HONORABLE MEMBERS IN SESSION:

SUBJECT: **ORDINANCE AMENDING AND ADDING VARIOUS SECTIONS OF CHAPTER 6 OF THE SACRAMENTO CITY CODE, RELATING TO ANIMAL CONTROL, TO PERMIT THE KEEPING OF MINI-PIGS WITHIN THE CITY LIMITS**

SUMMARY

At its March 26, 1991 meeting, the joint Budget and Finance/Transportation and Community Development Committee directed staff to revise the City Code to allow the keeping of mini-pigs within the City limits. The proposed ordinance amending the code is now presented for Committee consideration. Staff recommends that the Committee forward the proposed ordinance to the full City Council with a recommendation for approval.

BACKGROUND

Following the Joint Committee action on March 26, 1991, staff from the Public Works Department began devising the standards and restrictions which would apply to the keeping of mini-pigs as pets within the City. Based upon staff's research, the following standards are proposed:

- o All mini-pigs over the age of four months must be licensed. The license period is three years.
- o Male mini-pigs must be neutered when they reach the age of four weeks.
- o Mini-pigs shall be subject to the leash law.
- o No one may keep more than three dogs, three mini-pigs, or any combination thereof at any one residence.
- o Mini-pigs in excess of 22 inches in height or weighing over 150 pounds are prohibited.

These requirements are very similar to the current regulations applied to dogs, with the exception of the requirement that male mini-pigs weigh less than 150 pounds and be neutered. This additional condition is proposed due to evidence that unneutered males may behave aggressively and emit a strong body odor. There is also no requirement that mini-pigs be vaccinated, as there is no evidence which indicates that vaccinations are necessary.

FINANCIAL IMPACT

The Animal Control Division may experience an increase in workload, depending upon the number of complaints received. No additional funding is requested at this time. Staffing needs will be evaluated once the ordinance has been in effect for one year.

Under the proposed ordinance, the fee for a mini-pig licensed will be the same as the fee for a dog license. The fee is currently \$10 per year or \$25 for three years. If the pig is spayed or neutered, the fee will be discounted by 50% (\$5 year or \$12.50 for three years). The additional revenue generated from licensing mini pigs is expected to be insignificant due to the relatively small numbers of licenses issued.

POLICY CONSIDERATIONS

At its March 26, 1991 meeting, the Joint Committee stated its desire that mini-pigs be allowed in the City as a matter of policy. This report is intended to implement that policy.

MBE/WBE

There are no goods or services being purchased in this report.

RECOMMENDATION

It is recommended that the Joint Committee forward the proposed ordinance allowing the keeping of mini-pigs within the City limits to the full City Council with a recommendation for approval.
