Honorable Members in Session:

SUBJECT: Recommendation to Purchase Parking Access and Revenue Control Equipment From a Sole Source

SUMMARY

This report recommends purchasing Access and Revenue Control Equipment for City parking garages E (13th and I) and R (Front and Capitol Mall) from a sole source manufacturer.

BACKGROUND:

In 1982, the City awarded a contract for approximately \$775,000 to Collins Electrical Company as low bidder for modernization and automation of various older City parking garages throughout the downtown area. The equipment installed under this contract was provided by Parking Products, Incorporated (PPI) as vendor and sub-contractor to Collins Electrical Company.

The two (2) parking garages being recommended for revenue control equipment replacement at this time were constructed in 1975. Since that time the original Access and Revenue Control Systems installed in those two (2) facilities have become worn and obsolete. A project to replace this equipment is included in the 1984-1985 Parking Capital Improvement Program. The total budgeted funds, however, are sufficient only to purchase the equipment. Additional funds are proposed in the 1985-1986 Capital Improvement Program for installation, replacement of existing attendant booths, and booth ventilation required for Lot E to convert from a lobby pre-cashiering system to a booth cashiering system.

It is recommended that Parking Products, Inc., equipment be purchased as sole source, since this is the equipment recently installed in all other City parking facilities and it will enable operational efficiency through uniformity of equipment. Also, it is recommended that action be taken to purchase the equipment now in order to avoid a 14% price increase later on.

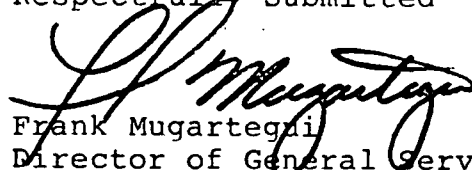

FINANCIAL DATA:

As the attached itemized quotation from PPI shows, the total price of equipment for this project will be \$70,643. There is \$75,000 budgeted for this project in the 1984-1985 Parking Capital Improvement Program. The Budget and Finance Committee has approved an additional \$35,000 for installation, attendant booths and booth ventilation in the proposed 1985-1986 Parking Capital Improvement Program.

RECOMMENDATION

It is recommended that the Budget and Finance Committee approve of the purchase of Parking Access and Revenue Control Equipment from PPI as sole source.

Respectfully Submitted

Frank Mugartegui
Director of General Services

RESOLUTION NO. 85-363

ADOPTED BY THE SACRAMENTO CITY COUNCIL ON DATE OF
RESOLUTION SUSPENDING FORMAL COMPETITIVE
BIDDING FOR THE PURCHASE OF ACCESS AND
REVENUE CONTROL EQUIPMENT TO BE
INSTALLED IN CITY OFF-STREET PARKING
FACILITIES AND AUTHORIZING THE CITY
MANAGER TO EXECUTE THE NECESSARY
CONTRACT

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SACRAMENTO, TWO- THIRDS
(2/3) OF ALL MEMBERS VOTING IN FAVOR THEREOF:

1. That pursuant to Section 57.401 (c) of the Sacramento City Code, it is hereby determined to be in the best interests of the City to suspend formal competitive bidding for the purchase of Parking Revenue and Access Control to be installed in City parking Lots E (13th and J Streets) and R (Front Street and Capitol Mall Avenue), and ;
2. That the City Manager is hereby authorized to execute the necessary contract with Parking Products, Inc., 2517 Wyandotte Road, Willow Grove, PA 19090.
