Notice Title: An Ordinance Amending Various Provisions of Title 17 Relating to Cannabis Land Uses (M25-003)

Location (of project): Citywide

Project Description: This item asks the City Council to conduct a public hearing and adopt the proposed ordinance. Among other things, the proposed ordinance modifies the permit-processing rules for cannabis production, testing, and dispensaries, all of which are currently authorized under the city code with a conditional use permit. Specifically, the proposed ordinance authorizes these uses with a Zoning Administrator conditional use permit approval when located outside a 600-foot buffer from other 'sensitive uses' (e.g., parks, libraries, community centers, other storefront dispensaries, and youth-oriented facilities). Dispensaries within a 'sensitive use' buffer, except for schools, remain subject to a Planning and Design Commission conditional use permit. The proposed ordinance authorizes storefront dispensary uses in additional zones (including the addition of the Residential Mixed Use (RMX), Limited Commercial Zone (C-1), and Central Business Zone (C-3). The proposed ordinance also authorizes a new land use - cannabis consumption lounge - with a conditional use permit. The proposed ordinance also refines the existing code's separation requirements of all cannabis land uses from other 'sensitive' land uses (e.g., parks, libraries, community centers, other storefront dispensaries, and youth-oriented facilities) and refines the definitions of some of these uses.

Environmental Determination: The proposed ordinance is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15061(b)(3) as it can be seen with certainty that there is no possibility that the proposed ordinance may have a significant effect on the environment.

Prior Commission/Committee/Director Action: On March 13, 2025, the Planning and Design Commission forwarded a recommendation to the City Council. On April 8, 2025, the Law and Legislation Committee forwarded the proposed ordinance to the City Council for discussion and direction. Following discussion and direction received at two council meetings of September 16 and November 18, 2025, staff prepared an ordinance responsive to Council direction and for adoption purposes.

A detailed staff report for this item will be published on the City of Sacramento website by close of business on **Thursday, April 9, 2026,** at the link noted above.

For further information on this matter, please contact: Kirk Skierski, Senior Planner, Community Development Department, (916) 808-7933, ktskierski@cityofsacramento.org.

This notice is being delivered in the matter required by Sacramento City Code Section 17.812.030.

If you challenge the proposed action in court, you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this notice or in written correspondence delivered to City Council at or prior to the Public Hearing.

Further information may be obtained from the Office of the City Clerk at (916) 808-7200.
