

# CITY OF SACRAMENTO

## DEPARTMENT OF PUBLIC WORKS

ENGINEERING DIVISION

THOMAS M. FINLEY  
Engineering Division Manager

July 1, 1986

City Council  
Sacramento, California

Honorable Members In Session:

**SUBJECT:** Freeport Boulevard Overlay from 4th Avenue to 11th Avenue  
(CC:1452) - Project Approval and Bid Advertisement

### SUMMARY

Plans and specifications for this project have been prepared. Approval of the plans and specifications and authorization to advertise for bids is recommended.

### BACKGROUND

The section of Freeport Boulevard from 4th Avenue to 11th Avenue requires maintenance to prevent further damage to the street. Caltrans has entered into an agreement with the City to reimburse the cost of a petromat and overlay up to a maximum of \$100,000. The engineer's estimated construction cost is \$92,000.

### FINANCIAL

The City Council has not approved any funds for this project. The estimated total project cost, including all planning, design and construction costs, is \$97,000. It is proposed that the source of funds for the project be the Capital Grant Fund (2-48) for \$100,000 which would be reimbursed when Caltrans reimburses the City. However, the final budgetary recommendation will be made following receipt of bids.

**APPROVED**  
BY THE CITY COUNCIL

JUL 1 1986

OFFICE OF THE  
CITY CLERK

City Council  
Freeport Boulevard Overlay (CC:1452)

RECOMMENDATION

It is recommended that the plans and specifications for the Freeport Boulevard Overlay from 4th Avenue to 11th Avenue project be approved and that the City Clerk be authorized to advertise for bids to be received on July 22, 1986.

Respectfully submitted,

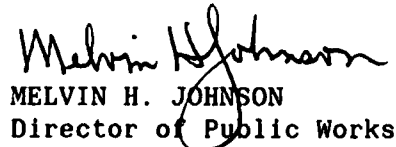

THOMAS M. FINLEY  
Engineering Division Manager
