Ad Description:

Public Hearing Resolution

I am a citizen of the United States and a resident of the State of California; I am over the age of eighteen years, and not a party to or interested in the above entitled matter. I am the principal clerk of the printer and publisher of the THE DAILY RECORDER, a newspaper published in the English language in the city of SACRAMENTO, county of SACRAMENTO, and adjudged a newspaper of general circulation as defined by the laws of the State of California by the Superior Court of the County of SACRAMENTO, State of California, under date 05/02/1913, Case No. 10038. That the notice, of which the annexed is a printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to-wit:

01/23/2014

Executed on: 01/23/2014
At Los Angeles, California

I certify (or declare) under penalty of perjury that the foregoing is true and correct.

RESOLUTION NO. 2014-0018 ADOPTED BY THE SACRAMENTO CITY COUNCIL

January 14, 2014

DECLARING WATER SHORTAGE AND IMPLEMENTING STAGE 2 OF THE CITY OF SACRAMENTO WATER SHORTAGE CONTINGENCY PLAN

BACKGROUND

A. The City of Sacramento has three water supply sources: American River water, Sacramento River water, and groundwater. Normally, the City's water supplies are adequate to meet the City's retail and wholesale water demands. However, calendar year 2013 was the driest year on record for much of Northern and Central California, Folsom reservoir water storage is below 20% of capacity, and there is no significant rain or snow forecast in the near future. Because of these on-going critical drought conditions the Sacramento City Council has determined that it is necessary to enact water conservation measures and water use restrictions, in addition to those already included in the City Code (Chapter 13.04 Water Service System, Article XI Water Conservation), to reduce water use within the City's water service area.

B. City Code section 13.04.910 authorizes the City Council, by Resolution, to declare the existence of a water shortage and impose revised or additional limitations and restrictions on outdoor water use while the water shortage remains in effect.

C. The City's 2010 Urban Water Management Plan, adopted by the City Council in October 2011, includes a Water Shortage Contingency Plan that sets forth four water conservation stages designed to reduce overall water usage as follows:

Water Conservation Stage Water Use Reduction Goal

Stage 1 10 to 20%
Stage 2 20 to 30%
Stage 3 30 to 40%
Stage 4 40 to 50%

Each water conservation stage includes specific water conservation measures and water use restrictions designed to conserve water. Implementation of the water conservation stages is cumulative, meaning that implementation of a higher stage also includes implementation of all lower stages. For example, if Stage 2 is to be implemented, all of the provisions in Stage 1 also are included.

BACKGROUND THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. Based on the on-going drought conditions, the Sacramento City Council hereby declares that a water shortage exists and that water use within the City should be reduced by at least 20 percent.

Section 2. The water use reduction described in Section 1 necessitates implementation of Stage 2 of the City's Water Shortage Contingency Plan. The water conservation measures and water use restrictions for Stage 2, described below, are adopted. These are in addition to the existing provisions of Article XI of Chapter 13.04 of the City Code (Outdoor

Water Conservation), and in the event of any conflict between any provision of Article XI and this Resolution, the provisions of this Resolution shall govern while this Resolution remains in effect.

Stage 2 includes the following water conservation measures and water use restrictions:

1. The City Manager shall initiate a public information campaign to inform the City's water customers of the need for water conservation and the provisions enacted by this Resolution. The campaign shall also include information to customers on ways to reduce their water use.
2. The City Manager shall require that customers reduce their water use by at least 20 percent. Such requirement shall include information on practical ways for customers to reduce their water use.
3. The City Manager shall increase the City's water waste patrols to enforce the provisions of Article XI of Chapter 13.04 of the City Code (Outdoor Water Conservation) and this Resolution.
4. The City Manager shall increase the City's enforcement of its public fire hydrant use regulations in accordance with Sacramento City Code §13.04.130.
5. The City Manager shall require a reduction in the irrigation of parks and cemeteries.
6. Shut-off valves shall be required on all hoses used for irrigation purposes, car washing, or other water uses.
7. While daylight savings time is in effect, outdoor irrigation shall be limited to two days per week. Locations bearing a street address ending in an odd number shall be permitted to irrigate only on Tuesday and Saturday. Locations bearing a street address ending in an even number shall be permitted to irrigate only on Wednesday or Sunday. There shall be no water irrigation on Mondays, Thursdays, or Fridays.
8. All public water uses not required for health and safety shall be prohibited.
9. Main flushing shall be allowed only for emergency purposes.

Section 3. The City Manager is authorized and empowered to delegate his authority hereunder to such assistants, deputies, officers, employees, or agents of the City as he shall designate, and to establish such rules, regulations, and procedures, and to prepare or furnish such forms, as he or she deems necessary or appropriate to carry out the provisions of this Resolution.

Section 4. No person shall use, or cause to be used, City water in violation of any of the provisions of this Resolution while the water shortage remains in effect, as specified in City Code § 13.04.870(G).

Section 5. The penalties for violations specified in City Code § 13.04.890 shall be doubled while the water shortage remains in effect, as specified in City Code § 13.04.890(D).

Section 6. This Resolution shall be effective upon its adoption, and shall remain in effect until rescinded or otherwise modified by subsequent resolution of the City Council.

Section 7. This Resolution shall be published within ten days after its adoption, pursuant to California Water Code § 376(a).
