WILLIAM REDMOND
MANAGER

City Council
Sacramento, California

Honorable Members in Session:

SUBJECT: REQUEST APPROVAL OF AUTO AND GENERAL LIABILITY CLAIMS
THIRD PARTY ADMINISTRATOR FOR THE CITY

SUMMARY

The Budget & Finance Committee, on March 13, 1990, approved this item and recommended that it be forwarded to the full City Council for approval. This report recommends the award of a five (5) year contract, subject to annual review to Bragg & Morse, Inc., to provide the City of Sacramento with auto and general liability claims administration services.

BACKGROUND

The previous Agreement for third party administrator of auto and general liability claims services between the City of Sacramento and Adjustco, Inc. terminated on January 19, 1990.

On January 9, 1990, the City Council authorized cancellation of the City's Agreement with Adjustco, and adopted RFP specifications to go out to bid for a new auto and general liability claims administrator.

The claims administration services proposal was issued with an appropriate timetable for selecting the new subject claims administration service.

Request for Proposals were mailed out to eleven (11) local claims service offices and advertisements were placed in required newspapers.

On February 8, 1990, seven (7) qualified written proposals responsive to the bid request were received by the City. These proposals were reviewed by a committee composed of five (5) city staff members: Jack Crist, Deputy City Manager; Donna Giles, Personnel Director; Richard Antoine, Deputy City Attorney; Frank

Mugarategui, General Services Director; and William Redmond, Risk Manager; and the committee selected the three (3) most qualified firms for final interviews.

<u>Qualified Proposals Received</u>	<u>Firms Selected for Interview</u>
Bragg & Morse, Inc.	X
Gallagher Bassett Insurance Services	
G.A.B. Business Services, Inc.	
George Hills Co., Inc.	X
Carl Warren & Co.	X
Pearce & Frankman	
Insurance Consulting	

The firms interviewed are all capable and qualified claims administrators, making the selection difficult. Selection of the recommended claims administrator was based on the following criteria: 1) Length of public entity experience; 2) Third party administration and legal experience; 3) Quality of their claims and financial reporting system; 4) Background and reference checks; 5) Firm bid that included the cost of the run off of approximately 485 open claims; and 6) A dedicated staff. Bragg & Morse is the unanimous choice of the staff committee after completing the screening and interview process.

FINANCIAL DATA

Funding is provided in the FY 1989-90 budget for the subject service.

Bragg & Morse proposes two (2) options to the City of Sacramento for the proposed services as follows:

(OPTION 1) - CITY PROVIDES OFFICE SPACE TO LOCATE BRAGG & MORSE AS DEDICATED STAFF IN CITY FACILITIES

1) Current Claims

For claims commencing at the inception of the contract, Bragg & Morse is to perform all administrative services offered in this proposal. The following fees are proposed on a flat annual fee of \$188,400 or \$15,700 per month for up to 600 new claimants per year. New claims over 50 per month will be billed at \$38.00 per hour plus expenses.

2) Other Expenses

For services pursuant to this agreement the only additional allowable expenses incurred will be billed at the following rates:

- a) Mileage - \$.35 per mile
- b) Photographs - \$2.00 per photograph

These charges will be billed on a monthly basis.

3) Run-Off Claims

There will be no additional charge for servicing open claims being serviced by our previous administrator.

4) One Time Charge

- A) A one time charge of not to exceed \$4,000 for converting historical data from Corporate Systems (Adjustco) to Bragg's software system.
- B) Bragg & Morse will purchase a computer terminal, modem, word processor and laser printer to support the dedicated staff of three for this agreement for a one time charge of \$5,000.

5) Contract Terms

The term of this contract shall be from March 27, 1990, to and including March 26, 1995. This agreement may be terminated by either party for any reason upon sixty (60) days written notice. This agreement will be automatically renewed on a yearly basis subject to the same terms and conditions, except Paragraph one (1) above which may be renegotiated by the parties hereto.

(OPTION 2) - BRAGG & MORSE WILL PROVIDE OFFICE SPACE, FACILITIES AND EQUIPMENT TO HOUSE THE DEDICATED STAFF REQUIRED TO SUPPORT THIS PROPOSAL

All costs will be the same as Option 1 except current claims costs will carry an additional 20% office and overhead monthly combined charge to provide the facilities and equipment items required by the liability claims management dedicated unit services for the City of Sacramento.

MBE/WBE EFFORTS

A comprehensive effort was made to identify any MBE/WBE firm who provide third party auto and general liability claims services. Requests for proposals were sent out to all known local third party administrators. We advertised in local newspapers. It was not known whether any of these firms would qualify as MBE/WBE firms.

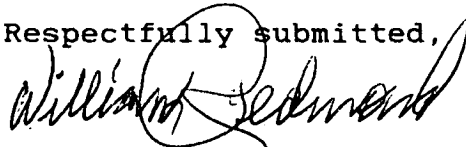

After reviewing all seven proposals submitted it was determine that none of the seven firms qualified for an MBE/WBE designation.

RECOMMENDATION

It is the recommendation of the City's Risk Management Committee that the City Council adopt the attached resolution awarding a contract to Bragg & Morse, Inc. authorizing both options 1 or 2 for a period of five (5) years, subject to annual review.

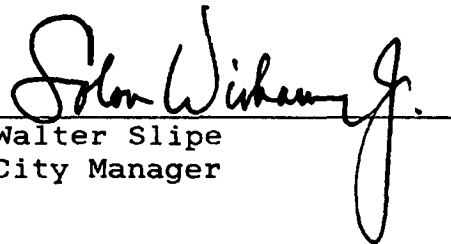

The City proposes to start with option 2 that will allow Bragg & Morse to immediately administer the City's account in their local office. Option 1 will allow the City to locate Bragg & Morse's dedicated unit into city office space at a later date if it is cost effective to do so.

Respectfully submitted,

William Redmond
Risk Manager

ATTEST:

CITY CLERK

FOR CITY CLERK USE ONLY

RESOLUTION NO.: _____

DATE ADOPTED: _____

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author outlines the various methods used for data collection and analysis. These include surveys, interviews, and focus groups. Each method has its own strengths and weaknesses, and the choice depends on the specific needs of the study.

The third section provides a detailed overview of the research methodology. It describes the sampling process, the selection of participants, and the procedures used to collect and analyze the data. The author also discusses the ethical considerations that must be taken into account when conducting research involving human subjects.

The fourth section presents the results of the study. It includes a series of tables and graphs that illustrate the findings. The data shows a clear trend in the behavior of the participants, which is consistent with the hypotheses of the study.

The final section of the document discusses the implications of the findings. It suggests that the results have significant implications for the field of study and may lead to further research. The author also provides some practical recommendations based on the findings.

In conclusion, the document provides a comprehensive overview of the research process, from the initial planning to the final analysis and reporting. It highlights the importance of thoroughness and accuracy in all stages of the process.
