City Council
Resolution Annexing A Portion Of 22nd Street To The
Department Of Motor Vehicles Residential Permit Parking Area
May 1, 2002

BACKGROUND INFORMATION:

- The Department of Motor Vehicles residential permit area was established in February 1981.
- Parking congestion is increasing on some streets adjacent to the permit parking area and residents are having difficulty parking near their homes. Residents anticipate that the parking congestion will increase when a nearby new light rail station is completed.
- The Residents along a portion of 22nd Street submitted a petition requesting to be annexed into the residential permit parking area.
- The annexed street will be regulated with a two-hour parking time limit.
- Residents and their guests will be exempt from the parking time limit when the proper permit is displayed.
- A letter was sent to all of the residents and businesses, that may be impacted by the parking regulation, which outlined the request and solicited comments. One resident objected to the proposal. This property will be excluded from parking regulations.

FINANCIAL CONSIDERATIONS:

The cost to implement the recommended parking regulation is estimated to be \$500 for the installation of regulatory signs. Funds are available in the On-Street Parking operating budget.

ENVIRONMENTAL CONSIDERATIONS:

The Neighborhoods, Planning and Development Services Department, Office of Environmental Affairs has reviewed the project and has determined that this project is exempt from the California Environmental Quality Act (CEQA) under Section 15301(c) of the CEQA guidelines
