Community Racial Profile Commission selection committee:

I am writing this letter to express my interest in the vacant at large seat on the Racial Profiling committee. I feel I can be an asset to the committee. I have worked hard to develop relationship within the communities in the greater Sacramento County. I am currently working as a manager of a college resource office that works with economically and educationally disadvantaged students. This position allows me to work with students, administration and outside agencies. Through my upbringing my parents exposed me to being active in my community. This has taught me to pay attention to state and federal legislation that might possibly affect my community, the laws against racial profiling being one example. I grew up in Sacramento's Oak Park area where I witnessed firsthand how the relationship between law enforcement and community can be strained. Within the community there lies a distrust of police; as a result the community is often reluctant to cooperate with law enforcement. I would like to be a part of the solution that helps mend this relationship between law enforcement and community. I feel I have a strong understanding of what racial profiling is and how it looks to the community. While serving on the committee I hope to help bring understanding that represents the community. I feel I can be an asset to this committee.

Thank you in advance for your time and consideration,

Michael W. Benjamin II
