PROCUREMENT SERVICES

SUBJECT: DEALER ONLY AND MANUFACTURER REPLACEMENT PARTS PURCHASES

SUMMARY

Fleet Management has a requirement for the purchase of dealer only and manufacturer replacement parts. This report requests authorization for annual contracts with local dealers and/or manufacturers for these replacement parts.

BACKGROUND

The Fleet Management Division has a requirement for dealer only and/or manufacturer replacement parts for City vehicles. Some replacement parts are only available from the manufacturers or from their authorized dealers. Aftermarket replacement parts are not available. Some manufacturers have several dealers in the local area which allows for competitive bidding. Other manufacturers have only one dealer in this area or Northern California region, and some are located out-of-state.

The purchase of those parts where competitive bidding is not in the City's best interests is desired from the closest authorized dealer to reduce vehicle downtime and expense. The Procurement Services Division, in conjunction with Fleet Management, has contacted the closest vendors who offer the required parts or services. Prices for dealer only and manufacturers parts were fairly consistent from all vendors surveyed, regardless of location. Exhibit I lists vendors who have demonstrated delivery in a timely manner at a competitive price. These contracts will be for the coming twelve (12) month period, enabling the Support Services Division to issue purchase orders to coincide with the fiscal year.

FINANCIAL DATA

These replacement parts will be charged against Fleet Management's automotive accessory line, 420-190-XXXX-4481. The proposed FY 1989-90 budget amount for this line is \$1,856,250. The total amount for which Fleet Management is requesting authorization from those dealers listed on Exhibit I is \$428,000.

Letter to Council

RECOMMENDATION

It is therefore recommended that in the best interests of the City, the City Council adopt the attached resolution for the purchase of dealer only parts, and authorize the City Manager to execute the necessary contracts with the appropriate vendors.

Respectfully submitted,

Frank Mugartegui
Director of General Services
