Infrastructure District No. 2018-04

RE: Protest of Establishment of the Sacramento Tourism Infrastructure District No. 2018-04 and Levy of an Assessment on Lodging Business with the District

As a short-term rental permit holder living south of downtown who rents a room in my personal home and having no guests who have business at the convention center due to the distance, over 4 miles, of my home from downtown and the fact that my typical guest stays for 28 days for other purposes, and no convention center visitors stay at my home due to its inconvenience and that I don't accommodate guests for such short stays.

I believe that short-term rental permit holders such as myself should not be included in this levy at all.
