J. F. VAROZZA
ASSISTANT CITY ENGINEER

June 23, 1980

City Council
Sacramento, California

Honorable Members in Session:

SUBJECT: Approval of Specifications for SLURRY SEALING OF VARIOUS CITY STREETS

SUMMARY:

The City Engineer's office has prepared specifications for the annual Slurry Sealing of Various City Streets. Copy of said specifications has been forwarded to the City Clerk and approval is recommended.

BACKGROUND:

Specifications have been prepared for the Street Maintenance Division's annual project for slurry sealing of various city streets. In order to take advantage of the full construction season an early advertising of this project is desirable.

FINANCIAL DATA:

In the F.Y. 1980/81 budget the Street Maintenance Division has designated \$150,000 of operating funds for this project. The current estimated construction cost is \$138,600.

RECOMMENDATION:

The City Engineer recommends that the specifications be approved and that this project be advertised for bids to be received on July 22, 1980.

Respectfully submitted,

M. H. Johnson

R. H. PARKER
City Engineer

APPROVED
BY THE CITY COUNCIL
