ENVIRONMENTAL CONSIDERATIONS

The City of Sacramento is the lead agency for CEQA and NEPA compliance. It was determined that a categorical exemption (CEQA) is adequate for this project under CEQA Section Number 15301.

Because the project is being partially financed with federal transportation funds, a Categorical Exclusion was prepared to satisfy the requirements of the National Environmental Policy Act (NEPA). A Notice of Exemption was filed with the County on October 17, 2000.

FINANCIAL CONSIDERATIONS:

- The estimated total project cost, including all planning, design, construction, and construction engineering costs for the Richards Boulevard Reconstruction project is \$3,816,242.
- The existing project budget is \$3,707,552.
- Additional funding appropriation in the amount of \$178,585 will be transferred from the Department of Utilities' Economic Development Program (PN:WK56) to the project. These funds will cover the cost of relocating or upgrading sections of water, sewer, and storm drainage facilities.

POLICY CONSIDERATIONS:

Award of this contract is consistent with Title 3 of the Sacramento City Code.

ESBE CONSIDERATIONS:

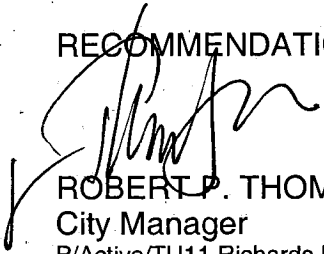

This project is funded with federal funds and requires disadvantage business enterprise (DBE) participation goals. ESBD considerations do not apply.
