- H. Allocation Procedures for Building Square Footage. Procedures for allocating the uses or densities approved for the Property among the various parcels and/or portions thereof, and for resolution of any disputes regarding such allocations, shall be as follows:
  - (1) Allocation. Unless otherwise identified in the Development Plan, which is attached as Exhibit B to this Agreement, the allocation of building square footage shall be as identified in subsequent entitlements for the Property, including but not limited to parcel maps, subdivision maps, PUD schematic plans and development guidelines. CITY determines that some other method is appropriate under the circumstances.

- (2) **Dispute Resolution**. Where a dispute exists between LANDOWNER, and/or any successor or successors in interest which does not involve the CITY, with respect to any matter involving allocation of nonresidential building square footage for or on the Property, such dispute shall be resolved by arbitration, utilizing the commercial arbitration procedures of the American Arbitration Association, or some other alternative dispute resolution procedure mutually agreed upon by the parties involved in the dispute. In no case shall CITY be a party to such dispute, or to the dispute resolution procedures. All of the provisions of this Agreement relating to indemnification and defense of CITY, and payment of CITY costs, shall apply to all disputes relating directly or indirectly to allocation.
- 6. Fees, Charges, Assessments and Taxes.
  - A. **City Fees**. All applications for CITY approvals, permits and entitlements shall be subject to the application fees, processing fees, mitigation fees and other development fees within the control of the CITY that are in force and effect as of the date that the application or other request for approval is filed.
  - B. Levies Imposed by Other Jurisdictions. LANDOWNER shall be responsible for:
    - (1) all fees, charges, assessments, special taxes or levies of any sort imposed by any other state or local agency, including but not limited to the Sacramento Area Flood Control Agency, in the future as a charge for mitigation measures imposed for the purpose of mitigation of environmental impacts associated with the provision of flood control improvements and measures for the Community Plan area;

(4) ad valorem real estate taxes, and utility fees.

In the event that any of the fees, charges, assessments, special taxes or levies covered by this subsection B are imposed by or with the assistance of CITY, LANDOWNER shall nevertheless be responsible therefor. Nothing in this Agreement shall be construed to limit LANDOWNER's right to protest, in accordance with applicable provisions of law: the formation of any district included within the provisions of this subsection or to protest the amount of any assessment levied by or on behalf of such district on the Property or any portion thereof; or to protest the nature and amount of any tax, fee, assessment or charge imposed pursuant to this subsection.

C. Implementation of the Delta Shores Finance Plan. The Delta Shores Finance Plan (hereafter "Finance Plan") establishes a method for financing of required Infrastructure and public facilities through a combination of land transfers, dedications and contributions, fees, assessment districts, community facilities districts and other sources, so that the land within the Finance Plan Area pays for its share of the cost of such Infrastructure and facilities. The Finance Plan also recognizes that there is a regional benefit associated with certain portions of the Infrastructure and public facilities, and that the regional cost share will ultimately have to be paid from other sources and other property owners that benefit therefrom. LANDOWNER acknowledges that it may have to participate in funding regional costs of such Infrastructure and facilities that is located off-site of the Property on a fair share basis as identified in the Finance Plan and Final Environmental Impact Report. LANDOWNER shall participate in the Finance Plan, as made applicable to the development of the Property, and shall faithfully and timely comply with each and every provision thereof, including but not limited to the Land Acquisition Fee (if any), assessments, special taxes, and other development fees and exactions set forth therein. Without limiting the foregoing, applications for special permits, subdivision maps or other land use entitlements and building permits may be made subject to LANDOWNER's participation in and compliance with the Finance Plan. Failure to so participate shall be an event of default to which the default provisions of this Agreement and the Procedural Ordinance shall apply. For purposes of this Agreement "participate" and "participation" shall mean payment of all monies required by virtue of the Finance Plan, and performance of all obligations imposed thereby.

LANDOWNER hereby agrees to the provisions of Exhibit E, which (without limitation) contains a comprehensive waiver of protest rights with respect to CITY's establishment and implementation of development and impact fees; and CITY's actions in forming assessment districts and community facilities districts, and in levying assessments and taxes pursuant thereto. As set forth in Exhibit E, LANDOWNER reserves the right to protest the actual amount of the fee, assessment or tax levy, or other CITY charge imposed on or allocated to the Property pursuant to the Finance Plan.
- 7. Reconfiguration of Parcels. LANDOWNER shall have the right to file applications with CITY for subdivision, lot line adjustment, or for master parcelization of all or part of the Property, for the purpose of Reconfiguration of the Property. Such applications shall be processed and determined in accordance with the provisions of section 5, and all other applicable provisions of this Agreement. Where Reconfiguration requires a Special Permit, or a Planned Unit Development (PUD) designation, or other Land Use Entitlement applicable to the Property or portion thereof which is subject to the application, CITY reserves the right to require such Land Use Entitlements as a condition of granting the application.

#### 8. Infrastructure.

- A. Construction by CITY. To the extent that funds are available to CITY pursuant to the Finance Plan, and to the extent that any required real property has been transferred to CITY, or has been obtained by CITY through its power of eminent domain, which CITY agrees to utilize, where required, and subject to LANDOWNER's compliance with the terms of this Agreement and all of the terms and conditions of any Land Use Entitlement applicable to the Property, CITY agrees to use its best efforts to bring about the construction of the Infrastructure required to implement the Development Plan (Exhibit B). Provided, however, that CITY's obligations hereunder shall be limited to those items of Infrastructure which, under the Finance Plan, are to be constructed by CITY or under CITY's direction and control; where Infrastructure is to be constructed by LANDOWNER, either pursuant to conditions of approval or otherwise, the provisions of this subsection 8A shall not apply.
- B. Construction by LANDOWNER. When required by conditions of approval, and in accordance with CITY specifications and standards in effect as of the date of construction, LANDOWNER shall be responsible for the construction of Infrastructure required for implementation of the Development Plan (Exhibit B). LANDOWNER shall further comply with all required funding requirements

Provided, however, LANDOWNER shall enter into a separate agreement with CITY no later than February 20, 2009, or such other date as CITY and LANDOWNER may otherwise agree to address funding of the development, design, environmental matters, right of way acquisition and construction of the Cosumnes River Boulevard/I-5 Interchange and Extension Project, including construction of traffic signals, median, landscaping and utilities. As of the Effective Date, it is contemplated that the water and sewer systems and permanent drainage for the Property, and the entire Finance Plan Area, will be provided by the Water System. Sewer System, and Drainage System, respectively. Construction of the Water. Sewer and Drainage Systems will require land transfers to CITY pursuant to conditions for the Land Use Entitlements and this Agreement, or acquisition of required land by CITY through the use of eminent domain procedures, and funding for the required improvements, all on a timely basis and in accordance with the Finance Plan, or such other arrangement which has been implemented or required by CITY, together with any Drainage Sub-basin agreement, or substitute therefore. as specified in the Special Conditions. In recognition of the need for retention of flexibility and CITY discretion with respect to decisions relating to the ultimate solution to drainage, water, and sewer for the Community Plan area, and the need for unconditional provision of financing by LANDOWNER and other owners of land in the Finance Plan Area through the mechanisms specified in the Finance Plan. the parties agree as follows:
  - (1) **Establishment of Financing Mechanisms.** CITY shall, as soon as feasible following the adoption of the Finance Plan by the City Council, establish public financing mechanisms as identified in the Finance Plan, applicable to lands within the Community Plan area which will benefit from the Water, Sewer and Drainage Systems.
  - (2) Issuance of Bonds. Decisions as to whether to issue bonds pursuant to such financing mechanisms, and the timing and manner of issuance thereof, shall be within the sole and exclusive discretion of CITY; provided, however, that CITY shall exercise its discretion in a good faith manner, so as to provide for timely construction of Infrastructure in order not to stop or slow development.

(3)	Linkage of Development to Completion of Drainage, Water and Sewer Systems. CITY has established a performance standard that requires (inter alia) that the Drainage System, Water System and Sewer System be completed and in operation no later than the point in time when building permits have been issued for fifty percent (50%) build-out of the Finance Plan Area, as measured by developable residential and commercial acreage as defined in the Finance Plan; however, CITY shall not issue any certificates of occupancy or approval of final inspection for any lot or parcel until the Drainage System, Water System and Sewer System serving said lot or parcel is, in fact, completed and in operation. In the event that a different phasing plan is approved by LANDOWNER and is adopted and implemented by CITY, LANDOWNER shall comply with all provisions of such a plan, and shall execute any agreement or other document, or participate in any mechanism as is reasonably required by CITY to
	participate in any mechanism as is reasonably required by CITY to implement such a plan.

- (e) provides for all funding requirements established by CITY for the purpose of payment of the costs of outside consultants needed, in CITY's sole discretion; and
- (f) provides that the specific consultants (e.g., bond counsel, financial advisors, underwriters, or other consultants as may be necessary under the circumstances) shall be selected by CITY in its sole discretion.

Notwithstanding any other provision of this Agreement, CITY agrees that upon request made by LANDOWNER, CITY will consider making exceptions to the Assessment District Policy Manual, to allow for alternative methods of financing in-tract improvements, including but not limited to formation of assessment districts or similar financing mechanisms, where such alternatives are contemplated by the Finance Plan, including any amendments thereto. Provided, however, that CITY reserves its discretion to condition use of any such alternatives on satisfaction of performance preconditions (including but not limited to water, sewer and drainage capacity), and to consider underwriting considerations and criteria, together with the manner in which such alternatives further the overall implementation of the Finance Plan. Further, CITY may in its reasonable discretion deny any such request upon grounds, including but not limited to consistency of application of its policies and the potential for establishing negative precedent. CITY and LANDOWNER further agree that CITY will not sell any bonds for any LANDOWNER-initiated assessment district, community facilities district or other similar form of improvement financing mechanism until they have agreed upon the timing and date of such bond sale.

(2) Proceedings Initiated by CITY. In the event that CITY in its discretion determines that a particular financing mechanism, including but not limited to an assessment district, a community facilities district, a fee district, a development fees procedure, or any similar mechanism, is required in order to implement the Finance Plan, LANDOWNER's participation obligations set forth in this Agreement (including but not limited to Exhibit C) shall apply.

- (a) LANDOWNER may, following the procedures specified in subsection 8D(1) above, request that CITY establish one or more maintenance districts for the purpose of financing the maintenance of landscaping or other public improvements, whereunder lands benefitting from the improvements and their maintenance are assessed for a proportionate share of the maintenance cost.
- (b) LANDOWNER shall request that CITY establish one or more maintenance districts for the purpose of financing a portion of the maintenance of landscaping the Consumnes River Boulevard/I-5 Interchange. The portion of the costs to be funded by the entire DSP Area under the maintenance district shall be not more than 49% of the cost to maintain the landscaping at the Consumnes River Boulevard/I-5 Interchange project, consistent with the fair share allocation of the costs of this project.

## E. Reimbursement to LANDOWNER.

(1)From Financing Proceeds. Subject to the Finance Plan, where LANDOWNER has provided advance funding for public Infrastructure required by the Finance Plan or has constructed such Infrastructure under the direction and control of CITY, LANDOWNER shall be reimbursed for Reimbursable Infrastructure Costs ("Costs"), with adjustments for Costs as provided for in the Finance Plan, but not less than zero percent (0.0%) for each annual adjustment, at such time as CITY has established a permanent financing mechanism in the form of an assessment district, community facilities district, or other similar mechanism through which permanent public financing for such improvements is established and funds are received therefrom. Those items qualifying as Reimbursable Infrastructure Costs shall be determined pursuant to CITY policies in existence at the time of establishment of the permanent financing mechanism. CITY agrees to entertain reasonable requests from LANDOWNER for exceptions to such policies; provided, however, that CITY may, in its reasonable discretion. deny any such request upon grounds, including but not limited to consistency of application of its policies and the potential for establishing negative precedent. Nothing in this Agreement shall authorize reimbursement of any cost which, in the opinion of CITY's bond counsel, is not permissible for purposes of establishing or retaining tax free status of any bonds issued, or contemplated to be issued by CITY. The foregoing provisions of this Section 8.E.(1) shall not apply to a separate written

(2)Reimbursement From Others Benefitted. In any case where CITY requires or permits LANDOWNER to plan, design, construct, or fund the planning, design or construction of improvements required for development by the Finance Plan, in excess of or beyond those required for development of the Property, or, where required by the Finance Plan, this Agreement, or conditions of approval of the Land Use Entitlements to make dedications. provide mitigation or incur costs in connection with public improvements or the planning of the DSP Area and/or Community Plan area in excess of or beyond those required for development of the Property, and the provisions of subsection 8E(1) do not apply, CITY shall make reasonable efforts to require that all other Persons benefitted by the improvements shall reimburse LANDOWNER (through fee districts, agreements, conditions of approval, or otherwise) for such Person's proportionate share of such costs, with adjustments for such costs as provided for in the Finance Plan, but not less than zero percent (0.0%) for each annual adjustment, and as otherwise determined in accordance with the Finance Plan, or by CITY. No permits for construction by such other Persons shall be issued by City until such reasonable efforts are applied. For purposes of this Agreement, the term "in excess of or beyond those required for development of the Property" means requirements which exceed LANDOWNER's fair proportionate share, as determined in accordance with the provisions of the Finance Plan and any associated documents or studies.

Such reimbursement shall be subject to the limitations specified in the preceding paragraph (including those provisions relating to consideration by CITY of exceptions to its policies), relating to CITY policy and Reimbursable Infrastructure Costs. Reimbursement shall be limited to that amount which exceeds LANDOWNER's appropriate share of the cost, determined in accordance with principles established in the Finance Plan, and any associated documents or studies.

(3) Reimbursement of Planning, Engineering and Staff Costs. In accordance with the provisions of the Finance Plan and the Citywide Fee and Charges Policy, CITY shall impose a fee upon the DSP Area landowners, including LANDOWNER, to pay the planning, engineering, staff and related costs (including but not limited to CITY staff and related costs), as specified in the Finance Plan, and which relate to development of the

The fee shall be spread across lands within the DSP Area in the same fashion as the public facilities fees. The fee shall be payable prior to issuance of the first discretionary Land Use Entitlement for each individual parcel of land or approved phase thereof as to which an application has been filed with CITY.

# 9. **LANDOWNER Obligations**.

Transfer of Land to CITY. As set forth in the Development Plan, Land Use A. Entitlements, and Special Conditions, LANDOWNER has agreed to transfer lands at no cost that are needed for Infrastructure or public facilities to CITY, City Agency or other public agency, as specified or appropriate, excluding, however, any and all lands owned by LANDOWNER to be acquired by CITY for the Interstate 5/Cosumnes River Boulevard Interchange and Extension project, which will be the subject of a separate acquisition agreement between CITY and LANDOWNER. Set forth in Exhibit G, attached hereto and incorporated herein by this reference, are tables and maps describing and depicting the currently contemplated approximate location and amount of lands, together with a categorical listing of the types of Infrastructure and public facilities which are covered by the terms of this subsection. Included as part of Exhibit G are maps that depict the location and amount of lands owned by LANDOWNER to be dedicated to CITY for the Interstate 5/Cosumnes River Boulevard Interchange and Extension project, as well as the lands to be acquired from LANDOWNER by CITY for that project. LANDOWNER will receive compensation and/or credit for the value of the land dedicated for the Interstate 5/Cosumnes River Boulevard Interchange and Extension project at the same value as the acquired lands pursuant to the Finance Plan and the terms of a separate cost sharing agreement between CITY and LANDOWNER for the project. LANDOWNER shall transfer the lands to be dedicated to CITY either by a statement on the final map in accordance with Government Code section 66439, or by Grant Deed as specified in the conditions of approval, or by utilizing the Irrevocable Offer of Dedication form set forth in Exhibit F, attached hereto and incorporated herein by this reference, at such time as is:

In the event that, at the time of the required transfer to CITY, the location of, or the quantity of land required for the Infrastructure or public facilities has changed from that depicted or described in Exhibit G, to such a significant degree or extent that the location or quantity is inconsistent with the Community Plan as it exists on the effective date of this Agreement and the Finance Plan, the Parties shall meet and negotiate, and in good faith endeavor to reach agreement on any amendments to this Agreement needed to allow development of the Property in a reasonable manner, taking into account the changes in Infrastructure and public facilities. If agreement is reached between the Parties, the procedures specified herein and in the Procedural Ordinance shall apply to amendments to this Agreement. If agreement is not reached, either Party shall have the right to terminate this Agreement by providing the other Party sixty (60) days notice.

# 10. Litigation/Indemnification.

- A. Third-party Challenge to Agreement or Entitlements.
  - (1) In the event of any action instituted by a third party challenging the validity of any portion of this Agreement, including but not limited to, the proceedings taken for its approval (including the requirements of the California Environmental Quality Act "CEQA") or any other act undertaken by the parties hereto in furtherance of this Agreement or its terms, or any action instituted by a third party challenging the validity of any of the entitlements specified herein (including CEQA challenges), the parties agree to cooperate in the defense of the action. In all such litigation brought to contest the validity of this Agreement or such entitlements, the following shall apply:
    - (a) City may, in its sole discretion, either defend such litigation or tender its defense to LANDOWNER.
    - (b) In the event that CITY determines to defend the action itself, LANDOWNER shall be entitled, subject to court approval, to join in or intervene in the action on its own behalf, or to advocate in favor of validity of this Agreement or any challenged entitlement. In such a case, each Party shall bear its own attorney fees and costs.
    - (c) In the event that CITY determines to tender the defense of the action to LANDOWNER, LANDOWNER shall defend the action on its behalf and on behalf of CITY, and shall bear all attorney fees and costs associated with such defense from and after the date of the tender. Provided, however, that CITY may at any time after the tender elect to assume representation of itself; in that event, from and after the date CITY gives notice of its election to do so, CITY shall be responsible for its own attorney fees and costs incurred thereafter.
  - (2) If, in such litigation, a final judgment or other final order is issued by the court which has the effect of invalidating or rendering ineffective, in whole or in part, any provision of this Agreement or the Agreement itself, or any entitlement issued during the term of this Agreement and pursuant to its terms, the following shall apply:
    - (a) If the judgment or order includes a provision for attorney fees and/or

costs of the successful party or parties, LANDOWNER shall pay the entire cost thereof, without right of offset, contribution or indemnity from CITY, irrespective of anything to the contrary in the judgment or order. Provided, however, that if the litigation relates entirely, solely and exclusively to a challenge to the Community Plan in general, separate and apart from this Agreement or any entitlement relating to the Property, and if LANDOWNER is named or becomes a party in such litigation, LANDOWNER and CITY shall bear the cost of the successful party's attorney fees and/or costs in the manner specified in the court's judgment.

- (b) CITY and LANDOWNER shall meet and endeavor, in good faith, to attempt to reach agreement on any amendments needed to allow development of the Property to proceed in a reasonable manner, taking into account the terms and conditions of the court's judgment or order. If agreement is reached, the procedures for amending this Agreement as specified herein shall apply. If agreement is not reached, either Party shall have the right to terminate this Agreement by giving the other Party sixty (60) days' notice of termination.
- (c) In the event that amendment is not required, and the court's judgment or order requires CITY to engage in other or further proceedings, CITY agrees to comply with the terms of the judgment or order expeditiously.
- B. **Indemnification**. LANDOWNER agrees to defend and indemnify CITY, its elective and appointive boards, commissions, officers, agents and employees against any liability for damage or claims for damage for personal injury, including death, or property damage, arising out of or relating in any way to actions or activities to develop the Property, undertaken by LANDOWNER or LANDOWNER's contractors, subcontractors, agents or employees.

#### 11. Effect of Subsequent Laws.

# A. Laws of Other Agencies.

(1) If any public agency, other than CITY, adopts any new law, regulation, ordinance or imposes any new condition (herein referred to collectively as "the New Law") after the date of this Agreement, which prevents or precludes either the CITY or LANDOWNER, or both, from complying with one or more

provisions of this Agreement, then immediately following the enactment of the New Law the parties shall meet and confer in good faith to determine whether the New Law applies to the Property, and whether suitable amendments to this Agreement can be made, in order to maintain LANDOWNER's right to develop the Property in a reasonable manner in accordance with Exhibit B of this Agreement.

- (2) In the event that the parties, after having engaged in good faith negotiations, are unable to agree on such amendments, the parties shall consider whether suspension of the term of this Agreement is appropriate, and if so, what the terms and conditions of any such suspension should be. In the event that the parties, after having engaged in good faith negotiations are unable to agree on the suspension issues, either Party shall have the right to terminate this Agreement by giving the other Party sixty (60) days' written notice of termination.
- (3) LANDOWNER or CITY shall have the right to institute litigation relating to the New Law, and raise any issues relating to its validity. If such litigation is filed, this Agreement shall remain in full force and effect until final judgment is issued. Provided, however, that if any action that CITY would take in furtherance of this Agreement would be rendered invalid, facially or otherwise, by the New Law, CITY shall not be required to undertake such action until the litigation is resolved, or the New Law is otherwise determined invalid, inapplicable, or is repealed. In the event that such judgment invalidates the New Law, or determines that it does not affect the validity of this Agreement, this Agreement shall remain in full force and effect, and its term shall be extended by the amount of time between the effective date of the New Law, and the effective date of the judgment. In the event that such judgment determines that the validity of this Agreement is, directly or indirectly affected by the New Law, the parties shall proceed under the provisions of subsections 11A(1) and 11A(2) above.
- B. Laws Passed by CITY. Subject to the provisions of section 5 of this Agreement, neither the CITY nor any CITY Agency shall enact any initiative, ordinance, policy, resolution, general plan amendment or other measure that relates to the density or intensity of development on the Property, or the rate, timing or sequencing of the development or the construction on the Property on all or any part thereof, or that is otherwise in conflict, either directly or indirectly, with this Agreement.

# 13. Legal Actions; Applicable Law; Attorney's Fees.

- A. Legal Actions. In addition to any other rights or remedies, either Party may institute legal action to cure, correct, or remedy any default by any other Party to this Agreement, to enforce any covenant or agreement herein, or to enjoin any threatened or attempted violation hereunder. Notwithstanding any other provision of law, or of this Agreement, in no event shall a Party (or successor), or its officers, agents or employees, be liable to the other Party (or successor), or its officers, agents or employees, in damages for any breach, default or violation of this Agreement, it being specifically understood and agreed that the Parties' sole legal remedy for a breach, default or violation of this Agreement shall be a legal action in mandamus, specific performance or other injunctive or declaratory relief to enforce the provisions of this Agreement.
- B. Applicable Law. This Agreement shall be construed and enforced in accordance with the laws of the State of California. LANDOWNER agrees and acknowledges that CITY has approved and entered into this Agreement in the sole exercise of its legislative discretion and that the standard of review of the validity and meaning of this Agreement shall be that accorded legislative acts of CITY.
- C. Attorney Fees. In any arbitration, quasi-judicial, administrative or judicial proceeding (including appeals), brought by either Party hereto to enforce or interpret any covenant or any of such Party's rights or remedies under this Agreement, including any action for declaratory or equitable relief, the prevailing party shall be entitled to reasonable attorneys' fees and all costs, expenses and disbursements in connection with such action, including the costs of reasonable investigation, preparation and professional or expert consultation, which sums may be included in any judgment or decree entered in such action in favor of the

- 14. **Amendment of Agreement**. This Agreement may be amended from time to time only by the mutual written consent of the Parties, in accordance with the provisions of Government Code sections 65867 and 65868.
- 15. CITY's Good Faith in Processing. Subject to the provisions of subsection 5B hereof, and LANDOWNER's compliance with each and every term and condition of this Agreement and all of its exhibits, CITY agrees that it will accept in good faith for processing, review, and action, all complete applications for master parcel maps, zoning, planned unit development designation, planned unit development guidelines, schematic plans, special permits, building permits, parcel maps, subdivision maps, or other Land Use Entitlements for use of the Property in accordance with the General Plan, the Community Plan, PUD Guidelines, and this Agreement.

CITY shall inform the LANDOWNER, upon request, of the necessary submission requirements for each application for a permit or other entitlement for use in advance, and shall expeditiously review said application for completeness and shall schedule the application for expeditious review by the appropriate authority.

- 16. Default, Remedies, Termination.
  - A. **General Provisions**. Subject to any extensions of time by mutual consent of the parties, and subject to the cure provisions set forth herein, any failure or unreasonable delay by either Party to perform any material term or provision of this Agreement shall constitute a default.
    - (1) LANDOWNER Default. In addition to any other remedy specified herein, in the event that notice of default has been given in accordance with subsection 16B., wherein a default by LANDOWNER is alleged, CITY shall not be obligated to issue any building permit, or grant any Land Use Entitlement as to which an application has been filed.
    - (2) CITY Default. In addition to any other remedy specified herein, in the event that notice of default has been given in accordance with subsection 16B, wherein a default by CITY is alleged, any resulting delays in LANDOWNER's

- (3) Successors in Interest. Where the Property, after the Effective Date, has been lawfully conveyed in whole or in part to one or more successors in interest in such a manner as to invoke the provisions of section 4 of this Agreement, and one or more of such successors in interest is in default with respect to the portion of the Property owned by it, neither LANDOWNER nor any other non-defaulting successor in interest shall be liable for the default, if the provisions of section 4 have been complied with, and in accordance with the terms and conditions of that section.
- B. Cure of Default. In the event of an alleged default or breach of any terms or conditions of this Agreement, the Party alleging such default or breach shall give the other Party notice in writing specifying the nature of the alleged default and the manner in which said default may be satisfactorily cured and a reasonable period of time in which to cure, that shall in no event be less than thirty (30) days. During any such period, the Party charged shall not be considered in default for purposes of termination or institution of legal proceedings.
- C. Remedies After Expiration of Cure Period. After notice of default or breach pursuant to subsection 16B and expiration of the specified period to cure, if the alleged default has not been cured in the manner set forth in the notice, the other Party may at its option:

#### 17. Annual Review.

- A. General Provisions. In accordance with Government Code section 65865.1, CITY shall, at least every twelve (12) months during the Term of this Agreement, review the extent of good faith compliance by LANDOWNER with the terms of this Agreement. Failure of CITY to conduct an annual review shall not constitute a waiver by CITY or LANDOWNER of the right to conduct future annual review or to otherwise enforce the provisions of this Agreement, nor shall a party have or assert any defense to such enforcement by reason of any such failure. The failure of CITY to undertake such review, shall not, in itself, invalidate the terms of this Agreement or excuse any party hereto from performing its obligations under this Agreement.
- B. **Scope of Review**. The annual review shall be limited in scope to compliance with the terms and conditions of this Agreement.
- C. Proceedings. The procedures specified in the Procedural Ordinance for conduct of the annual review by the City Manager, and by the City Council, shall apply to each annual review of this Agreement. At least ten (10) days prior to the commencement of any annual review, CITY shall deliver to LANDOWNER a copy of any public staff reports and other documents to be used or relied upon in conducting the review. LANDOWNER shall be permitted an opportunity to respond to CITY's evaluation of LANDOWNER's performance by written and oral testimony at the public hearing to be held before the City Council, if LANDOWNER so elects.

At the conclusion of the annual review, CITY shall make written findings and determinations on the basis of substantial evidence, as to whether or not LANDOWNER or its successors have complied in good faith with the terms and conditions of this Agreement.

D. Failure of Compliance. Any determination of failure of compliance shall be subject to the notice requirements and cure periods set forth in section 16 of this Agreement. If termination is proposed, it shall apply solely with respect to that portion of the Property (if less than all) affected by the failure to show good faith compliance. If modification of the Development Agreement is proposed, the modification shall pertain solely to the provisions hereof as applicable to that

portion of the Property (if less than all) affected by the condition that has prompted the proposed modification.

- 18. Termination Upon Completion of Development.
  - A. General Provisions. This Agreement shall terminate as to each parcel of property contained within the Property when that parcel of land: (i) has been fully developed with all buildings; (ii) all occupancy permits for the buildings constructed thereon have been issued by CITY; (iii) CITY has accepted any public facilities constructed by LANDOWNER thereon or required to serve that parcel: (iv) CITY has accepted the dedications thereon; and (v) all of LANDOWNER'S obligations in connection therewith are satisfied, as reasonably determined by CITY. CITY shall, upon written request made by LANDOWNER to CITY's Development Services Department, determine if the Agreement has terminated with respect to any parcel of land contained within the Property, and shall not unreasonably withhold, condition or delay termination as to that parcel if LANDOWNER'S obligations therewith are satisfied. LANDOWNER, or its successor, shall prior to said termination pay to CITY a fee commensurate with the cost of processing the request and making such a determination, including but not limited to CITY's administrative and legal expenses. Such fee shall be determined in accordance with CITY's established fees and charges then in effect. Upon termination of this Agreement, CITY shall upon LANDOWNER's request expeditiously record a notice of such termination in a form satisfactory to the City Attorney that the Agreement has been terminated. The aforesaid notice may specify, and LANDOWNER agrees, that termination shall not affect in any manner any continuing obligation to pay any item specified by this Agreement, and shall have the effect as set forth in subsection 18C.
  - B. Multi-family and Single Family Residential Projects. This Agreement shall automatically terminate and be of no further force and effect as to any single family residence or multi-family building, and the lot or parcel upon which said residence or building is located, when CITY has issued an occupancy permit for that residence or building or otherwise has been approved by CITY for occupancy.
  - C. Effect Of Termination On Landowner Obligations. Termination of this Agreement as to the Property or any portion thereof shall not affect any of the LANDOWNER's obligations to comply with CITY's General Plan, the DSP Area, the PUD Guidelines, and all Land Use Entitlements issued for the Property, nor shall it affect any other covenants of this Agreement specified in this Agreement to

be bound by all of the terms and conditions of this Agreement, which pertains to the Property or such portion thereof in which it holds an interest. Nothing in this section shall be construed to grant to a Lender rights beyond those of LANDOWNER hereunder, or to limit any remedy CITY has hereunder in the event of default by LANDOWNER, including but not limited to termination and/or refusal to grant Land Use Entitlements with respect to the Property.

- (2)**Lender in Possession**. A Lender who comes into possession of the Property, or any portion thereof, pursuant to foreclosure of a mortgage or deed of trust, or a deed in lieu of foreclosure, shall not be obligated to pay any fees or charges which are obligations of LANDOWNER, and which remain unpaid as of the date such Lender takes possession of the Property or portion thereof. Provided, however, that a Lender shall not be eligible to apply for or receive Land Use Entitlements with respect to the Property, or otherwise be entitled to develop the Property or devote the Property to any uses or to construct any improvements thereon other than the development contemplated or authorized by this Agreement and subject to all of the terms and conditions hereof, including payment of all fees (delinquent, current and accruing in the future) and charges, and assumption of all obligations of LANDOWNER hereunder; provided, further, that no Lender, or successor thereof, shall be entitled to the rights and benefits of the LANDOWNER hereunder or entitled to enforce the provisions of this Agreement against CITY unless and until such Lender or successor thereof qualifies as a recognized assignee under the provisions of section 4 of this Agreement.

# **EXHIBIT C**

# **SPECIAL CONDITIONS**

#### I. PURPOSE AND INTENT

The definitions applicable to the body of the Agreement shall apply to this Exhibit C.

In order to achieve its objectives, and in order to obtain from each LANDOWNER and developer, all required contributions, fees, land transfers, agreements, and other mechanisms required to implement its terms, the Community Plan provides that all rezoning and development shall occur through the planned unit development process. Development agreements should be entered into with LANDOWNERS whenever feasible under the circumstances.

Under no circumstances can development of the Property proceed without satisfaction of the conditions specified in this exhibit. These Special Conditions shall constitute binding and legally enforceable obligations of LANDOWNER and its successors and assigns, and binding and legally enforceable requirements and conditions for the development of the Property, in addition to other obligations, requirements and conditions imposed during the rezoning, special permit, subdivision map and other Land Use Entitlement processes.

#### II. LANDOWNERS' OBLIGATIONS

- A. **Mitigation Monitoring**. When required in order to comply with the Final Environmental Impact Report for the Project, LANDOWNER shall execute a mitigation monitoring plan agreement and comply with all applicable mitigation measures therein. LANDOWNER shall fully cooperate with CITY in implementing any mitigation monitoring plan adopted as part of the approval process for development of the Property.
- B. **Agreements With Other Agencies**. As required by CITY, LANDOWNER shall enter into agreements with other affected agencies, including but not limited to:
- 1. Appropriate sanitation districts, including but not limited to Sacramento County Regional Sanitation District ("SCRSD"), for provision of facilities, payment of fees and charges, and payment (if applicable) of any proportionate share of penalties imposed by the Environmental Protection Agency. CITY and LANDOWNER acknowledge and agree that the sewer interceptor serving the Property is already surcharged, but that SCRSD has nonetheless agreed to allow Delta Shores Development Agreement

the Property to connect its sewer system to said interceptor.

- C. Inclusionary Housing Requirements. CITY has enacted a mixed-income housing policy ("Policy"), as set forth in Chapter 17.190 of the Sacramento City Code. To the extent that the Property is subject to the Policy, certain Land Use Entitlements for the Property will contain conditions which implement the Policy, including but not limited to conditions requiring an inclusionary housing plan ("IHP") and an inclusionary housing agreement ("IHA"). The IHP for the property, where the Policy is applicable, is attached to this Exhibit C as Exhibit C-1, and incorporated herein by this reference. The requirements specified in the IHP shall be implemented by LANDOWNER, and LANDOWNER shall execute the required IHA.
- D. **Flood Insurance; TMA Requirement**. As required by CITY, LANDOWNER shall do the following:
  - 1. **Flood Insurance**. For residential units constructed in any area within the Project designated as Zone A99 by the Federal Emergency Management Agency (FEMA), LANDOWNER shall provide, at its cost, flood insurance for two (2) years, from the time of sale of individual units to homebuyers, for all residential units on the project site, provided that the total cost not exceed one thousand dollars (\$1,000) per unit.
  - 2. TMA Requirement. Prior to the issuance of building permits for the commercial portion of the project, LANDOWNER shall either enter into an existing Transportation Management Association (TMA), or create a new TMA to serve the project area. Funding may be provided by the project applicants through a Community Facilities District (CFD) or other funding mechanism approved by CITY. Currently, the nearest existing TMA which would cover the Project area is the Sacramento TMA.
  - E. Parkland Dedication; Park Funding Requirement. As required by CITY, LANDOWNER shall do the following:
    - 1. Parkland Dedication. For purposes of calculating parkland dedication pursuant to Section 16.64.030 of the Sacramento City Code, the parkland dedication requirement shall be based upon the highest residential density allowed within the zoning designation applied for, unless the LANDOWNER enters into an agreement with CITY for a lower density which shall specify a lower parkland dedication requirement. Using the number and type of lots proposed in the Delta Shores East and Delta Shores West Tentative

Delta Shores Development Agreement	- 61 -	Revised: 1-9-09

CITY AGREEMENT NO	DATE ADOPTED:	

Subdivision Maps and the highest density for all remaining unmapped areas proposed for residential uses would put LANDOWNER's parkland dedication requirement at 73.06 acres. Pursuant to Section 16.64.030, the Parties hereby agree that the total parkland dedication for the Delta Shores PUD shall be 61.28+ acres, based upon an assumed maximum housing unit count within the Delta Shores PUD Schematic Land Use Plan of 5,222 units, where 2,012 are single-family detached units and 3,210 are attached units. The total parkland dedication requirement may be amended based upon the actual number of units constructed pursuant to the following formula. This parkland dedication is determined according to the formula  $D \times F = A$ , where D = the number of dwelling units, F = a 'factor' that when multiplied by the number of units will produce five acres per thousand population (for singlefamily detached units the factor is 0.0149, and for attached and multi-family units the factor is 0.0088), and A = the buildable acres to be dedicated. Because parkland dedication requirements are based both on unit type and count, the number of acres of parkland dedicated with the Tentative Master Parcel Subdivision Map establishes a limit on the number and type of units that may be approved without additional parkland dedication or in-lieu fee obligations under Chapter 16.64 of the Sacramento City Code. In reaching this agreement, it is the intent of the Parties to establish a parkland dedication limit based on how LANDOWNER proposes to develop the site, but to allow CITY to reserve the ability to require more parkland dedication, in the event LANDOWNER exceeds the assumed unit count or type so as to require more than the 61.28+ acres using the formula outlined above.

2. Land Dedication Security. The Delta Shores PUD includes a Tentative Master Parcel Subdivision Map and subsequent tentative maps entitled Delta Shores East and Delta Shores West Tentative Subdivision Maps, respectively, and will also include future subsequent tentative subdivision maps. The Parties acknowledge that each tentative map subsequent to the Tentative Master Parcel Subdivision Map may or may not be able to completely satisfy its Quimby Act parkland dedication requirements as a stand alone map, but it is the Parties' intent to meet the parkland cumulative dedication requirement for the Project overall. Therefore, if any map subsequent to the Tentative Master Parcel Subdivision Map contains less parkland than is required to meet its Quimby parkland dedication requirement for such map, the parkland dedication for such map together with the accumulated totals for both residential units and parkland for all preceding final maps, shall be compared to the required cumulative parkland dedications for those maps. If the cumulative dedications for all such maps

are less than the required dedications for those maps, LANDOWNER shall provide the City with a letter of credit or other authorized security in a form approved by the City Attorney, in an amount equal in value to the balance of parkland due, to secure the dedication of parkland for the Final Map. The Letter of Credit shall be released by CITY upon acceptance of the IOD for the balance of the parkland dedication that is due. The dedication of excess parkland does not obligate CITY to reimburse the LANDOWNER for the value of the land dedicated.

- 3. **Park Funding Requirement**. As required by subsection 9C of the Development Agreement, LANDOWNER shall transfer four million dollars (\$4,000,000) to CITY for purposes of future development of a regional park to be located on or adjacent to the Property (the "Regional Park Fee") upon or before issuance of the 3,375<sup>th</sup> residential building permit at the Property.
- F. Global Climate Change Mitigation Conditions. LANDOWNER shall implement the voluntary mitigation measures identified as Mitigation Measures 5.10-1(a) through and including 5.10-1(cc) in the Final Environmental Impact Report for the Project.
- G. **Agricultural Impact Mitigation Condition:** LANDOWNER shall undertake preservation of farmland at a 1:1 mitigation ratio by preserving an equal amount of farmland in\_Sacramento County at a site approved by the City comprised of Prime Farmland and Farmland of Statewide Importance, prior to the issuance of any grading permit, in order to reduce any impacts arising from the conversion of the current agricultural uses at the project site to urban development. Where mitigation provided pursuant to Mitigation Measure 5.4-3 for the loss of Swainson's hawk foraging habitat also meets the requirements for farmland mitigation, it shall be applied in satisfaction of the foregoing requirement.

# III. CONDITIONS OF DEVELOPMENT; SPECIAL FINDINGS REQUIRED

A. In addition to other findings and conditions as may be deemed applicable, no special permit, subdivision map or other land use entitlement for the Property shall be approved unless the approving body either: (1) makes the following findings; or (2) expressly waives such findings, in whole or in part, as not applicable to the Property and stating the reasons therefor with such waiver and the reasons therefor appear in the record or document of approval. These findings are:

### **Protest Waiver Provisions Agreed to by LANDOWNER**

LANDOWNER understands and agrees that financing of the Infrastructure and programs required under the Delta Shores Finance Plan (hereafter "Finance Plan") will be accomplished through a variety of financing mechanisms, including but not limited to a combination of special assessment districts, tax districts (such as Mello-Roos Community Facilities Districts) and developer fees, all of which mechanisms are designed to spread the cost of those items in accordance with benefit and other methodologies. LANDOWNER further understands and agrees that an important component of this Agreement is LANDOWNER's advance consent to the formation of, or implementation of any such district or imposition of any such fee, and LANDOWNER's agreement not to protest or contest such formation, implementation or fee imposition.

Accordingly, LANDOWNER agrees for itself, its constituents, successors and assigns that it fully, finally and forever waives and relinquishes any right it may have to protest or contest the formation or implementation of any special assessment or tax district or any similar form of financing mechanism, or any combination thereof, together with any rights it may have to contest the imposition of any developer fee established or imposed to implement the Finance Plan. Nothing in this Agreement, however, shall prevent LANDOWNER from presenting CITY any information or opinions regarding any financing mechanism CITY may from time to time consider establishing or imposing, which information or opinions relate to the dollar amount of any fees, assessments, taxes or other charges imposed by CITY pursuant to the Finance Plan, or which information or opinions relate to the question of consistency of the financing mechanism with the Finance Plan. If a financing mechanism is proposed for adoption by CITY, which mechanism both: (i) directly and significantly conflicts with the language and the intent of the Finance Plan, as amended; and (ii) directly and significantly conflicts with the Nexus Study adopted by the City Council in connection with establishment of development fees for the Finance Plan Area, LANDOWNER shall have the right to protest only the actual amount of the directly and significantly conflicting proposed fee, charge, special tax, or assessment proposed to be levied, charged, assessed or taxed against the Property by virtue of the proposed financing mechanism. Provided, however, that LANDOWNER's said right to protest, together with any right to object, shall be waived unless LANDOWNER's protest or objection is made at or before the time of the public hearing wherein the proposed financing mechanism, together with the fee, charge, special tax or assessment is established by the City Council. LANDOWNER's right to judicially challenge any such mechanism, and the fees, charges, assessments or special taxes imposed or to be imposed in connection therewith, shall be limited to review of the decision of the City Council establishing the said mechanism and the said fees, charges, assessments or special taxes; LANDOWNER shall not have the right, in connection with any land use entitlement

proceeding with respect to the Property, to judicially challenge the financing mechanism or the fees, charges, assessments or special taxes (but not the dollar amount thereof) as applied to the Property, and waives any statutory or common law right to pay such fees, charges, assessment or special taxes under protest. For purposes of this Agreement, "fees, charges, assessments or special taxes" shall include any monetary exaction or payment required to be paid by LANDOWNER by virtue of or relating to development of the Property.

Without limiting the generality of the foregoing, LANDOWNER for itself, its constituents, successors and assignees specifically, as to the Property, agrees to the following:

- (1) Waives, and hereby grants advance consent to the formation and implementation of any and all special assessment districts, tax districts (such as Mello-Roos Community Facilities Districts), fee districts or other financing mechanisms of a similar nature recommended or established by CITY for the purpose of financing Infrastructure. Without limiting the generality of the foregoing, LANDOWNER specifically waives:
- (i) the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (division 4 of the Streets and Highways Code, beginning at section 2800), together with associated provisions of the California Constitution;
- (ii) the provisions of any other statute designed to provide a protest or contest procedure in connection with formation and implementation of a district or similar financing mechanism; and
- (iii) the provisions of any procedure embodied in the Sacramento City Code designed to provide a protest or contest procedure in connection with formation and implementation of a district or similar financing mechanism.
- (2) Waives, and hereby grants advance consent to the formation and implementation of any and all special fees, exactions, development fees, assessments, taxes or other charges established by CITY for the purpose of financing Infrastructure. Without limiting the generality of the foregoing, LANDOWNER specifically waives:
- (i) to the extent applicable, those statutory and constitutional provisions specified in paragraph (1) above; and
- (ii) the provisions of Government Code section 66000 et seq. or any other provision of law providing a procedure for contest or protest of establishment or imposition of special fees, exactions, development fees, assessments, taxes or other charges of a similar nature.

### PROCEDURE FOR ADJUSTING THE PUBLIC FACILITIES FEE AND REVISING THE INVENTORY OF REMAINING INFRASTRUCTURE TO BE FINANCED BY THAT FEE

When amending the Delta Shores Finance Plan, the City shall set the amount of the Public Facilities Fee by using the estimated cost of the facilities to be financed, determined in accordance with the following procedure:

#### 1. Definitions.

- (a) "Aggregate Costs" means the cost to construct remaining PFF Eligible Facilities.
- (b) "CalTrans Index" means the Quarterly California Highway Construction Cost Index (Price Index for Selected Highway Construction Items) published by the California Department of Transportation, Division Of Engineering Services Office Engineer.
- (c) "ENR Index" means the Engineering News Record Construction Cost Index for San Francisco.
- (d) "Finance Plan" means the Delta Shores Finance Plan, as amended.
- (e) "Funding Requirement" means the amount of the PFF that must be generated from remaining development so that the City will have adequate funding (A) to construct the PFF Facilities remaining to be completed and (B) to administer the PFF program. It is calculated as follows: first, calculate the aggregate cost to complete the remaining PFF Facilities and to pay the administrative component of the PFF as required by the Finance Plan; second, from the result, subtract the PFF revenues then available to complete the remaining PFF Facilities; and third, add the amount of outstanding PFF credits.

Funding Requirement = (current year's cost estimate) – (revenue on hand) + (outstanding credits)

- (e) "PFF" means the Public Facilities Fee established by Sacramento City Code for the Delta Shores Finance Plan.
- (f) "PFF Eligible Facility" means a public improvement or segment of a public improvement that is identified in the first Delta Shores Finance Plan.

- (h) "PFF Share" means the portion of a PFF Eligible Facility's cost that is funded, in whole or part, by the PFF.

### 2. Annual PFF Adjustment for PFF Eligible Facilities.

- (a) Each July 1, the City will adjust the PFF in accordance with the difference between (1) the Funding Requirement for the current year; and (2) the funding that would be available, after deducting revenue on hand and adding outstanding PFF credits, if the then-existing PFF were applied to remaining development. In no event will the annual inflationary adjustment to outstanding credits be less than zero (0%).

- 3. Adjustments to Aggregate Costs: Remaining Freeway Improvements, Roadways, Bridges, Signals, and Bikeways.
  - (a) Adjustment by Index.
    - (1) Subject to Subsection 3(b) below, for all PFF Eligible Facilities except the police substation and the fire station, the cost adjustment to remaining PFF Eligible Facilities is the greater of the following (but in no event less than zero percent):
      - (A) the ENR Index; or
      - (B) the CalTrans Index 3-year moving average.
    - (2) Index measurement.
      - (A) ENR Index: Year-over-year change as of each March.
      - (B) CalTrans Index: 12-quarter average through quarter 1 of the current year over 12-quarter average through quarter 1 of the prior year.
    - (3) Precision. All calculations will be carried out to three decimal places.
  - (b) Adjustment by Benchmarking.
    - (1) Before April 1 of each calendar year, a third-party professional engineering consultant who is under contract to the City will estimate the cost to construct all PFF Eligible Facilities subject to this subsection 3(b). The cost estimate will anticipate cost changes to the next July 1. The cost estimate plus an estimated contingency (not to exceed an amount equal to 26% of the cost estimate) is the "Benchmark Estimate" of Aggregate Costs for the year.
    - (2) If the percentage change between the Aggregate Costs for the then-current year and the Aggregate Costs for the same set of PFF Eligible Facilities for the immediately preceding year differ by an amount equal to, or more than, plus or minus 5% in aggregate from the percentage change determined by index in accordance with Subsection 3(a) above, then the City will use the then-current

year's Benchmark Estimate of Aggregate Costs to determine the Funding Requirement.

- (c) Comprehensive Review and Nexus Study. The City will perform a comprehensive review and nexus study for the PFF at least every three years unless the City determines that prevailing market conditions do not justify doing so (e.g., if development is lacking or the remaining development is limited).
- (d) Sample cost adjustments for freeway improvements, roadways, bridges, signals, and bikeways:

### 4. Adjustments to Aggregate Costs: Police Substation and Fire Station.

For the police substation and fire station, the portion of the cost for each that is funded by the PFF will not exceed that established in the first Delta Shores Finance Plan, except as follows: the City will adjust the cost of the police substation and fire station by using the change in the ENR Index from March to March, effective each July 1.

### 5. PFF Funding Obligation; Change in list of Facilities being funded with PFF.

- (a) The Finance Plan shows not just the estimated cost of each PFF Eligible Facility but also the PFF Share for the PFF Eligible Facility. Each year, after adjusting costs in accordance with sections 1 through 4 above, the City shall determine the aggregate PFF share for all PFF Eligible Facilities, and that aggregate amount will be the PFF Funding Obligation for that year.
- (b) Each year, the City may revise the PFF Share for each PFF Eligible Facility and shall give Landowner 30-days' prior written notice of any revision that will result in a Removed PFF Facility (defined below), as follows:
  - (1) If a PFF Eligible Facility is removed from the Delta Shores Finance Plan because it will no longer be funded by the PFF (a "Removed PFF Facility"), then the City may allocate the Removed PFF Facility's PFF Share (determined in accordance with subsection 3(b)(1) above) to another PFF Eligible Facility on the list. Public improvements not identified in the Delta Shores Finance Plan may not be funded with the PFF.
  - (2) The City may not require, as a condition for approving the Landowner's request for land-use entitlements on all or part of the Property, that the Landowner or any other signatory to a Delta Shores Development Agreement construct all or part of a Removed PFF Facility. This limitation does not apply if the Landowner requests and receives a change in the then-existing zoning on all or part of the Property and the City determines that the change creates a need for construction of a Removed PFF Facility.
  - (3) If the City has previously required the Landowner to build a PFF Eligible Facility as a condition of approval for a land-use entitlement granted to the Landowner, then the City may not subsequently remove the PFF Eligible Facility from the list of remaining PFF Eligible Facilities and thereby deny the Landowner the opportunity to obtain reimbursement from the PFF program.

### 6. Scope of PFF Eligible Facilities.

The scope of each PFF Eligible Facility is as described in the Finance Plan, as amended, and may not be revised except as required to comply with federal or state law. With respect to public roadways and streets, the scope is to be based on the City's street-design standards for lands within the Delta Shores area.

### 7. Adequate Funding for PFF Eligible Facilities.

The City may not cite, as a reason for increasing the amount of the PFF Funding Obligation, the loss of potential funding from sources identified in the first Delta Shores Finance Plan as Non-PFF Funding Sources, such as federal funding, state funding, regional funding, grants, gifts, contributions, fees, reimbursements, the City's general fund, the City's Major Street Construction Tax, private funds, or payments from the Stone-Boswell area in the event of the approval of land entitlements for this area.
