Honorable Members in Session:

SUBJECT: 1986 Community Development Block Grant (CDBG) Statement of Objectives and Proposed Use of Funds - Public Hearing

SUMMARY

This report presents the City of Sacramento's 1986 Application to the U.S. Department of Housing and Urban Development (HUD) for Community Development Block Grant (CDBG) funds. The attached resolutions: 1) request approval of the proposed application, (2) authorize the Executive Director of the Redevelopment Agency to execute the application and the associated grant agreement, and (3) authorize amendment of the 1986 Contingency fund in the event final 1986 CDBG funds are in excess of, or less than the estimated entitlement amount. In addition, reprogramming of surplus funds from prior years is recommended to assist in meeting 1986 community development funding needs.

BACKGROUND

Each year the City of Sacramento submits an application to HUD for entitlement CDBG funds. As you may recall, applications are due December 1, 1985 at HUD to receive 1986 CDBG. Once approved by HUD, funds should be available in January or February 1986.

The attached application has been developed in close conformance with the 1986 Priority Statement and Target Area Three Year Plans. As you recall, in August 1985, the City Council approved the 1986 CDBG Priority Statement which included recommendations on priority program areas for 1986, and suggested ways the anticipated 15% Federal budget cut could be absorbed within the local CDBG budget. The final application (attached) projects a 15% cutback in revenues although final congressional action on the 1986 budget has not yet occurred.

Staff has reviewed all proposed projects and finds them to be in accordance with HUD regulations regarding eligibility and program benefit to low and moderate income persons or neighborhoods.

I. 1986 CDBG REVENUES:

Staff's best projection regarding the City's 1986 CDBG entitlement is 15% less than the 1985 level or \$3,527,500. In order to maintain a strong community development program, however, we are also recommending reprogramming of surplus prior year funds to the 1986 program. A total of \$963,117.57 in prior year funds has been identified and is shown on Chart A. Total 1986 resources after reprogramming of surplus funds will be \$4,490,617.57.

II. CAPITAL IMPROVEMENTS:

The priority statement recommends that the majority of the CDBG budget cuts be absorbed within the capital improvement budget in order to conserve funds for public services, economic development and housing programs. Page 19 of the attached application summarizes the proposed target area projects. All projects were reviewed by the respective TAC or PAC for the area. All were recommended for approval with the exception of those in Del Paso Heights. The Del Paso Heights PAC reviewed the proposals, but took no action due to their impending transition to a new structure. All proposed projects in Del Paso Heights were however, previously approved by the PAC and City Council as part of the Redevelopment Plan Update.

III. HOUSING:

Staff recommends that housing programs continue to be a strong component of the overall CDBG program in keeping with both local and national objectives. None-the-less, some reductions are proposed primarily in the housing rehabilitation program. Loan funds are proposed at a minimal level of \$600,000 and this funding level will require all efforts to leverage private funds to continue to meet housing needs. For your information the 1985 Housing Rehabilitation Evaluation and Action Plan, to be presented under separate cover, proposes several ways that CDBG funds can be leveraged.

While cuts in housing rehab administration are also proposed this is done cautiously in recognition of the fact that this staff must administer a broad range of loan funds (Section 312, HUD Rental Rehab Block Grant and California Housing Finance Agency (CHFA)). These programs do not provide any funds for administration. Therefore, in order to effectively administer these funds as well as the ongoing CDBG funded rehab programs, only a relatively modest cut can be absorbed by this budget.

The Emergency Repair Program (ERP) is recommended for a small increase due to the widespread demand for ERP services.

The Nuisance Abatement Program shows a reduction in CDBG support from prior years. This relates to the fact that, during discussions regarding the Salvation Army homeless shelter, the Council decided that CDBG funds would be a more appropriate source for homeless issues the City General Funds and recommended a switch in funding source. The result of this action is that the City's General Fund will pick up all of the CDBG costs of the Planning Department Support (\$52,000) and a portion of the Nuisance Abatement costs (\$98,000) for a total of \$150,000, and CDBG will fund the Salvation Army Program at \$150,000. As a result of the above change in funding source, CDBG will contribute \$65,000 towards the pro-active target area code enforcement program and \$30,000 towards the County Environmental Health Rat Patrol program. Rat Patrol was a pilot program in 1985 which has been recommended for continuance due to health and rodent problems in Gardenland, Del Paso Heights and Oak Park.

IV. ECONOMIC DEVELOPMENT:

Economic Development funding is recommended to be retained at prior year levels if possible, again reflective of local priorities and needs. The 1986 recommended funding level is however, below the 1985 level in recognition of anticipated carryover of prior year CDBG funds in this program. This program provides technical assistance and high risk loans to the following commercial strips: Del Paso Boulevard (North Sacramento); 12th Street (Alkali Flat); Stockton Boulevard (Oak Park); Franklin Boulevard (City Farms area); and the intersection of Meadowview Road and 24th Street and supports a contract with the Metropolitan Chamber of Commerce for loan processing assistance.

V. PUBLIC SERVICES:

Wherever possible, staff recommends retaining critical human services within the 15% cap allowed by HUD. The reasons for this are reductions in supportive social programs from other funding sources, and the fact that our existing CDBG funded services provide the most targeted assistance to low income groups. Two new programs to be added pursuant to Council action of July 2, 1985, and of August 6, 1985 (approval of Report Regarding Solutions to the Homeless Problem), are (1) the addition of funding to operate expanded shelter operations for the homeless mentally ill (\$100,000) and (2) operating costs for the Salvation Army Single Men's Shelter (\$150,000). One program recommended for termination is truancy patrol which is not directly targeted to low income persons and does not directly provide critical human services to disadvantaged persons. This program was funded in the regular Police Department budget. The proposed 1986 budget for public services is at 15% of entitlement resources; CDBG regulations allow public services expenditures in a given year, up to 15% of the annual entitlement grant.

VI. ADMINISTRATION:

The CDBG regulations classify any general management, planning, housing counseling or citizen participation function as an "administrative" costs. These costs are limited to 20% of the entitlement. The proposed 1986 CDBG budget is at 14% and includes CDBG General Administration; Project Area Committee budget; Human Rights/Fair Housing Commission and Minority and Women's Business Enterprise Coordination.

FINANCIAL DATA

The attached application conforms to our best estimate of 1986 CDBG revenues and includes program budget reductions to respond to overall cuts in CDBG funding nationwide.

ENVIRONMENTAL REVIEW

All projects have been submitted for review under both the California Environmental Quality Act (CEQA) and the National Environmental Protection Act (NEPA). Per HUD regulation, no funds can be expended prior to completion of environmental clearances.

POLICY IMPLICATIONS

The attached application is developed in accordance with the Federal CDBG regulations regarding primary benefit to low income persons and neighborhoods. Due to budget cuts beyond local control, the application cut backs are proposed primarily in the number and extent of capital improvements. Despite these cuts the Application still largely addresses the CDBG Three Year Plan (1985-87) goals of providing decent housing and an improved living environment for the five target areas within the City.

VOTE AND RECOMMENDATION OF COMMISSION

At its regular meeting of November 4, 1985, the Sacramento Housing and Redevelopment Commission adopted a motion recommending approval of the 1986 Application and to fund the public service programs at the 1985 level with a reassessment of funding levels and sources in January 1986. The votes were recorded as follows:

AYES: Amundson, Glud, Luttrell, Moose, Sanchez, Walton,
Wooley and Angelides

NOES: None

ABSENT: Pettit, Teramoto and Lopez

RECOMMENDATION

The staff recommends adoption of the attached resolutions which (1) Approve the 1986 CDBG Application, (2) Approve the recommended reprogramming actions (Chart A), (3) Authorize the Executive Director to execute the grant agreement, and (4) allow for any increase or decrease in actual 1986 entitlement funds to be reflected in the 1986 CDBG Contingency.

STATEMENT OF COMMUNITY DEVELOPMENT OBJECTIVES
AND PROPOSED USE OF FUNDS

INTRODUCTION

This document is the City of Sacramento, California's submittal for receipt of 1986 Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development. Pursuant to the Federal Housing and Urban Rural Recovery Act of 1983, this document contains the following information:

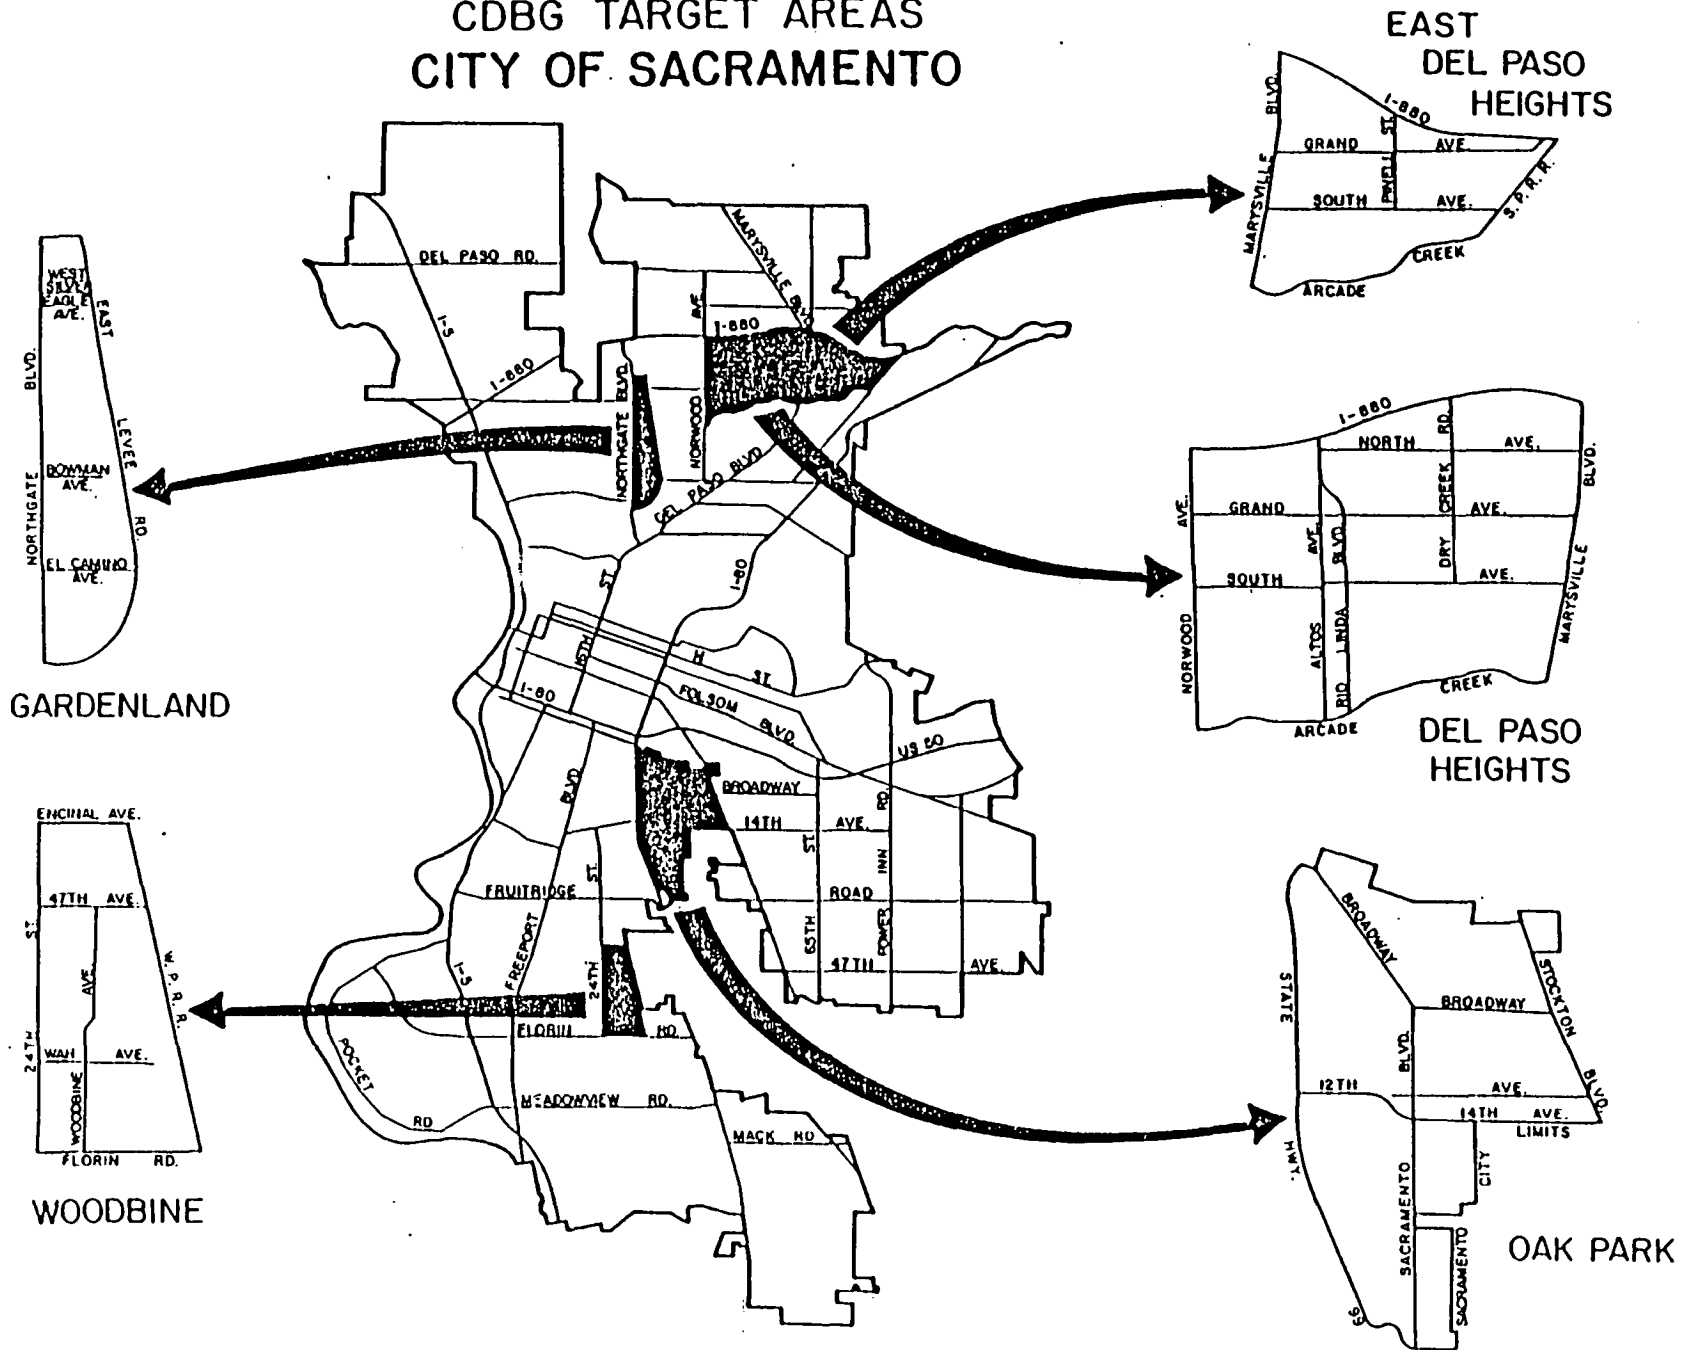

- Section I : Community Development Objectives
- Section II : 1986 Projected Use of Funds
- Section III: 1986 Description of Activities and Maps
- Section IV : Description of Projects Funded in Prior Years
- Section V : Relationship of Prior Year Expenditures to Local Objectives
- Section VI : Relationship of Prior Year Expenditures to National Goals
- Section VII: 1986 Local Approval Resolution and Certifications

For the 1986 calendar year, the City of Sacramento expects to receive \$3,527,500 in CDBG funds from HUD. An additional \$963,117.57 is available from prior year CDBG budgets for use in the 1986 year. A minimum of 51% of these funds, or at least \$2,290,214.96 will be committed to projects which benefit lower-income persons. Funds will predominately be used in the five CDBG target areas shown on the attached map unless otherwise noted in the detailed project description.

TARGET AREA: Citywide

AMOUNT: \$600,000 Loan Pool
400,000 Administration

PROJECT NAME: Housing Rehabilitation Loan Program

DESCRIPTION: This program provides low-interest (3%) loans to eligible homeowners for housing rehabilitation. The program is available Citywide to very low-income persons. Housing rehabilitation administrative funds are used to assist low-income clients in obtaining financing and deficiency lists, selecting a contractor, and overseeing the construction work. In addition, housing rehabilitation administrative funds are used to administer HUD Section 312 funds, California Housing Finance Agency Multi-Family Bond funds, HUD Rental Rehab Block Grant funds and State SB966 funds.

DETERMINATION OF BENEFIT: 24 CFR 570.901(b) (1) (iv) allows rehabilitation of units occupied by low- and moderate-income persons.

DETERMINATION OF CDBG ELIGIBILITY: 24 CFR 570.202 (a) and (b) allows financial and administrative assistance to low-income persons desiring to rehabilitate their homes.

FUNDING PROPOSAL

TARGET AREA: Citywide AMOUNT: \$50,000

PROJECT NAME: Relocation Loans and Assistance

DESCRIPTION: This program provides low-interest loans and relocation assistance for clients of the housing rehabilitation program who must temporarily relocate in order for home improvement construction to occur.

DETERMINATION OF BENEFIT: 24 CFR 570.901(b)(1)(i)(D) allows activities which directly benefit lower-income persons. Because this program is used in conjunction with approved housing rehabilitation cases, it is a direct benefit program.

DETERMINATION OF CDBG ELIGIBILITY: 24 CFR 570.201(i) allows relocation payments and assistance where determined to be appropriate.

TARGET AREA: Citywide AMOUNT: \$300,000

PROJECT NAME: Emergency Repair Grant Program

DESCRIPTION: This program provides grants of up to \$2,000 to repair critical, life-threatening emergencies. The program is available to low- and moderate-income households throughout the City.

DETERMINATION OF BENEFIT: 24 CFR 570.901(b)(1)(iv) allows rehabilitation of units occupied by low- and moderate-income persons.

SECTION IV

DESCRIPTION OF USE OF FUNDS
EXPENDED SINCE 1985 ANNUAL
STATEMENT SUBMISSION

CITY OF SACRAMENTO

I. DESCRIPTION OF USE OF FUNDS EXPENDED SINCE 1985 ANNUAL STATEMENT SUBMISSION

A. 1979/80 CDBG Project/Programs

Alkali Flat 12th Street Improvement District (\$ -0-):

Alkali Flat is one of Sacramento Housing and Redevelopment Agency's (SHRA) Economic Development Revitalization areas. The Light Rail System is to stop in Alkali Flat, which will promote business development in this area. SHRA is working in conjunction with Sacramento Transit Development Authority (STDA) to improve the visual environment of this area. The project includes sidewalks, gutters, benches, trees, etc. The project provides for these improvements along 12th Street from "B" to "H" Streets. The design is complete and construction just begun.

Susan B. Anthony Park (\$ 21,457.22):

In 1979, a number of parks were selected for improvement. The improvements included the installation of turf, irrigation systems and picnic tables. Funds were left over so SHRA elected to do a second phase on this park, which included installation of shade structures. In 1983, plans were completed, but the project was shelved pending the results of a wood preservation study. The contract was awarded in September 1984 and is now complete.

B. 1980/81 CDBG Projects/Programs

Scattered Site Residential Land Acquisition (\$ 12.67):

The purpose of this project is to acquire land for development of low and moderate income housing city-wide. It is a revolving loan fund for predevelopment activities, such as land write-downs. The 1985 expenditures were for development of the HODAG application for elderly/frail housing at 6th and I Streets.

Oak Park Street Lights (\$ 69.27):

This project involves the installation of streetlights in the area bounded by 2nd Avenue, 33rd Street, 38th Street and 5th Avenue. This project is completed.

C. 1981/82 CDBG Projects/Programs:

Washington Area Streetlights (\$ 31,207.17):

This project involved the implementation of plans and specifications developed in 1979/80. This project provided the installation of streetlights in the area bounded by "B" Street, 13th Street, 19th Street and "F" Street. The project is complete.

South Oak Street Lighting A/D (\$ 17,668.05):

Provided for streetlighting in the area bounded by Broadway on the north, 40th street on the east, 6th Avenue on the south and Sacramento Boulevard on the west. The project is being redesigned and should be complete in 1986.

Camellia School Park (\$ 98,567.48):

This project provided park improvement at Camellia School site. The plans are complete and the project contract was awarded in the Summer of 1985 with completion scheduled for Spring 1986.

Florin Reservoir Park (\$ 15,037.97):

This project provided for the development of a park site at the Florin Reservoir facility. The project was bid in the Summer of 1985 and is currently under construction.

D. 1982 CDBG Projects/Programs

East Del Paso Heights A/D #1A - Construction (201,415.89):

This project provided for the implementation of plans completed in 1981/82. It includes full street improvements on Grand Avenue from Pinell to Cameron Road. The project is complete.

Woodbine A/D #4 - Plans and Specifications (\$ 14,422.08):

This project provided for the development of plans and specification to construct full street improvements in the area bounded by Hing Avenue, 24th Street, Carnation Avenue, and Yreka Avenue. The designs are complete.

East Del Paso Heights A/D #2 - Construction (\$ 1,208.20):

This project provided construction of full street improvements on Harris Avenue from Marysville Boulevard to I-880 (now I-80). The project included curbs, gutters, sidewalks and drains. The project is under construction and is about 97% complete.

Wright/Kimbrough Streetlights A/D (\$ 3,297.26):

This project provided for the installation of streetlights in the area bounded by 12th Avenue, Sacramento Boulevard, 40th Avenue and 14th Avenue. Project is 95% complete.

Alkali Flat Relocation Assistance Program (\$ 7,132.93):

Alkali Flat is a commercial revitalization area for the City of Sacramento. As a result of private rehabilitation activities, low and moderate income residents are often displaced. This program provides relocation and advisory assistance to low and moderate income Alkali Flat residents displaced by private actions. In some cases, the program also pays the moving costs. This is an ongoing project.

E. 1983 CDBG Projects/Programs

East Del Paso Heights A/D #3 P/S (\$ 9,401.24):

This project provided funds for plans and specifications for street improvements in the area of Marysville Boulevard, south of Grand Avenue, Pinell, Astoria and South Avenue. This design project is complete and the project was put to bid in the Summer of 1985 and is under construction.

Del Paso Heights #7 - Construction (\$220,438.34):

Undertake the construction of full street improvement in the area bounded by Grand Avenue, Grant Union High School, Willow Street and South Avenue. This project is complete.

Alkali Flat 12th Street Capital Improvement (\$ 3,647.39):

See 1979/80 project description.

Woodbine A/D #3 - Construction (\$264,456.13):

The funds for this project provided for construction of full street improvements in the area of 24th Street, Indian Lane, Wah Avenue and Toy Avenue. The project is complete and in final billing.

South Avenue A/D (\$43,348.21):

This allocation will provide funds for plans and specifications for street improvements on South Avenue between Norwood and Altos Avenue. Design is 95% complete, and bids have been called for.

Woodbine A/D #3A Plans and Specifications (\$ 21,116.66):

The project will provide funding for plans and specifications for full street improvements along 50th and 51st Avenues between Woodbine Avenue and Western Pacific Railroad. Project is complete and in final billing.

William Land School Street Lights (\$114,128,16):

This project provides funds for the design and installation of standard city streetlights in the southside neighborhood of the Central city from "S" to "W" Streets and 10th to 12th Streets. This project is complete.

Argonaut School Park Night Lights (\$ 24,426.29):

This allocation will provide funds for the design and construction of security lighting around the parking lot and neighborhood center at Argonaut School Park. The lights will also illuminate the basketball courts. The lighting is complete, however ancilliary improvements to the neighborhood center are still under construction.

Gardenland Park Improvements (\$ 307.80):

This funding is to install locking gates and vandal-resistant restrooms in Gardenland Park and is complete.

Hagginwood Community Center Improvements (\$ 6,625.77):

The funding provided a security system and renovation to the Hagginwood Community Center. A purchase order has been issued for the security system. Design and specifications for energy retrofit is complete.

Architect Design (\$ 3,647.39):

The project provided funds to hire an architect to develop an overall design theme for the 12th Street Commercial strip. The architect also assists individual businesses with facade design to be included in their application to the facade business loans. The architect has been retained to provide ongoing technical assistance to businesses in relation to architectural aspects of business development.

Scattered Site Residential Land Acquisition (\$24,000):

See 1980/81 for project description. The phase of this project provided a predevelopment loan to support the development of a Section 202 Handicapped Housing Project in Gardenland which is now under construction.

SECTION VI

RELATIONSHIP OF 1985
EXPENDITURES TO NATIONAL GOALS

RELATIONSHIP OF 1985
EXPENDITURES TO NATIONAL GOALS

This section assesses the relationship of projects funded in 1985 to one of the three broad national objectives of the CDBG program. These are:

a. Low Income Benefit:

To meet this objective, the area benefitting from an activity must have a majority of lower income persons residing in the area, or be of direct benefit to low income individuals.

b. Elimination/Prevention of Slums and Blight:

To meet this objective, the activity must correct significant physical deficiencies which prohibit development or investment in an area, or which restrict a standard of living and well being otherwise present in the City.

c. Urgent Need:

To meet this objective, the activity must correct an emergency condition.

4. Franklin Boulevard serves the Oak Park neighborhood wherein 70% of the population is low income, and finally,

5. Meadowview/24th Street is a severely deteriorated and vacant shopping center which serves residents north and south of Meadowview Road. Although the majority of lease space is vacant, the service area for a neighborhood grocery store would include an area wherein 56% of the households are low income.

2. Elimination of Slums and Blight

Part of \$1,092,779.40 Rehabilitation Loans and Grants

Under the concentrated Housing Rehabilitation program policies loans may be made to homeowners with incomes up to 120% of the median income provided: 1) the unit is within a concentrated rehabilitation target area which meets slums and blight criteria, and 2) the unit is substandard and health and safety issues require rehabilitation financing assistance.
