Honorable Members in Session:

SUBJECT: Sacramento City Landfill Inspection Compliance

SUMMARY

At the California Waste Management Board's (CWMB) meeting on December 3, 1987, the Board rescinded a previous requirement to conduct weekly inspections at the Sacramento City landfill and authorized the Local Enforcement Agency (LEA) to inspect the City's facility at the CWMB minimum of once per month.

BACKGROUND

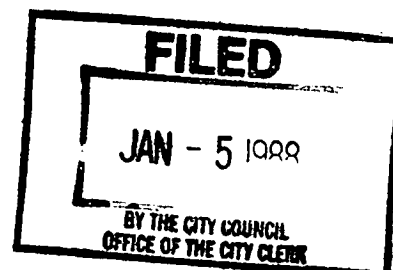

On September 21, 1984, the CWMB, while considering a revised Solid Waste facility permit for the Sacramento City Landfill, stipulated that the LEA perform weekly inspections of the City's landfill to insure continued compliance with the State minimum standards. Subsequent monitoring actions at the City Landfill revealed that the City has complied with all CWMB directives.

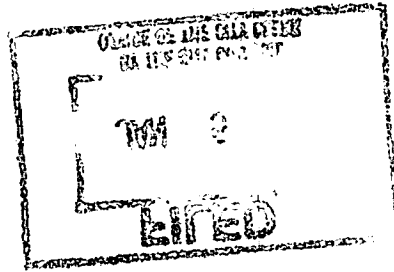

The CWMB staff has commended the City on the operation of its Landfill (see attached Exhibit A).

Therefore, on December 4, 1987, the CWMB resolved to rescind weekly inspections of the City Landfill (see attached Exhibit B).

**Subject:** Report of fourth facility inspection:  
City of Sacramento Disposal Site (34-AD-0004)

Dear Mr. Young:

California Waste Management Board (Board) staff conducted the fourth inspection of the subject facility on November 9, 1987 pursuant to Government Code Sections 66796.38 and 66796.67 (a). A copy of the Facility Inspection Report is enclosed.

No violations of the State Minimum Standards were documented during this inspection. All violations noted previously had been corrected at the time of this inspection.

Conditions at this landfill have improved tremendously during the two years from November 14, 1985 to November 9, 1987 that our enforcement staff has been conducting inspections at this landfill. We appreciate the City's cooperation in working with the state enforcement agents to bring about the improved conditions at this facility.

Your Local Enforcement Agency (Sacramento County Health Department) will continue monitoring and compliance activities regarding the Sacramento City Landfill.

A copy of this letter and the attached Facility Inspection Report will be sent to the LEA. If you have any questions, please contact your Local Enforcement Agent (Robert Berger), or you may call Allen Freihofer of my staff at (916) 322-2648.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bernard R. Vlach".
