January 23, 1986

City Council  
Sacramento, California

Honorable Members in Session:

SUBJECT: Morrison Creek Assessment District (CC:8599) - Change Order No. 4  
Approval

### SUMMARY

This report is submitted for approval of Change Order No. 4 to the Morrison Creek Assessment District Contract.

### BACKGROUND

Change Order No. 4, totalling \$41,486.23, provides for correction of a drainage problem at an adjacent property location, substitution of a better grade of bedding for the vitrified clay pipe sewer lines, some additional electrical work at the sump, additional bulldozer work at the City landfill site to properly stockpile the moved material, and installation of pipe under the Morrison Creek Bridge to provide summer drainage.

The contractor was directed to perform the work on a time and materials basis in order to avoid project delays. Change Order submittal has been delayed until final costs were known.

### FINANCIAL

The original contract was in the amount of \$4,741,106.02. Change Order Nos. 1 through 3 totalled \$246,201.60. Change Order No. 4, in the amount of \$41,486.23, makes a total contract cost of \$5,028,793.85. There are sufficient funds remaining in the project account to cover the cost of Change Order No. 4.
