I would like to request a continuance of Agenda Item #32 scheduled to be heard by the Sacramento City Council on Tuesday, January 11, 1983 at 7:30 p.m. Item #32 is the proposed expansion plan and rezoning of Sutter General Hospital. The coalition I represent, the Committee for the Preservation of the Central City, feels that it would be appropriate to delay the City Council's decision on this proposal until after Golden Empire Health Systems Agency has made its recommendation on Sutter's application for a Certificate of Need. The ruling on the number of beds could significantly alter the expansion proposal and ultimately the necessity for rezoning at least part of the property involved.
