Members in Session:

SUBJECT: Council Minutes - New Format

BACKGROUND

A new format is being devised in order to facilitate bringing the Council minutes up to date with the least effort and still meet the legal requirements. Also a new format was devised for future use.

SUMMARY

Attached for consideration by the Council are the following:

1. Exhibit A - Council Action Sheet to be used to bring past minutes up to date and recommended for permanent use.
2. Exhibit B - New Agenda Format
3. Exhibit C - New Minute Format
4. Exhibit D - Council Action Sheet

Exhibits B through D are all part of the new Council Agenda/Minute format. They are submitted in the various forms so that Council can see the process from agenda to final minutes.

The attached Exhibit "A" is the suggested format to bring the minutes up to date. It has been approved by the City Attorney for past, present and future use. The typing time required was an hour and 7 minutes with interruptions. The current format takes about 4 to 5 hours to type. Exhibit "A" will be placed with the agenda/synopsis, microfilmed and bound yearly in the same manner as the ordinances and resolutions.

APPROVED
BY THE CITY COUNCIL

MAY - 8 1980

OFFICE OF THE
CITY CLERK

Although the City Attorney has approved Exhibit "A" for current and future use, the Council may wish to consider Exhibits B through D. It necessitates more typing time initially by approximately half an hour for the agenda. It also required two more pages than the agenda/synopsis used for sample purposes.

However, there is a drawback to this format. It will require a Council Action Sheet to record motions such as amendments and substitutes. Traditionally the synopsis has reflected only the final action of the Council. Exhibit "C" can reflect the final action of the Council for mailing purposes and a Council Action Sheet reflecting all other actions of the Council can be used for office filing purposes. Exhibit "C" and Council Action Sheet will be bound in the same manner as Exhibit "A".

Once wordprocessing becomes a reality, the Council Action Sheet can be "merged" for office filing purposes and final council action, Exhibit "C", can still be sent out on a weekly basis.

Upon reflection and in devising the new formats, I feel that Exhibit "A" should be used permanently and when wordprocessing comes in another look can be taken at using the Council Agenda/Minute format.

The City Attorney informs me that the new Council minute formats can be approved without changes to the Council Rules of Procedure.

RECOMMENDATION

It is recommended that the format for minutes as generally set forth in Exhibit "A" be adopted and utilized by the City Clerk in preparing all Official Minutes for the City of Sacramento.

Respectfully submitted,

Lorraine Magana
City Clerk

Council Action Sheet
April 22, 1980

25. Councilperson Roberts moved to close the hearing and adopt staff recommendation. Seconded by Councilperson Rudin.

Alan Ferris, 3846 Whitham Street, purchaser of property, protested. Lloyd Turk, owner of property, also protested.

Vice Mayor Pope instructed the staff to meet with the gentlemen and come back later in the meeting. The motion was withdrawn and matter deferred to later in the meeting.

At the end of the meeting, Marty Van Duyn, Planning Director, requested that the matter be continued to April 29, 1980 as the matter was not resolved yet. It was so ordered.
