City Clerk
City of Sacramento

RE: Recommendation of Melissa Mourkas, Landscape Architect for appointment to the City of Sacramento Preservation Commission.

To Whom it Concerns:

I am an Architect and General Contractor living and working in the Sacramento area for 21 years, specializing in remodels, additions and new construction with special emphasis on design that is compatible with vintage buildings.

I am writing this letter in support of the appointment of Landscape Architect Melissa Mourkas to the City of Sacramento Preservation Commission.

I have come to know Melissa in her capacity as both a designer with special training and education as an Historical Landscape Architect and as a member of City Staff in the Preservation Department from 2005 through 2008.

With her work at the City, I know that she has intimate knowledge of the application of the Secretary of the Interior's Standards to development projects. She is well balanced with a design background that includes both architecture and landscape architecture aspects of the built environment. Working with her on City staff as an applicant on several projects I appreciate her understanding of the real-world constraints on projects involving historic resources.

She has always impressed me as professional, well spoken, good natured and with a solid, real world grasp of what constitutes a sound design, especially in regards to historic buildings. It is with pleasure that I heartily recommend the appointment of Melissa Mourkas to the Preservation Commission as an asset to all concerned.

Best regards,

Matthew H. Piner.

I have 16 years of experience in the practice of landscape architecture with a bachelor degree from UC Davis in 1994. In 1996 I moved to Sacramento and have enjoyed living and working within the city limits since then.

Through my professional career, I have had the opportunity to work on a full range of projects, large and small, with every type of client. I have especially enjoyed working on urban infill and redevelopment projects in the urban setting. My interest and area of expertise has gravitated to the design of urban public spaces, the college campus environment and commercial development.

Statement of Interest for Preservation Commission for William Roach

I have 16 years of experience in the practice of landscape architecture with a bachelor degree from UC Davis in 1994. In 1996 I moved to Sacramento and have enjoyed living and working within the city limits since then.

Through my professional career, I have had the opportunity to work on a full range of projects, large and small, with every type of client. I have especially enjoyed working on urban infill and redevelopment projects in the urban setting. My interest and area of expertise has gravitated to the design of urban public spaces, the college campus environment and commercial development.

While I do not have extensive training in the field of historic preservation and historic landscapes, a large piece of my formal schooling centered on the history of landscape architecture and development patterns, particularly in California and the West. I have a genuine interest in and have studied California gardens dating from early Hispanic influences through the Victorian era and imported styles of the early 20th Century.

As a landscape architect, I have served within my professional organization, ASLA, on committees and organizations at the local, state and national level. My interest to serve on the Historic Preservation Board stems from a desire to assist my community as an advocate for our cultural resources. Sacramento is rich with a varied historical landscape and I have a keen interest in its stewardship. I welcome the opportunity to serve on the Preservation Commission should I be appointed.
