Description/Analysis

Issue: The purpose of this project is to install closed-loop cart wash systems at the Haggin Oaks and Bing Maloney golf courses. The project was advertised on May 9, 2007. Bids were opened on May 30, 2007. The apparent lowest bid was determined to be non-responsive and the second lowest responsible bidder was C&C Construction, Inc., with a bid of \$189,129.00. Funding for this project is available through the golf maintenance Capital Improvement Project (CIP OB61).

Policy Considerations: There are no policy considerations associated with the recommendations contained in this report.

Environmental Considerations: The Environmental Services Manager has filed a notice of exemption for this project under sections 15301, 15303, and 15304(f), of the CEQA Guidelines. This exemption requires the planting of three number 15 trees to mitigate the removal of an elm as a result of this activity.

Commission/Committee Action: None

Rationale for Recommendation: The purpose of this project is to install a closed-loop cart wash system at the Haggin Oaks and Bing Maloney golf courses. The benefit of a closed-loop system is that the pesticides and residue from golf carts and maintenance equipment are broken down by microbes contained within the system rather than by entering the City's sanitary sewer system.

The apparent lowest bidder was LM Combs with a bid of \$151,931. The City specified an EZ Solutions cart wash system, or an equal system, subject to City's evaluation and acceptance. The apparent low bidder proposed an alternate system from Precision Cleaning. However, after evaluating the Precision system, staff determined that it was not equivalent to the system specified in the bid documents. The main difference is that there is a solid film membrane with the EZ Solutions product that 'houses' the microbes, whereas the alternate system relies on dangerous concentrated chemicals that would need to be mixed by Golf employees to biodegrade the material. This system also relies on the additional use of steam pressure washers and a compressed airline to 'grow' the enzymes needed to biodegrade the material, neither of which is needed in the EZ Solutions system. In addition, the proposed substitution has would discharge fluid and some solids onto the ground the City is trying to protect, whereas the specified system is entirely self-contained. The second lowest bidder, C&C Construction, proposed the specified EZ Solutions system for a total cost of \$189,129.00.

Financial Considerations: The proposed project with C&C Construction, Inc., is for \$189,129. Funding for this project is available within the golf maintenance CIP OB61.

Emerging Small Business Development (ESBD): The contractor has met the 20% participation goal for emerging and small business enterprises as required by Ordinance 99-007 and Resolution 99-055 relating to ESBD participation goals and policies, adopted by the City Council on February 9, 1999.

If awarded the Agreement, the undersigned agrees to sign said Agreement and furnish the necessary surety bonds and insurance certificates within ten (10) days after receipt of the notice of award of Agreement, and to begin work within fifteen (15) days after receipt of the Notice to Proceed by the City.

It is understood that this Bid Proposal is based upon completion of the Work within a period of **SIXTY (60) CALENDAR DAYS**. The undersigned agrees that all underground work for this project will be completed before the rainy season begins. The Contractor shall refer to Section 1.2 Completion Time of the Special Provisions for calculation of the completion date.

The Architect's order of preference will be as follows: base bid first, followed by additive alternates in chronological order, based on funds available.

In determining the amount bid by each bidder, the City shall disregard mathematical errors in addition, subtraction, multiplication, and division that appear obvious on the face of the Proposal. When such a mathematical error appears on the face of the Proposal, the City shall have the right to correct such error and to compute the total amount bid by said bidder on the basis of the corrected figure or figures.

When an item price is required to be set forth in the Proposal, and the total for the item set forth separately does not agree with a figure which is derived by multiplying the item price times the Engineer's estimate of the quantity of work to be performed for said item, the item price shall prevail over the sum set forth as the total for the item unless, in the sole discretion of the City, such a procedure would be inconsistent with the policy of the bidding procedure. The total paid for each such item of work shall be based upon the item price and not the total price. Should the Proposal contain only total price for the item and the item price is omitted, the City shall determine the item price by dividing the total price for the item by the Engineer's estimate of the estimated quantities of work to be performed as items of work.

If the Proposal contains neither the item price nor the total price for the item, then it shall be deemed incomplete and the Proposal shall be disregarded.

The undersigned has examined the location of the proposed Work, the local conditions at the place where the Work is to be done, is familiar with the Contract Documents and is familiar and expressly agrees to the liquidated damages provision of the Contract Documents. The undersigned has checked carefully all of the foregoing figures and understands that the City of Sacramento will not be responsible for any errors or omissions on the part of the undersigned in making up this Bid Proposal.

Enclosed is Bid Proposal Guarantee, as required, consisting of a bidder's bond or other acceptable security for not less than ten percent (10%) of the amount Bid Proposal.

MINIMUM QUALIFICATIONS QUESTIONNAIRE

Sacramento City Code section 3.60.020 authorizes the Sacramento City Council to adopt standard minimum qualifications for bidders on competitively bid public works construction projects, and requires, among other provisions, that a bidder meet such minimum qualifications at the time of bid opening to be considered responsible. On June 8, 2004, the City Council adopted Resolution No. 2004-433 establishing these standard minimum qualifications. Pursuant to City Code section 3.60.020, a bidder failing to meet these minimum qualifications at the time of bid opening shall not be considered a responsible bidder.

All bidders must demonstrate compliance with the minimum qualifications established by Resolution No. 2004-433 by completing all of the questions contained in this questionnaire. If a bidder answers "yes" to any single question, fails to submit a fully completed questionnaire, or submits false information, this will result in a determination that the minimum qualifications are not met, and the bidder shall not be considered a responsible bidder for purposes of bidding on this contract. If two or more entities submit a bid on a contract as a Joint Venture, each entity within the Joint Venture must separately meet these minimum qualifications for the Joint Venture to be considered a responsible bidder.

The City of Sacramento ("City") shall make its determination on the basis of the submitted questionnaire, as well as any relevant information that is obtained from others or as a result of investigation by the City. While it is the intent of this questionnaire to assist the City in determining whether bidders possess the minimum qualifications necessary to submit bids on the City's competitively bid public works construction contracts, the fact that a bidder submits a questionnaire demonstrating that it meets these minimum qualifications shall not in any way limit or affect the City's ability to: (1) review other information contained in the bid submitted by the bidder, and additional relevant information, and determine whether the contractor is a responsive and/or responsible bidder; or (2) establish pre-qualification requirements for a specific contract or contracts.

By submitting this questionnaire, the bidder consents to the disclosure of its questionnaire answers: (i) to third parties for purposes of verification and investigation; (ii) in connection with any protest, challenge or appeal of any action taken by the City; and (iii) as required by any law or regulation, including without limitation the California Public Records Act (Calif. Gov't Code sections 6250 et seq.). Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the bidder submitting the questionnaire. If any information provided by a bidder becomes inaccurate, the bidder shall immediately notify the City and provide updated accurate information in writing, under penalty of perjury.
