SACRAMENTO HOUSING AND REDEVELOPMENT AGENCY

July 17, 1990

Redevelopment Agency of the
City of Sacramento
Sacramento, California

Honorable Members in Session:

Subject: Request to Amend Individual Project Agreement with the
City of Sacramento for the Completion of Oak Park
Residential Street Capital Improvements

SUMMARY

This report recommends that the Executive Director be authorized 1) to increase the total amount of an Individual Project Agreement with the City of Sacramento for the completion of Phase III of the Oak Park Residential Street Improvement Project; and 2) to amend the Agency budget to reflect an increase in the Oak Park Residential Street Improvements. The funds needed for this project are available from unallocated Oak Park Tax Increment funds.

BACKGROUND

On July 12, 1988 the Agency entered into an Individual Project Agreement (IPA) with the City of Sacramento for a total amount of \$590,829 to complete the Oak Park Residential Street Improvement Project Phases I-III. The three phases of the project included sidewalk replacement; construction of curbs, gutters and sidewalks, and construction of handicapped ramps respectively. Two previous IPA's were executed with the City on December 6, 1985 for \$50,000 and on July 13, 1986 for \$300,000.

All three phases of the project were bid separately three times before a contract could be awarded. Phase I was recently completed and the contract for Phase II was awarded in May 1990.

Phase III (See Attachment 1 - Location Map) is scheduled to be awarded pending full funding. The total estimated shortfall for completion of the project is \$247,357. This shortfall reflects additional costs for all three phases of the project that were caused by:

1. administration for three bids on each phase;
2. additional engineering needed to modify the projects after each unsuccessful bid process; and
3. increase of 20% in the cost of construction since 1986.

FINANCIAL DATA

A total of \$940,829 was previously allocated to this project. In order to complete the project an additional \$247,237 is required. There are sufficient funds in unallocated Oak Park tax increment to finance this additional amount.

POLICY IMPLICATIONS

The recommended action is consistent with Agency policies and procedures.

MBE/WBE IMPACT

The City of Sacramento bid out the project discussed in this report. SHRA's MBE\WBE policies were included in all bid documents.

ENVIRONMENTAL REVIEW

This project was previously reviewed by the City for environmental compliance. The proposed action by the Agency is administrative and exempt from CEQA requirements.
