

REPORT TO LAW & LEGISLATION COMMITTEE City of Sacramento

915 I Street, Sacramento, CA 95814-2671

STAFF REPORT
February 6, 2007

Honorable Members of the
Law and Legislation Committee

Title: Zoning Code amendment relating to Design Commission and Preservation Commission member qualifications (M06-017)

Location/Council District: Citywide

Recommendation: Staff recommends that the Law and Legislation Committee recommend approval of the proposed Ordinance amendment. The proposed Ordinance would amend Sections 17.132.040 and 17.134.040 of Title 17 of the Sacramento City Code (The Zoning Code) relating to qualification of professional members of the Design Commission and Preservation Commission.

Description/Analysis

Issue: Staff recommends the requirements for qualification to the five (5) professional positions on both the Design Review and Preservation Commissions be revised to allow for appointment of commissioners who neither own a business in the City nor are residents of Sacramento. This would potentially allow the appointment of qualified professional Commissioners from outside the City, notwithstanding a clear preference for City of Sacramento residents. The requirement for the two (2) at large members for each Commission to be either local business owners or residents of the City would not change.

Policy Considerations: The Ordinance amendment would allow the City's Design Commission and Preservation Commission to select qualified professional members from a larger pool of applicants.

General Plan Update Vision and Guiding Principles:

The recommended action is consistent with the City's General Plan.

The proposed project is consistent with the Community Design section of the General Plan Update Vision and Guiding Principles (pg. 3) adopted by City Council on 11/22/05. By appointing the most qualified commissioners they will be able to best use the Community Design principles to direct future urban design.

Strategic Plan Implementation- The recommended action conforms with the City of Sacramento Strategic Plan, by adhering to specific core values that encourages community participation as a genuine part of the process and states that the city truly seeks and values community input and involvement.

The recommended action is also consistent with Development Services Department's mission and strategic goals "Getting the Customer to Success," and "Promoting an appropriate regulatory environment," and supports the department's success measures of "predictable, timely, clear and seamless" decision making.

Committee/Commission Action: The proposed project has been reviewed by City Council and Development Oversight Commission. The City Council directed staff to prepare the Ordinance. The Development Oversight Commission wrote a letter of support to the Mayor and is included as attachment 3. The Planning Commission is scheduled to review the project.

Environmental Considerations: The proposed Zoning Code amendment is not considered a project and therefore has no potential for an effect on the environment as stated by the provisions of the California Environmental Quality Act (CEQA) (Section 15061 (b) (3)).

Rationale for Recommendation: The City is best served by Commissioners with exemplary qualifications and experience in required fields of endeavor regardless of their place of residence or business. Many professionals currently work in the City do not live in Sacramento nor own a business in Sacramento. It is preferable to open the professional member positions to qualified individuals with less restriction upon their physical address. This can be easily achieved by altering the wording of each Ordinance as appropriate to require specifically qualified candidates with a preference for local residents and / or business owners without mandating this as an absolute requirement.

Financial Considerations: This project has no fiscal considerations.

Emerging Small Business Development (ESBD): No good or services are being purchased under this report.

Re: Proposed changes to ordinances creating Design Commission and Preservation Commission (M06-017) – December 12, 2:00 p.m./Item 42

Dear Mayor Fargo:

At its meeting of December 4, 2006, the Development Oversight Commission unanimously passed a motion supporting the Development Services Department's request to allow flexibility in the City residency/business ownership requirement for the professional positions in the new Preservation and Design Commissions. In order for these commissions to realize the vision of improving the quality of development in the City and "Getting the Customer to Success," it is vital to have qualified people in each professional category, regardless of their place of residence.

This change would not affect the residency requirement for the at-large positions. We also expect that in cases where candidates are equally qualified for a professional position, City residents or business owners would have priority in the selection decision.

We urge the City Council to support this request.

Respectfully submitted,

JOHN D. NUNAN, Chair
