1-Description/Analysis

Additional Description/Analysis

Issue Detail: In December of 2017, City Council adopted the Citywide Youth Development Plan & Framework for Children and Youth Programs (Youth Plan). Lindee Lane was hired as the City's Youth Development Policy Manager in July 2018, marking the birth of the Office of Youth Development (OYD). OYD, housed in the City Manager's Office, is charged with refining, developing, and promoting the City's overall strategic vision to achieve citywide youth development goals in accord with the Youth Plan.

The mission of OYD aligns with and compliments the goal of the Sacramento Youth Commission (SYC), which is to protect, preserve, enhance, and advance the quality of life for Sacramento youth. This presentation will introduce the current Commissioners to OYD, their programs, and their approach to the shared goal of the two entities. It is envisioned as the first conversation in an ongoing dialogue about collaborating, co-powering, and otherwise identifying opportunities to work together toward this goal.

Policy Considerations: None at this time, although OYD may suggest policy statement(s) for the Citywide Grant Distribution Policy or OYD's internal Grantmaking Policy based on this and/or future conversations with the Youth Commission.

Economic Impacts: Not Applicable
