Description/Analysis:

Issue: The 12th Street Maintenance District No. 2008-02 (“District”) was formed on August 7, 2008 to provide funding for sidewalk cleaning and landscape maintenance within the District. The City Code requires an annual budget to be presented to the City Council for approval. Approval of the annual budget will authorize the City to collect service fees to provide funding for maintenance of the District in FY2009/10.

Policy Considerations: The annual proceedings are being conducted in accordance with City Code Chapter 3.128. This process is consistent with the City’s Strategic Plan 3-Year Goal to “achieve sustainability and enhance livability.”

Sustainability Considerations: There are no sustainability considerations applicable to the administration of a special district.

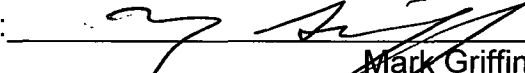

Environmental Considerations: Under California Environmental Quality Act (CEQA) Guidelines, administration and annual maintenance of a special district do not constitute a project and are therefore exempt from review.

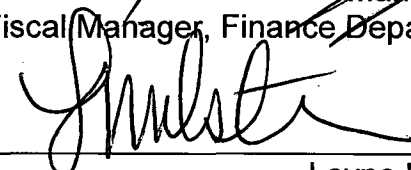

Committee/Commission: None

Rationale for Recommendation: The actions in the recommended Resolutions are required by City Code Chapter 3.128.

Financial Considerations: The proposed service fee will be used to defray expenses associated with the maintenance services and administration provided in the new District. The proposed service fee rate for FY2009/10 will be \$3.36 per linear foot of the property frontage on 12th Street. The total cost of the District for FY2009/10 is \$12,778. The amount charged to the property owners is proposed to be \$269 per year for a typical 80 foot wide parcel. There is no impact to the General Fund.

Emerging Small Business Development (ESBD): City Council approval of these proceedings is not affected by City policy related to the ESBD Program.
