City Council
Sacramento, CA

Honorable Members in Session:

SUBJECT: Approval of Plans and Specifications for Water Meter
Retrofit Installations - Phase II (Commercial Accounts Only)

SUMMARY

The Division of Water & Sewers has prepared plans and specifications for the subject project. Approval and call for bids is requested.

BACKGROUND

There are many commercial establishments that are still being served on a flat fee basis contrary to current City policy to meter all commercial accounts. In FY 1980-81 ten existing services received meters as the initial phase to our overall meter retrofit program. Phase II continues this program with an additional 34 commercial services.

FINANCIAL DATA

This project was budgeted in the 1981-82 FY Water Distribution Capital Improvements Budget, 4-13-3030-1516-4080. Estimated cost of construction is \$51,600.

RECOMMENDATION

It is recommended that the plans and specifications be approved and that bids be received on May 11, 1982.

Respectfully submitted,

Robert C. Bitten
Manager

Recommendation approved:

Walter J. Slive
City Manager
