APPROVED
BY THE CITY COUNCIL

City Council
Sacramento, California

OCT 19 1982

OFFICE OF THE
CITY CLERK

Honorable Members in Session:

SUBJECT: Selection of a Consultant for the North Sacramento Community
Plan EIR

SUMMARY

The study to update the North Sacramento Community Plan is quickly approaching the draft plan stage. Since the North Sacramento Community Plan Update is a project pursuant to CEQA and will have an impact on the environment, staff has recommended preparation of an Environmental Impact Report. On September 2, 1982, the City Planning Commission decided that the consultant selection committee consist of a Planning Commissioner and representatives of the North Sacramento Citizens Advisory Committee and the Planning Department. The Planning Commission also directed staff to notify the building industry and environmental interests asking them if they wished to participate in the selection process. Since it is customary to request that the City Council participate in the selection of a consultant, you may appoint a representative if you so desire.

Once the consultant is selected, staff will come back to the Council and recommend a budget allocation. Staff at this time believes the EIR will cost between \$30,000 and \$35,000.

RECOMMENDATION

Staff recommends that the City Council approve the proposed consultant selection committee and, if the Council wishes, appoint a representative.

Respectfully submitted,

Marty Van Duyn
