Honorable Members in Session:

SUBJECT: Slurry Sealing of Various City Streets 85/86 (SB 300)
(CC:1420) - Transfer and Appropriation of Funds and
Award of Contract

SUMMARY

This project has been advertised for bids. Bids have been received and contract award is recommended.

BACKGROUND

On April 8, 1986 the City Council approved the plans and specifications for this project. Bids were received and opened by the City Clerk on April 29, 1986. The project was advertised for bids utilizing a base bid of a large group of streets to be slurry sealed called Schedule A and four alternative groups of streets under Schedule B. The City reserved the right to award the contract based on Schedule A, or Schedule A plus one or more of the groups described in Schedule B. Staff recommends the award based on Schedule A plus all of Schedule B, and the bids received are as follows:

California Pavement Maintenance Company, Inc.	\$199,993.56
Valley Slurry Seal Company	\$242,009.55

The engineer's estimated contract cost for the same combination of streets was \$229,000. The estimated project completion date is July 1, 1986. The streets to be slurry sealed are shown on the attached list. The budget and Finance Committee considered the transfer and appropriation of funds at their meeting on May 20, 1986.

FINANCIAL

Additional funds are needed for this project. The estimated total project cost, including all planning, design and construction costs, is \$209,200. The current budget is \$167,000, which was approved in the Capital Improvement Program from SB 300 Gas Tax Funds. The total amount currently available is \$166,000. It is proposed that \$18,000 be transferred from two other SB 300 Fund projects which have sufficient funds to warrant such transfer; \$12,000 would be transferred from the Street Overlay (SB 300 85/86) Project (CC 1419) and \$6,000 from the Hot Mill Recycling 1985/86 SB 300 Project (CC 1422). It is further proposed that \$24,200 be appropriated from the recently received Phase II funding from SB 300. A report will be presented to the City Council within the next few weeks to allocate all of the Phase II SB 300 funding.

RECOMMENDATION

It is recommended that the City Council approve the transfer and appropriation of funds by passage of the attached Resolution, and accept the low bid of California Pavement Maintenance Company, Inc. in the amount of \$199,993.56 and award the contract.

Respectfully submitted,

THOMAS M. FINLEY
Engineering Division Manager
