year and
(B) Community/Neighborhood projects as approved in separate resolutions by the City Council.

10.2. The City Manager shall begin using an equity lens in the development of the CIP Budget and five-year plan (as soon as practical) after development of a shared definition of equity in coordination with the community, development of associated outcomes and measures and Council’s creation and adoption of an Equity Resolution.

10.2.10.3. The City Council’s approval is required for the establishment or cancellation (without completion) of a CIP, except as provided below:

(A) The City Manager is authorized to approve and establish one or more capital projects for internal City operations related to improvements and minor construction of existing City-owned or occupied buildings if the total cost to deliver each project is less than $250,000. Projects will be managed in the City Facility Improvement (C15100000) project.

(B) Capital projects may be subdivided into separate sub-projects as needed to administer, manage, and deliver the original scope of the project, without further City Council action.

(C) Projects established for agreements the City Manager executes in accordance with Sacramento City Code chapter 18.18. The City Manager is authorized to make all necessary budgetary adjustments when the City accepts improvements constructed under these agreements.

10.3.10.4. Capital appropriations must be used solely for the originally approved project or projects except as provided in this section.

10.4.10.5. Completed and inactive projects will be closed annually, except for projects that have existing litigation or payment disputes. An inactive project is one where transaction activity is less than $1,000 over the prior three years. Closures are the responsibility of the designated project manager. The managing Department and the City Manager are each authorized to process the necessary documentation to close inactive projects.

10.5.10.6. Each fiscal year, all multi-year CIP projects in existence on June 30 will be continued except as provided otherwise in section 10.4. The FY2021/22 CIP Budget is summarized on Schedules 2 and 4 as displayed in Exhibit D and on Schedule 4 as displayed in Exhibit E.

10.6.10.7. Each fiscal year, unobligated appropriations for all inactive projects, as defined in section 10.4, will expire on June 30 following the third full year of the last appropriation to the project. Projects requiring continuing appropriations will require City Council action through programming within the CIP or through a separate appropriation to the project authorized by resolution of the City Council.
10.7.10.8. Each fiscal year, on June 30, the balance of each CIP project must be zero or have a positive balance by fund. Projects with spending in excess of available budget from all funding sources (i.e., with negative balance) will be treated as follows:

(A) If the CIP balance exceeds budget by less than $250,000, the CIP must first be corrected within each fund, and then any remaining negative balance must be corrected by a transfer from the CIP manager’s Operating Budget (all transfers less than $250,000 must be made as provided for in section 5.3).

(B) If expenditures exceed the budget by more than and including $250,000, a corrective plan of action must be submitted to the City Council for approval by resolution.

Subject to the City Manager’s approval, projected fund deficiencies in any Department must be corrected as follows in accordance with the sections of this resolution governing transfers and appropriations by reducing expenditures in the Department (e.g., restricting purchase orders, freezing vacant positions) or by an appropriation transfer from Administrative Contingency or available fund balance, or both, subject to the provisions of section 5.

20.3. The City Manager is authorized to eliminate funds as required for proper accounting and fiscal management when the purpose of a fund has expired, and its fund balance has been expended.
20.4. In all staff reports that come before the City Council, net budgetary impacts on all funds, including indirect impacts, must be stated clearly and concisely so that the City Council has a full understanding of the financial consideration and impacts of its decisions.
