Dear Geri:

Anne Thorne and I have been talking about the panelists for the Convention Center Selection Committee. It is our understanding that three "arts professionals" will be appointed by the A.P.P. to serve on this panel. Both of us have talked with a variety of knowledgeable people in Northern California and have a preliminary list of 14 possible candidates.

I think that this panel will be different from many that have served in Sacramento before. The Convention Center, because of its scale, has a large budget and a long time-line. The people on this panel need to understand that they will be asked to serve for up to three years and make decisions on many projects, artists and processes.

My "dream" panel is a culturally diverse group that represents many aspects of the region. I would like people with a knowledge of Sacramento artists, an understanding of the scope of national artists and good and fair critical thinking. The enclosed list is just a start. Please share this with the A.P.P. committee today. We need their knowledgeable contributions.

Sincerely

Larry Kirkland
Anne Thorne
