APPROVED
BY THE CITY COUNCIL

OFFICE OF THE
CITY CLERK

City Council
Sacramento, California

Honorable Members in Session:

Subject: Amendment of 1985-86 Budget for Retiree/Transferred Employee
Medical Expenses

SUMMARY

The City of Sacramento currently provides retiree insurance coverage at a rate equal to the monthly cost of Travelers Insurance Company Plan II. The monthly rates for this plan were recently increased, requiring an augmentation to the 1985-86 Approved Budget. The attached resolution implements this change and requires that, in the future, the City Council take affirmative action to modify the retiree insurance coverage program.

BACKGROUND

In 1983, staff analyzed various retiree health coverage plans and determined that the most efficient coverage could be provided by the Travelers Insurance Company. The City Council subsequently adopted resolution 83-936 which established that retiree insurance benefits would be provided by Travelers at a contribution rate of \$48.98 per month for "Plan II-Employee Only" coverage. This resolution also instituted a policy whereby the Travelers' rate would henceforth be the City's dollar contribution rate.

ANALYSIS

Travelers Insurance Plan II-Employee Only costs were recently increased from \$48.98 to \$55.30 per month for each retired employee. The original budget estimate for this non-departmental account did not assume this level of increase and it was subsequently not factored into the 1985-86 Proposed Budget request. In addition, due to the language contained in Resolution 83-936, the contribution amount automatically changes with the fluctuation of the Travelers Plan II-Employee Only premium. This means that the City Council does not take affirmative action to revise the premium nor to weigh the implications of any premium change in the context of their reviewing and approving the overall budget.

FINANCIAL

The 1985-86 Approved Budget contains \$1,207,995 for the total retiree benefit program, including \$798,397 for health insurance costs, \$389,028 in pre-1935 City retiree costs, \$20,570 in transferred City/County retiree expenses, and \$128,665 for the new dental plan. Revised retiree program expenses total \$1,290,980, including \$1,162,315 for health related costs (the dental premium remains the same). The Approved Budget amount for this unit is therefore underbudgeted by \$82,985. Funding for the augmentation will be provided by the General Fund Contingency and the affected Enterprise and Internal Service Funds fund balances (see the Recommendation section for detail.).

RECOMMENDATION

It is recommended that the City Council approve the attached resolution which:

1. Amends the 1985-86 Approved Budget by transferring an additional \$82,985 to the Retiree/Transferred Employees Budget as follows:

<u>Fund</u>	<u>Transfer From</u>	<u>Transfer To</u>	<u>Amount</u>
