Honorable Members In Session:

SUBJECT: Ordinance Regulating the Speed Limit and River Closures for the Sacramento Water Festival, July 3rd, July 4th, and 5th, 1987

### SUMMARY

Special regulations are necessary to support the river activities scheduled for the Sacramento Water Festival, July 3rd, July 4th and 5th, 1987. This report recommends adoption of an ordinance regulating the speed and effecting closures of portions of the Sacramento River during the Water Festival.

### BACKGROUND INFORMATION

The City Council has endorsed and supports the scheduling of a fourth annual celebration of the rivers of Sacramento in early July. This activity will be presented in the form of the Sacramento Water Festival and will feature numerous water activities including water-skiing, jet skis, ski sailing, kayaks, sport parachuting and the formula motor boat races.

It is necessary to approve special regulations for the control of those portions of the Sacramento River that will be utilized for festival activities in order to assure the safety of the general public. The City of West Sacramento and Counties of Sacramento and Yolo are being requested to adopt identical measures for the Yolo side of the river. The respective Sheriff's of the County of Yolo and Sacramento are given concurrent jurisdiction and authority with the Chief of Police to enforce the provisions of this ordinance.

### RECOMMENDATION

It is recommended that the City Council approve the ordinance for publication on April 28, 1987 and reset to adopt the attached ordinance on May 5, 1987 regulating the speed limit and closure of sections of the Sacramento River on July 3rd, July 4th & 5th, 1987.
