ADOPTED BY THE SACRAMENTO CITY COUNCIL

MAY 15 1990

ON DATE OF _____

AN ORDINANCE PROHIBITING, FOR 90 DAYS, THE INSTALLATION OF SIGNS MORE THAN 100 FEET IN HEIGHT ON BUILDINGS, AND DECLARING THIS ORDINANCE AN EMERGENCY TO TAKE EFFECT IMMEDIATELY (M89-059)

BE IT ENACTED BY THE COUNCIL OF THE CITY OF SACRAMENTO:

SECTION 1.

The City Council makes the following findings and determinations concerning the need for this ordinance:

1. High-rise office tower activity in the City has increased dramatically in the last two years. This activity has included many requests for relaxation of sign control for signs on high-rise office towers. Moreover, the Planning Division anticipates additional such requests as such development activity continues to increase.
2. The Planning Division staff has informally commenced a study of the desirability and effectiveness of the City's high-rise office tower existing sign regulations, including the feasibility and advisability of prohibiting all signs above 100 feet in height on such buildings. The Planning Division has recommended that a more complete study be undertaken, and the City Council concurs in the need for such a study. In order to prohibit the installation of signs which might conflict with the recommendations of such a study and any resulting regulations, it is necessary to adopt this ordinance temporarily prohibiting such signs, pending the adoption of an implementing ordinance.
