Honorable Members in Session:

SUBJECT: DEPARTMENT OF HEALTH SERVICES ANNUAL SERVICES FEE

SUMMARY

Passage of Senate Bill 1806 requires each public water system to pay to the Department of Health Services an annual fee based on the number of water service connections. Based on the requirements of this bill and resulting State Code changes, the City's fee for 1990-91 fiscal year is \$55,316.50. It is requested that the City's fee of \$55,316.50 be transferred from Water Fund Contingency to the Water Division's operating budget.

The Budget and Finance Committee approved the resolution at its April 9, 1991 meeting.

BACKGROUND

A detailed report to the Budget and Finance Committee is attached.

Honorable Members in Session:

SUBJECT: DEPARTMENT OF HEALTH SERVICES ANNUAL SERVICES FEE

SUMMARY.

Passage of Senate Bill 1806 requires each public water system to pay to the Department of Health Services an annual fee based on the number of water service connections. Based on the requirements of this bill and resulting State Code changes, the City's fee for 1990-91 fiscal year is \$55,316.50.

It is requested that the City's fee of \$55,316.50 be transferred from Water Fund Contingency to the Water Division's operating budget.

BACKGROUND

Senate Bill 1806 (Roberti), which was approved by the Governor last July, among other things, added a section to the Health and Safety Code which would require the Department of Health Services to charge each public water system serving more than 200 service connections to pay an annual fee to the Department.

The fee is set at a rate of \$0.50 per service connection. Since the City had 110,633 connections, our fee will be \$55,316.50

At the time the FY 1990-91 City budget was being prepared, there had been no public discussion in the Legislature regarding the proposed imposition of such fees; therefore, no funding was requested. However, during the extended State budget stalemate in July,

SB 1806 was amended to include the fees as a budget balancing measure. Due to the last-minute, closed-door nature of the process, the City did not have the opportunity to oppose the bill.

FINANCIAL

The source of the \$55,316.50 would be the Water Contingency Fund (413-310-7012-4999), which has a current balance of \$5,301,000 per the midyear review adopted by Council.

POLICY CONSIDERATIONS

Payment of the \$55,316.50 fee is required by State Law as a result of the passage of SB1806.

MBE/WBE EFFORTS

Not Applicable.

RECOMMENDATION

It is recommended that the Budget and Finance Committee approve the transfer of \$55,316.50 from the Water Fund Contingency to the Water Division's operating budget and forward this report to the full City Council for approval of the attached resolution.
