Honorable Members In Session:

SUBJECT: Park Development of Florin Reservoir Park (CC: 2236) - Change Order Approval

APPROVED
BY THE CITY COUNCIL

SUMMARY

Approval of Change Order Number 2 is recommended.

OCT 8 1985
OFFICE OF THE
CITY CLERK

BACKGROUND

The project consists of the development of a park on top of the Florin Water Reservoir located at Power Inn Road and 53rd Avenue. During the course of construction, it was determined that additional grading would be required on top of the water reservoir to prevent contact with the concrete top. Change Order Number 2 covers the cost of the additional grading which was performed by the contractor on a time and material basis. Change Order submittal has been delayed until the final cost of the change order was known.

FINANCIAL

The original contract was in the amount of \$258,869. Change Order Number 1 was for \$8,063 and Change Order Number 2 is in the amount of \$18,679.37, making a total contract cost of \$285,611.37. There are sufficient funds remaining in the cost center account to cover the additional cost of Change Order Number 2.

RECOMMENDATION

It is recommended that the City Council approve Change Order Number 2 for the additional contour grading for the development of Florin Reservoir Park.

Respectfully submitted,

Thomas M. Finley
THOMAS M. FINLEY
Engineering Division Manager
