Honorable Members In Session:

SUBJECT: Erosion Control of LRT Crossing Abutments (PN:RC36) - Project
Approval and Bid Advertisement

SUMMARY

Plans and specifications for this project have been prepared. Approval of the plans and specifications and authorization to advertise for bids is recommended.

BACKGROUND

This project will pave the slope of the bridge abutments adjacent to the Light Rail right-of-way to provide erosion control. The slopes to be paved are located under the bridges at Arden Way, El Camino Avenue and Marconi Avenue.

A Categorical Exemption for this project was filed with the County Clerk of the County of Sacramento on June 23, 1989. The engineer's estimated construction cost is \$116,000.

FINANCIAL DATA

Additional funds will be needed for this project. The estimated total project cost, including all planning, design and construction costs, is \$148,300. The current budget is \$50,000, which was approved in the Capital Improvement Program from Gas Tax funds (202). The funds currently available for this project amount to \$50,000 as of June 12, 1990. It is proposed that the final budgetary recommendation be made following receipt of bids. A non-refundable fee of \$15.00 will be charged for each set of plans and specifications to cover reproduction costs.

City Council
Erosion Control of LRT Crossing Abutments (PN:RC36)

POLICY CONSIDERATIONS

This action is consistent with Chapter 58, Article III, Section 58.301 governing advertising a project for bids.

MBE/WBE EFFORTS

Plans and specifications will be sent to nineteen (19) plan rooms and construction services organizations for publication and use by the construction industry of Northern California. There are four (4) organizations on the distribution list that are directly involved with the MBE/WBE contractors.

RECOMMENDATION

It is recommended that the City Council approve the plans and specifications for this project and authorize the City Clerk to advertise for bids to be received on July 24, 1990.

Respectfully submitted,

THOMAS M. FINLEY
Engineering Division Manager

Recommendation Approved:

WALTER J. SLIPE
City Manager
