Honorable Members in Session:

SUBJECT: Public Hearing on the Magpie Creek Drainage Study Draft

SUMMARY:

The subject draft EIR has been prepared and distributed for public comment in accordance with State and City environmental guidelines. The City's environmental regulations require that a public hearing be held on all draft EIR's. It is recommended that Council designate the Planning Commission as the body to hold this hearing. This hearing will be on the sufficiency of the EIR only and not on the merits of the project. The merits of the project will be discussed when Council considers action on it.

RECOMMENDATION:

It is recommended that the Planning Commission be designated as the body to hold a public hearing on the sufficiency of the draft EIR for the Magpie Creek Drainage Study.

Respectfully submitted,
