Honorable Members In Session:

Subject: Undulations 85/86 (C.C. 2663) - Project Approval and Advertisement for Bids

SUMMARY

Plans and specifications have been prepared for this project. Approval of the plans and specifications and authorization to advertise for bids is recommended.

BACKGROUND

This project is a continuation of the ongoing program to install undulations on heavily traveled streets to assist in the control of vehicle speed. It is proposed that for 1985/86 fiscal year, undulations be installed on the streets as shown on the attached list.

FINANCIAL

The City Council has approved \$45,000 in the Public Works budget from gas tax funds for this project. The total amount currently available is \$42,000. The current estimated cost is \$28,000 for the construction of the undulations, and the remainder will be used for signs and painting to be installed by City crews.

RECOMMENDATION

It is recommended that the plans and specifications be approved and the City Clerk be authorized to advertise for bids to be received on September 24, 1985.

APPROVED
BY THE CITY COUNCIL

SEP - 3 1985

Recommendation Approved: OFFICE OF THE CITY CLERK
