Consent  
 November 25, 2008

Honorable Mayor and  
 Members of the City Council

**Title:** Sewer Credit Approval: Reiner Subdivision Extension

**Location/Council District:** Reiner Way/District 1

**Recommendation:** Adopt a Resolution awarding a total of 18.00 Sacramento Regional County Sanitation District (SRCSD) connection fee credits to the described project known as Reiner Way Subdivision Extension.

**Contact:** Trevor Walton, Project Specialist: 808-6764

**Presenters:** N/A

**Department:** Economic Development

**Division:** Citywide

**Organization No:** 18000

**Description/Analysis**

**Issue:** The City of Sacramento's Economic Development Department recommends approval of the attached resolution awarding 18.00 SRCSD sewer credits to the project known as Reiner Subdivision Extension. The Reiner Subdivision extension is comprised of seventeen (17) parcels of land located on Reiner Way (APN: 274-0700-various)

**Policy Considerations:** The City of Sacramento views projects that promote urban infill development project as important to the economic development strategy of the City.

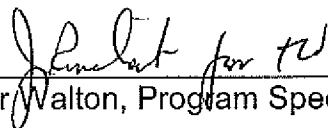

**Environmental Considerations:** This project is subject to the environmental review process as part of the approval of its development application.

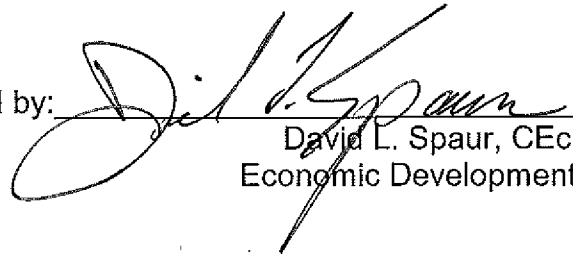

**Sustainability Considerations:** There are no sustainability considerations applicable to the awarding of sewer connection fee credits.

**Rationale for Recommendation:** This candidate for sewer credits meets Council-approved criteria for the granting of sewer credits pursuant to Resolution 2006-457, adopted on June 20, 2006. The Reiner Way Subdivision is a residential in-fill project located on Reiner Way. To promote urban infill development, it is recommended that the City Council issue sewer connection fee credits to the Reiner Way Subdivision extension project.

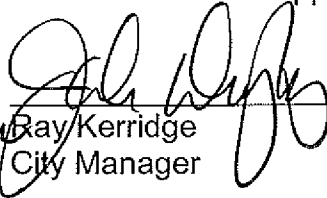

**Financial Considerations:** Approval of the resolution imposes no additional expense upon the City beyond the minimal administrative costs associated with processing the approved credits.

**Attachment 1****BACKGROUND:**

The Sacramento Regional County Sanitation District (SRCSD) established an Economic Development Treatment Capacity Bank (Bank) in June 2000 and the City of Sacramento received the June 2000 initial allocation of 7,971 Equivalent Single Family Dwellings (ESDs). Credits from the Bank. At the time, SRCSD limited local jurisdictions to using a maximum of 15 percent of its total allocation for residential purposes. The City of Sacramento subsequently received another allocation of 756 ESDs in March 2005, bringing the total ESDs to 8,727.

Following the allocation, the City requested greater latitude to use the Credits to assist in housing development. In response to the City's request, SRCSD reconvened the Stakeholders' Working Group to discuss the proposed additional flexibility for residential purposes, to recommend a methodology for allocation of additional excess capacity that the District has purchased, to recommend disbursement guidelines for the District's own allocation from the Bank, and to address other administrative actions.

Amendments adopted on June 20, 2006, in Resolution 2006-457 expanded the additional 15 percent annual allocation to also include infill and transit-oriented housing. This permitted each local jurisdiction to have more flexibility in using the Bank. As of October 2008, the City of Sacramento has issued 1,641.99 sewer credits since the program's inception.

Resolution 2006-457 approved the amended MOU between the Sacramento Regional County Sanitation District (SRCSD) and the City and authorized the City Manager to execute the amended MOU. The Resolution also approved the Guidelines for the allocation and awarding of Treatment Capacity Bank Credits for commercial development, Downtown, low-income, and infill / transit-oriented development (TOD) projects.

A prospective project for the sewer credit fee reduction (\$923 per ESD) must meet at least one of the following criteria:

1. Projects in redevelopment, CDBG and/or infill development areas;
2. Project that creates additional employment or is a catalyst project and creates high job creation that will further economic development;
3. Project is located in a neighborhood commercial corridor or is located at a targeted key development site identified in the adopted City Economic Development Strategy.

**RESOLUTION NO.**

Adopted by the Sacramento City Council

**AWARD SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT (SRCSD) CONNECTION FEE CREDITS FOR REINER WAY SUBDIVISION EXTENSION (APN# 274-0700-VARIOUS).**

**BACKGROUND**

- A. On March 20, 2001, City Council authorized the City Manager to sign a Memorandum Of Understanding (MOU) to initiate City participation in the Sacramento Regional County Sanitation District Economic Development Treatment Capacity Bank (CC2001-177);
- B. On June 20, 2006, City Council approved Resolution 2006-457, approving criteria for the granting of Treatment Capacity Bank Credits (Credits) for commercial development, Downtown, low-income, and infill / transit-oriented development projects, and amending the Memorandum of Understanding (MOU) between the Sacramento Regional County Sanitation District (SRCSD) and the City.
- C. The City of Sacramento has been awarded a total of 8,727 sewer credits. As of October 2008, the City of Sacramento has issued 1,641.99 sewer credits to eligible projects.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. City Council finds that award of credits by this resolution meets the approved criteria for granting of credits pursuant to Resolution 2006-457, and hereby awards a maximum of 18.00 new SRCSD sewer credits (reduction in sewer credit fee to \$923 per ESD) to the project known as Reiner Way Subdivision Extension (APN #:274-0700-various).
- Section 2. Any and all credits awarded herein to each individual recipient shall expire if said individual recipient has not paid its requisite sewer impact fee to SRCSD within one year from the date of approval of this resolution.
- Section 3. Any and all credits awarded herein to each individual recipient will expire if said individual recipient has not been issued a building permit for its respective above referenced development project within one year after the City Council has awarded use of the aforementioned sewer credits.
