Department: Planning

Division: Public Improvement Financing

Organization No: 4915

Description/Analysis

Issue: The six Community Facilities Districts (CFDs) that are the subject of the recommendation provide maintenance and operations services including landscape, park and alley maintenance, and support for the North Natomas Transportation Management Association. The budgets are established when the revenue from taxes are known, which is typically in late January for the current fiscal year. Approval of the budgets will authorize the City to distribute revenue

to City Departments for the maintenance and administration needs of the CFDs.

Policy Considerations: The Council action recommended in this report supports the City’s Strategic Plan 3-Year Goal to “achieve sustainability and enhance livability”.

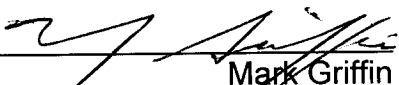

Environmental Considerations: Under California Environmental Quality Act (CEQA) Guidelines, administration and annual maintenance do not constitute a project and are therefore exempt from review.

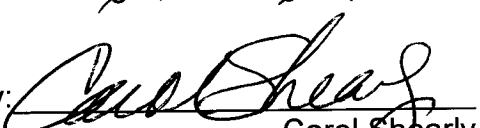

Committee/Commission Action: None

Rationale for Recommendation: The actions in the recommended Resolutions are required by the Mello-Roos Community Facilities Act of 1982 (in Government Code Sections 53339-53339.9) for annual proceedings of existing districts.

Financial Considerations: There is no cost to the City or the General Fund. All funding for services are generated from Special Taxes on the above referenced CFDs for specified purposes. The attached resolutions amend the districts’ budgets to reflect anticipated revenues and expenditures in FY 2006/07. Monies not programmed for administration or operations will remain in their respective funds.

Emerging Small Business Development (ESBD): None. No goods or services are being purchased.

BACKGROUND

The following six (6) CFDs were not included in the annual FY 2006/07 budget preparation last spring because the exact revenues were not known. City Council authorization is therefore required to amend the existing budgets to reflect current year needs. The six districts, their purpose, their revenues and expenditures are as follows:

Willowcreek Landscape Maintenance CFD No. 98-04, Fund 278

This district, formed in 1998, provides for subdivision landscape maintenance in the Willowcreek planning area of South Natomas. It is projected that the fund will collect \$64,128 in FY 2006/07. Costs are projected at \$61,217. The surplus of revenues over expenditures is to provide adequate funds in the future when higher maintenance by the City will be required.

North Natomas Transportation Management Association CFD No. 99-01, Fund 263

This district, formed in 1999, provides funding for the North Natomas Transportation Management Association (NNTMA). The NNTMA provides alternative mode transportation services for workers and residents of North Natomas. It is projected that the fund will collect \$514,992 in FY 2006/07. Costs are projected at \$514,992.

North Natomas Neighborhood Landscape Maintenance CFD No. 99-02, Fund 276

This district, formed in 1999, provides funding of certain North Natomas residential subdivision landscaping. It is projected that the fund will collect \$478,237 in FY 2006/07. Costs are projected at \$173,997. The large surplus of revenues over expenditures is to provide adequate funds in the future when much higher maintenance by the City will be required as landscaping is constructed and the warranties expire.

North Natomas Landscape Maintenance CFD No. 3, Fund 279

This district, formed in 1998, provides the funding for certain North Natomas landscaping. It is projected that the fund will collect \$1,264,262 in FY 2006/07. Costs are projected at \$859,203. Similar to CFD 99-02 above, the surplus of revenues over expenditures is to provide adequate funds in the future when much higher maintenance by the City will be required.

Neighborhood Park Maintenance CFD No. 2002-02, Fund 283

This Citywide district, formed in 2002, provides funding to the Parks Department for a portion of the maintenance associated with new neighborhood parks. It is projected the fund will collect \$504,037 from the FY 2006/07 tax roll. Costs are projected at \$504,037.

Neighborhood Alley Maintenance CFD No. 2003-04, Fund 266

This district, formed in 2003, funds future maintenance needs of alleys being built in new subdivisions. It is projected that the district will collect \$4,793 in Special Taxes in FY 2006/07. Costs are projected at \$3,191. The surplus of revenues over expenditures is to provide adequate funds in the future should maintenance be required.

RESOLUTION NO.

Adopted by the Sacramento City Council

**AMENDING THE REVENUE AND EXPENDITURE BUDGETS FOR THE
WILLOWCREEK LANDSCAPING MAINTENANCE CFD NO. 98-04, FUND 278, FOR
FISCAL YEAR 2006/2007**

BACKGROUND

- A. On January 5, 1999, the property owners within the boundaries of the Willowcreek Landscaping Maintenance CFD No. 98-04 (CFD 98-04) (Exhibit A) voted to approve the formation of the district;
- B. CFD 98-04 formation was approved by the City Council on December 15, 1998;
