**APPROVING ENGINEER'S ANNUAL REPORT AND INTENTION TO ORDER
MAINTENANCE OF IMPROVEMENTS FOR THE
POWER INN ROAD MAINTENANCE DISTRICT FISCAL YEAR (FY) 2014/15
(Pursuant to Landscaping and Lighting Act of 1972)**

BACKGROUND

- A. The Power Inn Road Maintenance District (District), as depicted in Exhibit A, was established by the City Council and approved by the property owners on July 29, 2003.
- B. The City Council established the District under the Landscaping and Lighting Act of 1972 (part 2 of Division 15 in the Streets and Highways Code, beginning with Section 22600) (the 1972 Act), and has previously levied assessments on property in the District to pay for landscaping maintenance services and related services to be provided within the District, all in accordance with the 1972 Act.
- C. The Supervising Engineer of the Department of Public Works, the person designated by this Council as the Engineer of Work for the District, was directed to file an annual report in accordance with the provisions of the 1972 Act.
- D. The updated annual report includes an analysis that quantifies the amount of special benefit derived from District activities by the parcels paying the assessment. The result of the analysis is that 74.26% of the services provided in the district are a special benefit to the parcels within the District and 25.75% of the services are a general benefit to people outside of the District. Pursuant to state law, the City can only collect assessments in the amount needed to provide special benefit and must utilize other sources of funding to provide the general benefit portion. A detailed budget is shown on Exhibit B.

COUNCIL RESOLVES AS FOLLOWS:**

The improvements generally consist of landscaping and irrigation systems for the landscape area adjacent to Power Inn Road (Exhibit A) between the back of curb and the front of the sidewalk. Maintenance of said improvements will include, but not be limited to, periodic mowing of grass, trimming of trees and shrubs, and fertilizing, together with the regular furnishing of water for irrigation of all plant material, and the repair, maintenance and replacement of the irrigation system, planted materials and amenities.
