Honorable Members In Session:

OFFICE OF THE
 CITY CLERK

SUBJECT: Resolution authorizing execution of Agreement between Spink Corporation and the City of Sacramento for the preparation of easement descriptions, engineering studies, plans, specifications, and estimates for the Changes In Work to Public Improvement Proceeding No. 5166, Pocket Road Storm and Sanitary Sewer A/D #2.

SUMMARY:

Presented herewith for approval is a Consultant Services Agreement for an amount not to exceed \$56,000 between Spink Corporation and the City of Sacramento for the preparation of easement descriptions, engineering studies, plans, specifications, and estimates for the Changes In Work to Public Improvement Proceeding No. 5166, Pocket Road Storm and Sanitary Sewer A/D #2.

BACKGROUND:

The City of Sacramento has received a request from William R. Parker, representing a joint venture partnership of L & P Land and Development, Inc., Teichert Land Co., Robert C. Powell and Pacific Coast Building Products, Inc., (L & P - Powell/Teichert) to issue a Change Order to the Pocket Road Storm and Sanitary Sewer Assessment District #2. The partnership has acquired approximately 365 acres which is 68% of the total 534 acres in the Assessment District. The partnership proposes to create a lake in the area acquired which in turn would require changes to the sewer and drainage design as approved on the construction plans for the Assessment District.

The agreement with Spink Corporation is for the preparation of easement descriptions, engineering studies, plans, specifications and estimates necessary for the requested Change Order.

FINANCIAL DATA:

There is no financial impact to the City. Pursuant to Agreement between L & P - Powell/Teichert and the City of Sacramento, L & P - Powell/Teichert shall pay all cost as necessary to prepare the Change Order.

RECOMMENDATION:

It is recommended that the City Manager and City Clerk be authorized to execute the subject Agreement by passage of the attached Resolution.

Respectfully submitted,

THOMAS M. FINLEY
Engineering Division Manager
