City Council  
Sacramento, California

Honorable Members in Session:

SUBJECT: Rejection of Bids Received and Readvertisement of Bids for the Purchase of Various Quantities of 1½", 2½", 4" and 4½" Fire Hose

SUMMARY

The Sacramento Fire Department has a current requirement for the purchase of various quantities of 1½", 2½", 4" and 4½" fire hose. After evaluating all of the proposals received for this requirement, it has been determined that it would be in the best interests of the City to reject all bids received and to readvertise for bids for this requirement.

BACKGROUND INFORMATION

Formal bids (Bid No. 562) were solicited by the City Council on April 5, 1983 and ten (10) bids were received on April 26, 1983. However, after evaluating the proposals received and re-evaluating the specifications used, it has been determined that modifications to the specifications are necessary to ensure competitive bidding.

FINANCIAL DATA

The estimated cost for this requirement is \$45,000.

RECOMMENDATION

It is therefore recommended that, pursuant to Sections 57.305 and 57.307 of the Sacramento City Code, the City Council reject all bids received for the purchase of various quantities of 1½", 2½", 4" and 4½" fire hose, readvertise and call for bids for the purchase of this requirement on June 7, 1983.
