Hearing Title: 2026 Annual Weed and Rubbish Abatement Notification

Location (of project): Citywide

Project Description: Adopt a Resolution: 1) declaring weeds, rubbish, and refuse to be a public nuisance pursuant to California Government Code Section 39561 and City Code Chapter 8.28; 2) declaring that weeds on specified parcels of property are seasonal and recurrent nuisances pursuant to Government Code Section 39562.1 and City Code Chapter 8.28, and the description of said parcels are at Exhibit A to the Resolution; 3) authorizing notification be sent to the owners of said real property having any objections to the proposed abatement of said nuisances in the manner prescribed by Government Code Sections 39567 and 39567.1 and Chapter 8.28 of the Sacramento City Code; and 4) setting a public hearing for March 10, 2026, for objections to be heard and given due consideration.

Environmental Determination: This report concerns administrative activities and government fiscal activities that do not constitute a "project" as defined by the California Environmental Quality Act (CEQA) Guidelines Sections 15378(b)(2) and 15378(b)(4) and are not subject to the provisions of CEQA. The action involves no commitment to any specific project that could have a significant effect on the environment. Compliance with applicable state and federal law during any weed abatement action avoids any significant effect on biological resources. (CEQA Guidelines 15060(c)(3)). All weed abatement activities must comply with state and federal regulations regarding sensitive species that could be affected by such actions, including, for example, nesting birds. In the event the Weed Abatement Officer detects a potentially sensitive area, the condition will be reported to Environmental Planning Services in the Community Development Department for direction, including appropriate surveys for species and abatement will be suspended at that location until instruction is provided. The resulting activities of weed and rubbish abatement would be exempt from CEQA and qualify for a categorical exemption for maintenance of existing facilities and landscaping. (CEQA Guidelines section 15301(h)).
