Honorable Members in Session:

SUBJECT: Pocket Road Assessment District No. 2

SUMMARY

Granite Construction Company has substantially completed the above referenced project under Project No. 02AD.

BACKGROUND

The project covered the construction of trunkline facilities, water transmission main, pumping facilities and lake in the area along the north side of Pocket Road from the Main Drainage Canal to about Greenhaven Drive.

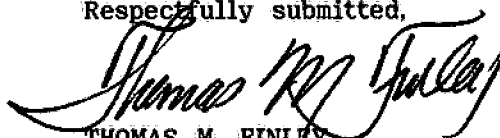

This filing of the Notice of Completion initiates a 30-day period during which suppliers and subcontractors have an opportunity to file liens with the City against the contractor. Contract acceptance and authorization to make final payment will be recommended after the completion of minor punch list items and all contract documentation.
