We have examined the balance sheet of the Sacramento Community Center Authority as of June 30, 1974, and the related statements of income and fund balance and of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the Sacramento Community Center Authority at June 30, 1974, and the results of its operations and changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

SACRAMENTO COMMUNITY CENTER AUTHORITY
NOTES TO FINANCIAL STATEMENTS

1. Bonds Payable:

The Authority sold \$19.1 million of Sacramento Community Center Authority 1971 Bonds at par during August, 1971. The total issue is made up of serial bonds and term bonds. The serial bonds, amounting to \$5,475,000 in total, mature in increasing annual principal amounts from \$175,000 in 1975 to \$525,000 in 1991 at interest rates varying from 5.7% to 7%. The term bonds, \$13,625,000 in total, mature in the year 2006 and carry an interest rate of 6.25%. Interest payments due on the bonds are being made from proceeds from the sale of bonds until August 15, 1974.

2. Lease of the Community Center Facilities:

The Authority has leased its facilities to the City of Sacramento from August 1, 1971, to August 1, 2006. The City Engineer of the City of Sacramento certified that the Sacramento Community Center Authority facilities were substantially complete in accordance with the approved plans and specifications on June 20, 1974. On that date, pursuant to Section 4 of the lease agreements, the City elected to take possession and occupy the facilities pending final and full completion of work on the facilities.

The base rental is an annual payment due each August 15 beginning in 1974. The amount of the base rental ranges from \$1,374,750 in 1974 to a high of \$1,467,188 due in the year 2004. The final base rental payment from the City is due August 15, 2005 in the amount of \$1,460,938.

The City is also to pay an additional rental in an amount sufficient to cover:

- a. All taxes and assessments of any type or nature charged to the Authority
- b. All administrative costs of the Authority

4. Commitment of Revenues, continued:

By the terms of the bond resolution, all revenues received by the trustee are to be allocated in the following priorities on or before each August 15 (commencing on August 15, 1974):

- (1) An amount sufficient to pay the aggregate amount of interest becoming due and payable on the outstanding bonds on the next two succeeding interest payment dates is to be deposited in the Interest Fund.
- (2) An amount sufficient to pay the aggregate amount of principal becoming due and payable on the outstanding serial bonds on the next succeeding bond maturity date is to be deposited in a Redemption Fund.

5. Insurance Reserve Fund:

An Insurance Reserve Fund has been established and is to be maintained by the trustee as a result of a contribution of \$500,000 by the City of Sacramento, in accordance with the bond resolution. Payments of moneys from the Insurance Reserve Fund are to be applied in the following manner and in the following order of priority:

- (1) Payment of losses sustained by reason of accident to or destruction of any structure not covered by insurance.
- (2) Payment of the loss of rental income not covered by insurance.
- (3) Payment for the final retirement of bonds outstanding.

Upon discharge of all bonds outstanding, all moneys in the Insurance Reserve Fund are to be distributed by the trustee to the City.

SAM J. BURNS, GENERAL MANAGER

MEMORANDUM

February 27, 1975

To: Richard Rathfon, City Manager
From: Sam J. Burns, Community Center Manager
Subject: Semi-Annual Report

The Sacramento Earl Warren Community Center opened with the fanfare of balloons, smoke and pigeons spreading the tidings on June 29, 1974, at 10:00 a.m. A period of long anticipation and dreams was fulfilled.

During the next week, over one hundred thousand citizens were entertained with exhibits, local talent and performing arts organizations. Since that time, the Center has become the focal point for organizations both large and small, truly a center of activity.

Through the past six months nearly one-half million persons have witnessed events in the Center.

The Theater is acclaimed as one of the very best in the nation by the artists. The local response is evidenced by the "sold out" sign for the Sacramento Symphony and pop concerts such as "The Limelighters", "The Carpenters", and "Peter Nero".

The Exhibit Hall, besides accommodating antique, boat and art shows, has provided space for convention exhibits. We had set to feed as many as five thousand persons for Southern Pacific but only four thousand attended. The largest indoor rock show in Sacramento history was staged when seven thousand attended the "Loggins & Messina Show" in December. Not to be outdone, the Center booked two shows of the "Beach Boys" on a single day and drew a full house of seven thousand at the evening show and three thousand five hundred at the matinee.

The Activity Building is constantly in use with a variety of groups and organizations using the space for meetings, banquets and socials.

Mr. Richard Rathfon
Semi-Annual Report
February 27, 1975
Page Two

Memorial Auditorium has found renewed life in a variety of ways. Ice Follies played Sacramento for the first time and sold out nine performances in advance. This is the first ice show in the city in fourteen years. We have booked minor league professional basketball for a season in the facility. These--besides the regular events of boxing, wrestling, rock concerts--really compliment the total concept of the Community Center.

As a convention center we have been the site of the Northern California Accordion Association, Kiwanis International, State Bar and Judges, Institute in Basic Youth Conflicts, California Rehabilitation Association, International Minority Business Seminar, Governor's Conference on Criminal Justice, and many other multiple day events.

Within the six-month period, we worked two hundred forty six (246) event calendar days. This represents hundreds of activities within the Center.

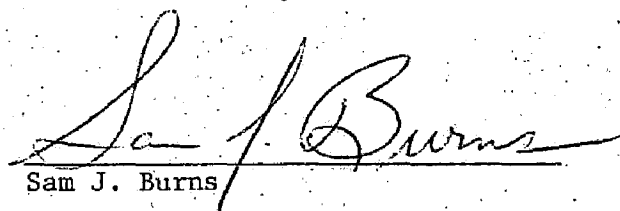

The Center concessionaire, Volume Service, had difficulty getting their liquor license because of protests. After a hearing, the Alcohol Beverage Control Board did grant the license. Because of the lack of alcohol, a loss of revenue will hurt early projections and rentals.

We have a total of eight local caterers who have qualified to provide meal service to the Center guests. This list of caterers has allowed licensees the opportunity to choose the caterer of their choice.

Through the close coordination and efforts of all staff, the events scheduled have received many plaudits from those attendees to the new Center. Because of this, the good reputation of Sacramento is spreading and additional bookings are the reward.

The attached fiscal information elaborates on the monthly breakdown of efforts.

Summary of Community Center
Organization and Budget

Attached for your information are a number of reports prepared during the past year which cover the following subjects:

- ATTACHMENT A: Organizational Chart - showing the relationship of the Community Center to the Convention-Visitors Bureau and the staffing pattern.
- ATTACHMENT B: City Budget - portion adopted for the administration of the "Community Center Department" for fiscal year 1974-75. (Please note that the maintenance costs of the Center are not included in this budget, but rather are merged as part of the Engineering Department's maintenance of all City facilities).
- ATTACHMENT C: Budget Status Report - this report indicates the status of each account as of the end of calendar year 1974. (Please note that a review of the Engineering Department's maintenance costs for the same period which are attributed to the Community Center amounted to \$214,647.09).
- ATTACHMENT D: Financing Annual Lease Rental Payments - this is a series of staff reports presented to the City Council during the past year which resulted in increasing the Transient Occupancy Tax from 5% to 6% and establishing a 2% Admissions Tax on tickets.

Financing sources available for the Community Center complex, which includes the Auditorium, are as follows: the Transient Occupancy Tax, which is pledged to the Community Center by Section 41.35 of the City Code, Rental of Facilities, Rental of Equipment, Revenue from Concessions, and Catering services, and the General Fund until such time as the complex is self-supporting. Another potential source of revenue is an admissions tax. The Council has already received a preliminary report on this tax and some positive action should occur before July 1, 1974.

EXPENDITURE JUSTIFICATION

The amount recommended for Employee Services of \$245,043 includes funding for full year operation of the Community Center complex. Also recommended is the addition of two full-time Event Attendants (\$16,640) and the equivalent of two full-time Receptionists (\$10,000). The request of additional personnel is based on a re-evaluation of facility usage due to the increase in the number of bookings that have been made for fiscal year 1974-75. The additional Event Attendants will be required to provide required supervision during multiple events in the facilities. The Receptionists recommended are needed to provide a focal point for all incoming communications and act as information personnel during events that are conducted at night.

The maintenance personnel required to service and maintain the Community Center are budgeted in Facility Maintenance in order for the City's maintenance program to obtain maximum flexibility and proper coordination. The large net increase in Other Services and Supplies is due primarily for the first bond payment of \$1,374,750 due August 15, 1974. Telephone and telegraph service (\$6,600) is a relatively large expense due to the long distance nature of most calls; printing expense (\$10,000) is relatively high due to the need to develop and provide facility diagrams to users, printed forms for a variety of uses and printed operations policies for users, agents, contractors, producers, et cetera.

Proper promotion of the Community Center requires continuous advertising in trade publications and other media. The amount recommended for this effort is \$50,000, which is the same as allowed in the current budget.

The elimination of certain one-time expenses in the 1973-74 budget partially offsets the new expenses to be incurred in this first year of operation resulting in a net increase of \$948,227 in Other Services and Supplies.

No additional equipment is requested.

The Honorable City Council

Members in Session:

Financing Annual Lease Rental Payment
To Community Center Authority

On May 2, 1974, staff submitted a report to the City Council with recommendations for financing the City's annual lease rental payment to the Community Center Authority for bond retirement. The status of those recommendations and other related matters are discussed below.

Recommendation No. 1: Increase City Hotel-Motel Tax From 5% to 6%

On May 23, 1974, the City Council adopted ordinance No. 3405 accomplishing this recommendation effective July 1, 1974. This increase will produce an estimated additional \$75,000 annually.

Recommendation No. 2: Establish An Admissions Tax for the City

On June 20, 1974, the City Council adopted ordinance No. 3421 providing for an admissions tax effective July 1, 1974. In accordance with an earlier policy decision made on May 23, 1974, this tax is applicable only to events held at the Community Center and Auditorium. This action will produce an estimated additional \$20,000 annually.

Recommendation No. 3: Request the County of Sacramento to Increase Its Hotel-Motel Tax From 5% to 6% and Commit the Increased Revenue to Retirement of Community Center Bonds

On August 26, 1974, the Board of Supervisors adopted ordinance SCC No. 186 accomplishing this recommendation effective January 1, 1975. According to the county, this increase will produce an estimated additional \$43,000 annually.

Recommendation No. 4: Request the County of Yolo to Increase Its Hotel-Motel Tax From 5% to 6% and Commit the Increased Revenues to Retirement of Community Center Bonds

Information from representatives of Yolo County indicates that they will not commit any hotel-motel tax revenue to the retirement of Community Center bonds.

At the Council meeting of May 23, 1974, the staff was instructed to submit a report as to the feasibility of a 10% hotel-motel tax. We believe that a tax of this level would work to the detriment of the hotel-motel industry within the city, discourage the development of a major downtown hotel, and is, in fact, not feasible. Such a tax would be 67% higher than the new 6% rate for the Sacramento unincorporated area and 100% higher than the present 5% rate for the unincorporated area of Yolo County which includes the many hotels and motels in the West Sacramento area. A 10% city tax would definitely encourage people to utilize facilities outside of the city, particularly large convention groups which normally seek accommodations which offer the best financial deal. During 1970 and 1971, the City of Inglewood levied a 10% hotel-motel tax; however, it was reduced to the present 6% level. The prevailing practice in California has been to keep this tax on a parity with the state sales tax which is presently 6%.

Following is a schedule, through 1980, showing the annual lease rental payment due to the Community Center Authority, the projected estimate of available city and county hotel-motel tax, and city admission tax to meet these payments, and the projected surplus or deficit.

Available Financing

<u>Date Payment Due</u>	<u>Amount</u>	<u>City/County Hotel-Motel Tax</u>	<u>Admission Tax</u>	<u>Surplus (Deficit)</u>
Aug. 15, 1974	\$1,374,750	\$1,796,432 (1)	\$ -0-	\$421,682
Aug. 15, 1975	1,387,500	1,121,682 (2)	20,000	(245,818)
Aug. 15, 1976	1,373,500	760,000 (3)	21,000	(592,500)
Aug. 15, 1977	1,384,500	800,000 (3)	22,000	(562,500)
Aug. 15, 1978	1,368,750	840,000 (3)	23,000	(505,750)
Aug. 15, 1979	1,378,000	880,000 (3)	24,000	(474,000)
Aug. 15, 1980	1,385,500	925,000 (3)	25,000	(435,500)

(1) Represents accumulated total to June 30, 1974.

(2) Represents surplus of \$421,682 from August 15, 1974 plus estimated 1974-75 receipts of \$700,000.

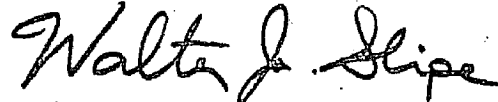

(3) Represents current year revenues only.

As evidenced from the above schedule, even with the increased revenues identified in this report, there will continue to be a significant, but decreasing, annual deficit between hotel-motel tax and admissions tax revenues and lease rental payments for the next several years.

The 1974-75 budget includes \$885,000 of General Fund appropriations for operations and maintenance of the Community Center off-^{ice} set in part by estimated operating revenues of \$550,000 resulting in a net cost to the General Fund of \$335,000. It is anticipated that the net cost to the General Fund for operations and maintenance will decrease in future years as utilization of the facilities is increased.

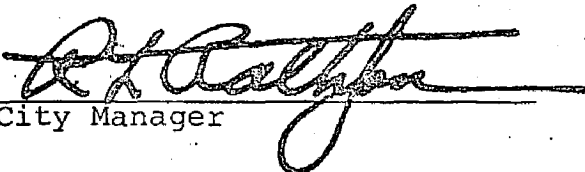

Attached for information is the full schedule of lease rental payments to the Community Center Authority.

Respectfully submitted,

Assistant City Manager
for Community Development

For City Council Information:

City Manager

all events for which an admission ticket is sold, it is estimated that approximately \$125,000 to \$150,000 would be generated annually. This is based on taxing all commercial entertainment such as motion pictures, theatrical performances, athletic contests, horse racing, etc. If the County of Sacramento were also to establish an admissions tax, additional revenue would be generated although there is no estimate of the amount.

Another alternative would be to have the admissions tax apply only to events at the Community and Convention Center. The revenue generated might amount to 20%-25% of the above estimate. The major disadvantage is that the Community Center would be placed at an extreme competitive disadvantage.

3. Request County of Sacramento to Increase Hotel-Motel Tax to 6%, and Commit the Additional Revenue to Retirement of the Community Center Bonds

This action would provide county-wide uniformity of the tax and provide additional revenue. The increase of the County's hotel-motel tax would produce an estimated additional \$40,000-\$50,000 annually.

4. Request County of Yolo to Increase Its Hotel-Motel Tax to 6%, and to Contribute the Additional Revenue to Retirement of the Community Center Bonds

Yolo County is not a member of the joint powers authority which is building the community center although they have imposed a 5% hotel-motel tax.

The majority of motels in Yolo County are located along motel row in West Sacramento immediately adjacent to the City of Sacramento. The area generally will benefit from the activities at the Community Center in terms of motel room occupancy and related spending, particularly by conventioners. Assuming that Sacramento County increases its tax, then a similar action by Yolo County would provide a uniform 6% hotel-motel tax in the entire area serving the Community Center. It is estimated that this action would produce an additional \$10,000-\$15,000 annually.

5. Use of Revenue Sharing Funds for Operations

It is estimated that there will be an operating deficit of \$300,000 for the Community Center during 1974-75. Some of this deficit could be covered by the revenue generated by the City's admission tax and the balance would be absorbed by the General Fund. Revenue sharing funds could be used to cover the difference on a one-time basis. In future years as Community Center

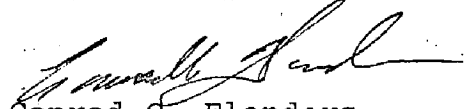

activity increases, there will be additional revenue which will continually reduce the operating deficit to the point where it is eliminated.

RECOMMENDATION

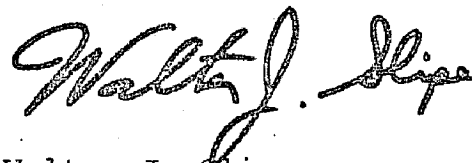

It is recommended that the City Council take the following actions:

1. Set a date to consider adoption of the ordinance increasing the hotel-motel tax from 5% to 6%.
2. Make a policy determination of whether to establish an admission tax or not.
3. Request the Sacramento County Board of Supervisors, also, to increase the hotel-motel tax and commit the additional revenues to the retirement of the Community Center bonds.
4. Request the Yolo County Board of Supervisors to increase their hotel-motel tax and to commit the additional revenue to assist the retirement of the Community Center bonds.

Members in Session:

Community Center Costs and Financing

Councilman Ferrales recently requested a report on Transient Occupancy Tax revenues and the projected financial status of the Community-Convention Center.

During the coming fiscal year (FY 74-75), accumulated transient occupancy taxes will be sufficient to meet the annual rental payment and have a one-time surplus. In the following years, there will be a deficit ranging from \$345,250 to \$674,500. In addition, annual maintenance and operating costs are expected to exceed revenues by approximately \$300,000. The attached report details this situation and suggests actions to be taken.

Recommendation:

It is recommended that the Council instruct the staff to:

- (1) Prepare for Council action an Admissions Tax Ordinance to become effective with the official opening of the Community Center.
- (2) Prepare for Council action an amendment to the present hotel-motel tax ordinance increasing the percentage from 5% to 6% effective April 1, 1974 to coincide with the same increase in the sales tax; and meet with the County to request that it take a similar action.

COMMUNITY CENTER COSTS AND FINANCING

BOND PAYMENTS:

The Project Lease between the City of Sacramento and the Sacramento Community Center Authority requires that the City make annual payments for retirement of the bonds issued to construct the project (attached Exhibit I shows this full schedule). The combined City and County transient occupancy tax revenue is committed to this purpose. The following table shows a comparison between the annual payment required and the estimated transient occupancy tax revenue for each of the next five fiscal years. There is a significant annual deficit of transient occupancy tax revenue after fiscal year 1974-75. Projections beyond five years are not presented; however, it is reasonable to assume that the annual deficit will continue to decrease each year as the tax revenue increases as the combined result of inflation and more hotel-motel rooms.

- (1) Represents accumulated total to June 30, 1974.
- (2) Represents surplus of \$376,250 from August 15, 1974 plus estimated 1974-75 transient occupancy tax revenue of \$666,000.
- (3) Represents current year estimated transient occupancy tax revenue only.

COMMUNITY CENTER OPERATION AND MAINTENANCE:

It is estimated that for the fiscal year 1974-75 it will cost \$850,000 to operate and maintain the Community Center. This figure is split between operations (box office, bookings, events, administration, etc.) \$300,000; and maintenance (janitorial service, utilities, maintenance supplies, staff to provide electrical, paint, and carpenter services, stage hands, set-up personnel, stationary engineers) \$550,000.

It is estimated that for the fiscal year 1974-75 the Community Center will realize approximately \$550,000 in revenue from such sources as auditorium rental, concessions, box office charges.

The following is a summary of estimated 1974-75 operation and maintenance costs and revenue.

Operating Cost	\$300,000
Maintenance Cost	<u>550,000</u>
Total Cost	\$850,000
Less: Revenue	<u>- 550,000</u>
Deficit	(\$300,000)

The situation in future years will depend upon the ability to increase utilization of the facility, thereby increasing revenue, while at the same time maintaining relatively stable operating and maintenance costs. As is the case with any new facility there are substantial costs related to just "opening the doors" and these costs must be absorbed in the initial years while utilization and correspondingly, revenue, is being built up.

CONCLUSIONS:

1. For fiscal year 1974-75, there are sufficient transient occupancy tax funds available to meet the first payment to the Community Center Authority due August 15, 1974.
2. For fiscal year 1974-75, there will be an estimated deficit of \$300,000 in operating revenue to meet operating and maintenance costs.
3. Subsequent to 1974-75, there will be an annual deficit of transient occupancy tax revenue to meet Community Center Authority payment for several years.
4. Subsequent to 1974-75, it is envisioned that within a very few years operating revenue will be sufficient to cover operating and maintenance costs and help defray the payments to the Community Center Authority.

RECOMMENDATION:

It is recommended that the staff be instructed to initiate the following two courses of action:

1. Prepare for Council action an Admissions Tax Ordinance to become effective with the official opening of the Community Center.
2. Prepare for Council action an amendment to the present hotel-motel tax ordinance increasing the percentage from 5% to 6% effective April 1, 1974 to coincide with the same increase in the sales tax; and meet with the County to request that it take a similar action.

Based on the best information available at this time, it is estimated that the above two actions would produce an additional \$200,000-\$250,000 annually.

§ 41.35

TAXATION

§ 41.35

who makes any false or fraudulent report or claim with intent to defeat or evade the determination of any amount due required by this article to be made, is guilty of a misdemeanor and is punishable as aforesaid. (Ord. No. 2577 (4th Series), § 1.)

Sec. 41.35. "Transient Occupancy Tax Fund" created; use of tax receipts.

The assessor-collector shall transmit to the treasurer all moneys, including taxes and penalties, collected by him pursuant to this article for deposit to the credit of a special fund to be known as the "Transient Occupancy Tax Fund," which fund is hereby created and established. The fund shall be a continuing fund and not subject to transfer at the close of the fiscal year. The fund shall be used solely and exclusively for the following purposes:

- (1) Administration of the provisions of this article.
- (2) Acquisition, construction, completion, operation, repair and maintenance of public assembly and convention halls, including convention center, auditorium, and little theater buildings with facilities for convention meetings, and public assemblies (including dramatic and musical performances), public off-street parking facilities and other site improvements related thereto; lands, easements and rights of way; and other works, property or structures necessary or convenient for public assembly and convention halls.
- (3) Expenses in connection with proposals or proceedings for acquisition of the facilities referred to in subsection (2) above.
- (4) Interest and principal payments on bonds issued to acquire any of the facilities referred to in subsection (2) above.
- (5) Lease payments for lease of any of the facilities referred to in subsection (2) above. (Ord. No. 2577 (4th Series), § 1.)

ORDINANCE NO.

FOURTH SERIES

AN ORDINANCE AMENDING SECTION 41.23 OF
ARTICLE IV, CHAPTER 41 OF THE SACRAMENTO
CITY CODE RAISING THE TRANSIENT OCCUPANCY
TAX FROM FIVE TO SIX PERCENT, EFFECTIVE
JULY 1, 1974

BE IT ENACTED BY THE COUNCIL OF THE CITY OF SACRAMENTO:

SECTION 1.

Section 41.23 of Article IV, Chapter 41 of the Sacramento City Code is hereby amended to read as follows:

Sec. 41.23. Tax imposed-Generally.

For the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of five percent of the rent charged by the operator. On and after July 1, 1974, said tax shall be in the amount of six percent of such rent. Such tax constitutes a debt owed by the transient to the city which is extinguished only by payment to the operator or to the city. The transient shall pay the tax to the operator of the hotel at the time the rent is paid. If the rent is paid in installments, a proportionate share of the tax shall be paid with each installment. The unpaid tax shall be due upon the transient's ceasing to occupy space in the hotel. If for any reason the tax due is not paid to the operator of the hotel, the assessor-collector may require that such tax be paid directly to the assessor-collector.

SECTION 2.

This ordinance shall be published once in the official newspaper of the City of Sacramento within 10 days after its passage.

In answer and response to some of the items which do not fall in any category.

1. Chiller lines do have flex couplings. See manufacture catalogue data and Contract Drawings M2-3 "F. C. P's to be Victaulic Style 77 for pipes larger than 4" Diameters. "
2. Power carts should be utilized in lieu of stringing conductors on floors and taping down. #200
3. As-built prints will be returned from Architect upon our contract evaluation and settlement.
4. Ray Cooks service inspection check list should be modified to include all pertinent equipment serviced. Each monthly report should be reviewed and appropriate comments made through the general contractor as to accepting or flagging items not accepted.
5. Activity Building speakers are acceptable as installed - slightly recessed from ceiling.
6. Provide a method behind Theater Elevator #5 louvers to direct water down and away from elevator cab.
7. Activity Building Areaway #03 must be kept open to central plant area #01. If this separation is really a priority item then I would budget for a full louver and screen at Grid Line 89 from BN to BP similar to the Theater air conditioning Equipment Space #01 to Areaway #03.
8. Reports by Springer Associates, fire marshal and boiler inspector have all been resolved. Factory mutuals recent inspection I am not aware of. They have had many in the past with which we've complied. Also verified by our insurance carrier.
