About Ryan

He's a loveable, playful, enthusiastic dog that has been at the shelter way too long. He needs your likes and shares to find his happily ever after adopter. Can you help? We also believe he may have a future in commercials ❤️ More details about Twister in the comments.

Gaston can't find love!
This cat is the size of a barge with a big heart to match, but no one has adopted him and he's getting lonely at the shelter. Please share this video to help him out! He just needs exercise and a special weight loss diet to get back to normal.
