**Description/Analysis**

**Issue:** The City Housing Trust Fund ordinance, which includes the North Natomas Housing Trust Fund, was adopted in 1989 to raise local financing for affordable housing near employment centers. The City Housing Trust Fund is administered by the Sacramento Housing and Redevelopment Agency (Agency).

Pursuant to the Mitigation Fee Act (Government Code 66000 et. seq.), the Agency is required to provide an annual report to City Council on revenue and production generated by the City Housing Trust Fund (HTF). Attachment 1 provides background information on the City Housing Trust Fund. Attachment 2 identifies current and new HTF fee levels for the City and North Natomas. Attachment 3 charts financial information for the funds for 2008, including:

- Beginning and ending balance
- Revenue, including the amount of fees collected, interest earned, and income from loan repayments
- Amount of expenditures for projects and operations
- Amount budgeted, but not expended, for projects
- Balance available for new projects

## Housing Trust Fund Annual Report

Attachment 4 identifies current HTF projects, expenditures, and balance available. For each project the chart also identifies the HTF restricted and total number of housing units, and the loan maturity date. In 2008, expenditures totaling \$715,600 were made for one project with 5 HTF units and 103 total units.

## **Housing Trust Fund Annual Report Background**

The City Housing Trust Fund ordinance, which includes a North Natomas Housing Trust Fund, was adopted in 1989 to provide local financing for affordable housing near employment centers. Fees on non-residential development generate the funds' revenue based on an economic nexus analysis which determined that the construction of commercial projects such as offices, business parks, hotels, warehouses, and shopping centers played a major role in attracting new very low and low income workers to Sacramento.

Due to the jobs/housing linkage, trust funds assist housing likely to be occupied by persons in the labor force. Overall, projects must be located within a seven-mile radius of the employment-generating uses that pay housing trust fund fees. The City's HTF benefits both very low and low income households earning up to 80 percent of the area median income.

In 2001, the City Council amended the City Housing Trust Fund ordinance to allow the use of commercial development impact fees paid into the North Natomas housing trust fund to be used for the same purposes as the citywide fund. Although the amendment integrated the purposes of the funds, it did not change their different fee schedules. The North Natomas fees are based on land use, while the City fees are based on building types.

On October 12, 2004, the City Council approved Ordinance 2004-057 instituting an automatic annual increase for the Housing Trust Fund fee based on changes in the construction cost index. The automatic increase ensures that the Fund keeps pace with housing construction costs. Housing Trust Fund fees will increase on July 1, 2009. Attachment 2 identifies current and new HTF fee levels for the City and North Natomas. The increase is consistent with the City's Strategic Plan goal to increase opportunities for all Sacramento residents to live in safe and affordable housing. It is also consistent with the City's Housing Element goals and policies.
