I have been trying to discuss a concern of the city misusing their budgetting, by charging residents, consistuents for items that the city was given money for the sidewalks. I have went through very many different sources, agencies and/or organizations and would like the beaucraitic nonsense of redtape to stop and have the city accountable. Also I have discovered that the city has done more work on the sidewalks to those that paid for it then those that did not, according to the city auditor that is a concern for the ethics commission. In any case i would like to have this topic dissussed in the city counsel meetings as an agenda item. thank you

SPD police officers presented forgery investigation reports is a serious criminal activity. Sacramento City Manager and Office of Public Safety and Accountability Director Director don't investigate and take action against SPD police officer which is protecting the wrong doing SPD police officers. City Manager and OPSA Director violate Sacramento City Code "4.02.030 Brake the Public Trust". Sacramento City Clerk should not dismissed my complaint against Sacramento City Manger and OPSA Director in June 2024.
